## **National Storage Affiliates Trust Reports Second Quarter 2021 Results**

GREENWOOD VILLAGE, Colo. - (BUSINESS WIRE) - National Storage Affiliates Trust ("NSA" or the "Company") (NYSE: NSA) today reported the Company's second quarter 2021 results.

#### Second Quarter 2021 Highlights

- Reported net income of \$35.7 million for the second quarter of 2021, an increase of 100.6% compared to the second quarter of 2020. Reported diluted earnings per share of \$0.25 for the second quarter of 2021 compared to \$0.10 for the second quarter of 2020.
- Reported core funds from operations ("Core FFO") of \$59.7 million, or \$0.55 per share for the second quarter of 2021, an increase of 34.1% per share compared to the second quarter of 2020.
- Reported an increase in same store net operating income ("NOI") of 21.5% for the second quarter of 2021 compared to the same period in 2020, driven by a 16.3% increase in same store total revenues partially offset by an increase of 4.3% in same store property operating expenses.
- Reported same store period-end occupancy of 96.7% as of June 30, 2021, an increase of 720 basis points compared to June 30, 2020.
- Received approximately \$103.7 million of net proceeds from the sale of 2,390,000 common shares under the Company's at the market ("ATM") program during the second quarter of 2021.
- Issued the previously announced \$55.0 million of 3.10% senior unsecured notes due May 4, 2033 in a private placement to certain institutional investors on May 26, 2021.
- Acquired 20 wholly-owned self storage properties for \$269.4 million during the second quarter of 2021.
   Consideration for these acquisitions included the issuance of \$24.1 million of OP equity.

#### **Highlights Subsequent to Quarter-End**

- Acquired seven wholly-owned self storage properties for approximately \$68.6 million.
- Completed an underwritten public offering of 10,120,000 common shares resulting in net proceeds of approximately \$497.4 million.
- Issued the previously announced \$35.0 million of 2.16% senior unsecured notes due May 4, 2026 and \$90.0 million of 3.00% senior unsecured notes due May 4, 2031 on July 26, 2021 in a private placement to certain institutional investors.
- Entered into an agreement on July 9, 2021 with a single lender for an \$88.0 million interest-only secured debt financing that matures in July 2028 and has a fixed interest rate of 2.77%.
- Received commitments in July 2021 from a syndicated group of lenders to increase the total borrowing capacity
  under the Company's credit facility with the addition of a \$100.0 million 5.5-year term loan tranche E.

Tamara Fischer, President and Chief Executive Officer, commented, "2021 continues to be an exceptional year for NSA on all fronts, delivering growth in second quarter same store NOI of 21.5% and investing nearly \$270 million in the acquisition of 20 self storage properties. Our operational results and outlook for the remainder of 2021 give us the confidence to raise our 2021 guidance for Core FFO per share growth to 24.3% at the midpoint and increase our expected range of total acquisitions to be well over \$1.0 billion. We've also taken several steps recently to further strengthen our balance sheet and maintain ample liquidity to fund NSA's outsized growth."

<sup>(1)</sup> Non-GAAP financial measures, including FFO, Core FFO and NOI, are defined in the Glossary in the supplemental financial information and, where appropriate, reconciliations of these measures and other non-GAAP financial measures to their most directly comparable GAAP measures are included in the Schedules to this press release and in the supplemental financial information.

Net income increased \$17.9 million for the second quarter of 2021 and \$29.8 million for the six months ended June 30, 2021 ("year-to-date") as compared to the same periods in 2020. These increases resulted primarily from additional NOI generated from the 80 self storage properties acquired between July 1, 2020 and June 30, 2021 and same store NOI growth, partially offset by increases in depreciation and amortization.

The increases in FFO and Core FFO for the second quarter of 2021 and year-to-date were primarily the result of incremental NOI from properties acquired between July 1, 2020 and June 30, 2021 and same store NOI growth, partially offset by increases in subordinated performance unit distributions.

