## About Wrap

Wrap Technologies (Nasdaq: WRAP) is a global leader in innovative public safety technologies and services. Wrap develops creative solutions to complex issues and empowers public safety officials to protect and serve their communities through its portfolio of advanced technology and training solutions.

Wrap's BolaWrap<sup>®</sup> Remote Restraint device is a patented, hand-held pre-escalation and apprehension tool that discharges a Kevlar<sup>®</sup> tether to temporarily restrain uncooperative suspects and persons in crisis from a distance. Through its many field uses and growing adoption by agencies across the globe, BolaWrap is proving to be an effective tool to help law enforcement safely detain persons without injury or the need to use higher levels of

force.

Wrap Reality, the Company's virtual reality training system, is a fully immersive training simulator and comprehensive public safety training platform providing first responders with the discipline and practice in methods of de-escalation, conflict resolution, and use-of-force to better perform in the field.

Wrap's headquarters are in Tempe, Arizona. For more information, please visit [wrap.com](http://wrap.com).
