Ryan Specialty Announces $300 Million Increase to Share Repurchase Program

CHICAGO--(BUSINESS WIRE)-- Ryan Specialty Holdings, Inc. (NYSE: RYAN) ("Ryan Specialty"), a leading international specialty insurance services firm, today announced that its Board of Directors on May 21, 2026 increased the authorization of its existing share repurchase program for shares of the Company's Class A common stock by $300 million.

As of May 22, 2026, the Company repurchased $260 million of Class A common stock in the second quarter, exhausting its prior authorization of $300 million. After accounting for the increased authorization, there is $300 million of authorization remaining available under the current program.

"The increased authorization of our share repurchase program reflects the Board's ongoing confidence in our long-term strategy," said Patrick G. "We remain committed to strategically investing for the long-term, organically and inorganically, while also purchasing our shares when we believe it to be the best use of our capital."

Share repurchases may be made from time to time on the open market, in privately negotiated transactions, using Rule 10b5-1 trading plans, as accelerated share repurchases, or in any other manner that complies with the applicable securities law. The timing of purchases and number of shares repurchased under the program will depend upon a variety of factors including the Company's stock price, trading volume, working capital or other liquidity requirements, and market conditions. The Company is not obligated to purchase any shares under the program and the program may be suspended or discontinued at any time without notice.