Year-over-year same store total revenues increased 16.3% for the second quarter of 2021 and 12.2% year-to-date as compared to the same periods in 2020. The increase for the second quarter of 2021 was driven primarily by a 760 basis point increase in average occupancy and a 6.8% increase in average annualized rental revenue per occupied square foot. The year-to-date increase was driven primarily by a 660 basis point increase in average occupancy and a 4.1% increase in average annualized rental revenue per occupied square foot. Markets which generated above portfolio average same store total revenue growth include: Portland, Phoenix, Sarasota and Las Vegas. Markets which generated below portfolio average same store total revenue growth include: Atlanta, Oklahoma City, Dallas and Tulsa.

Year-over-year same store property operating expenses increased 4.3% for the second quarter of 2021 and 2.4% year-to-date as compared to the same periods in 2020. The increases primarily resulted from increases in

personnel expense, property taxes and repairs and maintenance expense offset by decreases in marketing expense.

#### **Investment Activity**

During the second quarter, NSA invested approximately \$269.4 million in the acquisition of 20 self storage properties consisting of approximately 1.7 million rentable square feet configured in approximately 13,700 storage units. Total consideration for these acquisitions included approximately \$243.6 million of net cash, the issuance of approximately \$9.3 million of OP units and \$14.8 million of subordinated performance units and the assumption of approximately \$1.7 million of other liabilities.

#### **Balance Sheet**

On April 8, 2021, Kroll Bond Rating Agency affirmed the issuer credit rating of the Company's operating partnership at BBB and revised its outlook to Positive from Stable.

During the second quarter, the Company entered into agreements to increase the aggregate capacity of its ATM program to \$400.0 million and received approximately \$103.7 million of net proceeds from the sale of 2,390,000 common shares under the ATM program, which included the issuance of common shares prior to the increase in the aggregate capacity of the ATM program. Subsequent to quarter end, the Company received approximately \$40.0 million of net proceeds from the sale of 782,000 common shares under the ATM program. The Company used the net proceeds for self storage property acquisitions and to repay borrowings outstanding under its revolving line of credit. As of August 3, 2021, the Company has approximately \$308.0 million of capacity remaining under its ATM program.

On May 3, 2021, the Company's operating partnership entered into an agreement to issue \$180.0 million of senior unsecured notes, comprised of \$35.0 million of 2.16% senior unsecured notes due May 4, 2026 (the "2026 Notes"), \$90.0 million of 3.00% senior unsecured notes due May 4, 2031 (the "May 2031 Notes") and \$55.0 million of 3.10% senior unsecured notes due May 4, 2033 (the "2033 Notes"). On May 26, 2021 the operating partnership issued the 2033 Notes and on July 26, 2021 the operating partnership issued the 2026 Notes and the May 2031 Notes. The Company used the proceeds to repay outstanding amounts on its revolving line of credit and for general corporate purposes.

On July 9, 2021, the Company entered into an agreement with a single lender for an \$88.0 million debt financing secured by a first lien on eight of the Company's self storage properties. This interest-only loan matures in July 2028 and has a fixed interest rate of 2.77%. The Company used the proceeds to repay outstanding amounts on its revolving line of credit.

In July 2021, NSA completed an underwritten public offering of 10,120,000 common shares, including 1,320,000 common shares sold upon the exercise in full by the underwriters of their option to purchase additional common shares. The shares were issued at a price of \$51.25 per share, resulting in net proceeds of approximately \$497.4 million. The Company used or expects to use the proceeds for self storage property acquisitions, general corporate purposes and to repay borrowings outstanding under its revolving line of credit.

NSA received commitments in July 2021 from a syndicated group of lenders to partially exercise the expansion option under its credit facility by adding an additional \$100.0 million 5.5-year term loan tranche E. The tranche E term loan is expected to close during the third quarter of 2021 and mature in early 2027. The Company plans to use the proceeds for self storage property acquisitions and for general corporate purposes.

#### **Common Share Dividends**

On May 27, 2021, NSA's Board of Trustees declared a quarterly cash dividend of \$0.38 per common share, representing a 15.2% increase from the second quarter 2020. The second quarter 2021 dividend was paid on June 30, 2021 to shareholders of record as of June 15, 2021.

<sup>(1)</sup> Amounts represent distributions declared for subordinated performance unitholders and DownREIT subordinated performance unitholders for the periods presented.

