WisdomTree Recognized as a 2025 Best Places to Work in Money Management by Pensions & Investments for Sixth Consecutive Year

NEW YORK--(BUSINESS WIRE)-- WisdomTree, Inc. (NYSE: WT), a global financial innovator, announced today it has been named a 2025 Best Places to Work in Money Management by *Pensions & Investments* for the sixth consecutive year and the ninth year since the award was created. The 14th annual survey and recognition program is dedicated to identifying and recognizing the best employers in the money management industry. This is the first year WisdomTree has placed first in the large-employer category for managers with 100–499 employees and marks the fourth consecutive year the firm has been recognized among the top five employers.

WisdomTree continues to strengthen its people-first culture through its Work Smart approach, which emphasizes flexibility, autonomy and outcome-driven collaboration. Employees benefit from flexible paid time off (PTO), designated wellness days, robust healthcare coverage, mental health support and an eight-week paid sabbatical after 10 years of service. Recognition programs, such as the Team Alpha Awards, reinforce a culture of appreciation and shared success. Professional development is supported through tuition reimbursement, leadership coaching, technical skills training and cross-functional career pathing. Employee Resource Groups, such as the Women’s Initiative Network (WIN) and the Community and Connection Collective (C3), promote mentorship, inclusion and community building. Together, these programs create an environment where employees can grow both personally and professionally while contributing to WisdomTree’s long-term mission.

Jonathan Steinberg, WisdomTree Founder and CEO, said, “Being recognized again as a ‘Best Place to Work’ is a powerful affirmation of our culture that continues to drive our success. The dedication, creativity and passion of our employees are at the heart of another landmark year for WisdomTree, one in which we reported record AUM, deepened our global capabilities and continued to define the future of digital finance. Our team’s commitment to excellence and innovation is what fuels our momentum. Our collaborative, mission-driven and forward-thinking culture continues to strengthen our business and position us for long-term growth. I am incredibly proud of what we have accomplished together and excited for the future we are shaping as one team.”

“Our recognition as a ‘Best Place to Work’ reflects what I see every single day across WisdomTree: our culture isn’t just an asset, it’s one of our greatest competitive advantages,” said Jarrett Lilien, WisdomTree President and COO. “What sets us apart is the way our people show up for each other, take ownership and consistently strive for better outcomes

with discipline and creativity. Our Work Smart approach has played a significant role in that. We trust our teams, give them room to grow and hold ourselves accountable to high standards. You can feel that mindset in how we collaborate, innovate and execute, whether it's bringing new products to market, deepening client relationships or building our digital and tokenization capabilities. This recognition is really about our people, the way they live our values and the pride they take in the work. It's what keeps us moving forward and what positions us to win over the long term."

Pensions & Investments partnered with Workforce Research Group, a research firm specializing in identifying great places to work, to conduct a two-part survey process of employers and their employees.

The first part consisted of evaluating each nominated company's workplace policies, practices, philosophy, systems and demographics. This part of the process was worth approximately 20% of the total evaluation. The second part consisted of an employee survey to measure the employee experience. This part of the process was worth approximately 80% of the total evaluation. The combined scores determined the top companies.

"As their employees attest, the companies named to this year's 'Best Places to Work' list demonstrate a commitment to building and maintaining a strong workplace culture," said P&I Editor-in-Chief Julie Tatge. "In doing so, they're helping their employees, clients and their businesses succeed."
