MicroVision Schedules Conference Call to Discuss First Quarter 2014 Financial and Operating Results

REDMOND, Wash.--(BUSINESS WIRE)-- [MicroVision, Inc.](http://www.microvision.com) (NASDAQ: MVIS), a leader in innovative ultra-miniature projection display technology, today announced it will host a conference call to discuss its first quarter 2014 financial and operating results on Tuesday, May 6, 2014 at 8:30 a.m. ET/5:30 a.m. PT.

Participants may join the conference call by dialing 800-446-1671 (for U.S. participants) or +1-847-413-3362 (for international participants) ten minutes prior to the start of the call. The conference call pass code number is 37176414. A live webcast of the call can be accessed from the company's web site in the [Investor Events Calendar](#) section on the Investor's page. A replay of this call will be available after 8:00 a.m. PT the day of the conference call through the same link or by calling 888-843-7419 (U.S.) or (International) +1-630-652-3042, pass code 37176414#. The call-in replay will be available for one week.

About MicroVision

MicroVision is the creator of PicoP® display technology, an ultra-miniature laser projection solution for mobile consumer electronics, automotive head-up displays and other applications. MicroVision's patented display technology helps OEMs break down display boundaries and offer enhanced visibility to mobile experiences. Nearly two decades of research has led MicroVision to become an independently recognized leader in the development of intellectual property. MicroVision's IP portfolio has been recognized by the Patent Board as a top 50 IP portfolio among global industrial companies and is also included in the Ocean Tomo 300 Patent Index. The company is based in Redmond, Wash.

Forward-Looking Statements

Certain statements contained in this release, including those relating to future product and product applications are forward-looking statements that involve a number of risks and uncertainties. Factors that could cause actual results to differ materially from those projected in the company's forward-looking statements include the following: our ability to raise additional capital when needed; products incorporating our PicoP display engine may not achieve market acceptance, commercial partners may not perform under agreements as anticipated, we may be unsuccessful in identifying parties interested in paying any amounts or amounts we deem desirable for the purchase or license of IP assets, our or our

customers failure to perform under open purchase orders; our financial and technical resources relative to those of our competitors; our ability to keep up with rapid technological change; government regulation of our technologies; our ability to enforce our intellectual property rights and protect our proprietary technologies; the ability to obtain additional contract awards; the timing of commercial product launches and delays in product development; the ability to achieve key technical milestones in key products; dependence on third parties to develop, manufacture, sell and market our products; potential product liability claims; and other risk factors identified from time to time in the company's SEC reports, including the company's Annual Report on Form 10-K filed with the SEC. Except as expressly required by federal securities laws, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changes in circumstances or any other reason.