<sup>(2)</sup> NSA combines OP units and DownREIT OP units with common shares because, after the applicable lock-out periods, OP units in the Company's operating partnership are redeemable for cash or, at NSA's option, exchangeable for common shares on a one-for-one basis and DownREIT OP units are also redeemable for cash or, at NSA's option, exchangeable for OP units in the Company's operating partnership on a one-for-one basis, subject to certain adjustments in each case. Subordinated performance units, DownREIT subordinated performance units and LTIP units may also, under certain circumstances, be convertible into or exchangeable for common shares (or other units that are convertible into or exchangeable for common shares). See footnote<sup>(4)</sup> for additional discussion of subordinated performance units, DownREIT subordinated performance units in the calculation of FFO and Core FFO per share and unit.

<sup>(3)</sup> Represents the dilutive effect of the forward offering from the application of the treasury stock method.

Core FFO per share and unit	\$ 0.55	\$	0.41	\$ 1.04	\$ 0.81	

<sup>(4)</sup> Adjustment accounts for the difference between the weighted average number of shares used to calculate diluted earnings per share and the weighted average number of shares used to calculate FFO and Core FFO per share and unit. Diluted earnings per share is calculated using the two-class method for the company's restricted common shares and the treasury stock method for certain unvested LTIP units, and assumes the conversion of vested LTIP units on a one-for-one basis and the hypothetical conversion of subordinated performance units, and DownREIT subordinated performance units into OP units, even though such units may only be convertible into OP units (i) after a lock-out period and (ii) upon certain events or conditions. For additional information about the conversion of subordinated performance units and DownREIT subordinated performance units, see Note 10 to the Company's most recent Annual Report on Form 10-K, filed with the Securities and Exchange Commission. The computation of weighted average shares and units for FFO and Core FFO per share and unit includes all restricted common shares and LTIP units that participate in distributions and excludes all subordinated performance units and DownREIT subordinated performance units because their effect has been accounted for through the allocation of FFO to the related unitholders based on distributions declared.

<sup>(5)</sup> Represents the effect of adjusting the numerator to consolidated net income (loss) prior to GAAP allocations for noncontrolling interests, after deducting preferred share and unit distributions, and before the application of the two-class method and treasury stock method, as described in footnote<sup>(4)</sup>.

<sup>(3)</sup> Balances exclude 252,894 long-term incentive plan ("LTIP") units which only vest and participate in dividend distributions upon the future contribution of properties from the PROs or the completion of expansion projects.

<sup>(4)</sup> If converted balance assumes that each subordinated performance unit (including each DownREIT subordinated performance unit) is convertible into OP units, notwithstanding the two-year lock-out period on conversions for certain series of subordinated performance units, and that each subordinated performance unit would on average convert on a hypothetical basis into an estimated 1.41 OP units based on historical financial information for the trailing twelve months ended June 30, 2021. The hypothetical conversions are calculated by dividing the average cash available for distribution, or CAD, per subordinated performance unit by 110% of the CAD per OP unit over the same period. The Company anticipates that as CAD grows over time, the conversion ratio will also grow, including to levels that may exceed these amounts.

<sup>(1)</sup> Values represent entire unconsolidated real estate ventures at 100%, not NSA's proportionate share. NSA's ownership in each of the unconsolidated real estate ventures is 25%.

<sup>(2)</sup> NSA's proportionate share of its unconsolidated real estate ventures is derived by applying NSA's 25% ownership interest to each line item in the GAAP financial statements of the unconsolidated real estate ventures to calculate NSA's share of that line item. NSA believes this information offers insights into the financial performance of the Company, although the presentation of such information, and its combination with NSA's consolidated results, may not accurately depict the legal and economic so holding a noncontrolling interest in the unconsolidated real estate ventures. The operating agreements of the unconsolidated real estate ventures provide for the distribution of net cash flow to the unconsolidated real estate ventures investors no less than monthly, generally in proportion to the investors' respective ownership interests, subject to a promoted distribution to NSA upon the achievement of certain performance benchmarks by the non-NSA investor.

## Glossary

This Earnings Release and Supplemental Financial Information includes certain financial and operating measures used by NSA management that are not calculated in accordance with accounting principles generally accepted in the United States, or GAAP. NSA's definitions and calculations of these non-GAAP financial and operating measures and other terms may differ from the definitions and methodologies used by other real estate companies and, accordingly, may not be comparable. These non-GAAP financial and operating measures should not be considered an alternative to GAAP net income or any other GAAP measurement of performance and should not be considered an alternative measure of liquidity.

**2016 JOINT VENTURE:** NSA's 2016 Joint Venture was formed in 2016 with a major state pension fund advised by Heitman Capital Management LLC. NSA's ownership in the 2016 Joint Venture is 25% and NSA earns customary fees for managing and operating the 2016 Joint Venture properties. In connection with the 2016 Joint Venture's acquisition of an initial portfolio of self storage properties, NSA separately acquired the property management platform related to the initial portfolio, including a property management company, and related intellectual property, including the iStorage brand, under which NSA's management platform operates the 2016 Joint Venture.

**2018 JOINT VENTURE:** NSA's 2018 Joint Venture was formed in 2018 with an affiliate of Heitman America Real Estate REIT LLC to acquire a portfolio of over 100 self storage properties. NSA's ownership in the 2018 Joint Venture is 25% and NSA earns customary fees for managing and operating the 2018 Joint Venture properties. The 2018 Joint Venture properties are operated by NSA's management platform under NSA's iStorage and SecurCare brands.

**AVERAGE ANNUALIZED RENTAL REVENUE PER OCCUPIED SQUARE FOOT:** Average annualized rental revenue per occupied square foot is computed by dividing annualized rental revenue (including fees and net of any discounts and uncollectible customer amounts) by average occupied square feet.

**AVERAGE OCCUPANCY:** Average occupancy is calculated based on the average of the month-end occupancy immediately preceding the period presented and the month-end occupancies included in the respective period presented.

#### **CAPITAL EXPENDITURES DEFINITIONS**

**ACQUISITIONS CAPITAL EXPENDITURES:** Acquisitions capital expenditures represents the portion of capital expenditures capitalized during the current period that were identified and underwritten prior to a property's acquisition.

**RECURRING CAPITAL EXPENDITURES:** Recurring capital expenditures represents the portion of capital expenditures that are deemed to replace the consumed portion of acquired capital assets and extend their useful lives.

**VALUE ENHANCING CAPITAL EXPENDITURES:** Value enhancing capital expenditures represents the portion of capital expenditures that are made to enhance the revenue and value of an asset from its original purchase condition.

**EBITDA:** NSA defines EBITDA as net income (loss), as determined under GAAP, plus interest expense, loss on early extinguishment of debt, income taxes, depreciation and amortization expense and the Company's share of unconsolidated real estate venture depreciation and amortization. NSA defines **ADJUSTED EBITDA** as EBITDA plus acquisition costs, organizational and offering expenses, equity-based compensation expense, losses on sale of properties and impairment of long-lived assets, minus gains on sale of properties and debt forgiveness, and after adjustments for unconsolidated partnerships and joint ventures. These further adjustments eliminate the impact of items that the Company does not consider indicative of its core operating performance. In evaluating EBITDA and Adjusted EBITDA, you should be aware that in the future the Company may incur expenses that are the same as or similar to some of the adjustments in this presentation. NSA's presentation of EBITDA and Adjusted EBITDA should not be construed as an inference that its future results will be unaffected by unusual or non-recurring items.

NSA presents EBITDA and Adjusted EBITDA because the Company believes they assist investors and analysts in comparing the Company's performance across reporting periods on a consistent basis by excluding items that the Company does not believe are indicative of its core operating performance. EBITDA and Adjusted EBITDA have limitations as an analytical tool. Some of these limitations are:

- EBITDA and Adjusted EBITDA do not reflect the Company's cash expenditures, or future requirements, for capital expenditures, contractual commitments or working capital needs;
- EBITDA and Adjusted EBITDA do not reflect the significant interest expense, or the cash requirements necessary to service interest or principal payments, on the Company's debts;
- although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and EBITDA and Adjusted EBITDA do not reflect any cash requirements for such replacements;
- Adjusted EBITDA excludes equity-based compensation expense, which is and will remain a key element of
  the Company's overall long-term incentive compensation package, although the Company excludes it as an
  expense when evaluating its ongoing operating performance for a particular period;
- EBITDA and Adjusted EBITDA do not reflect the impact of certain cash charges resulting from matters the Company considers not to be indicative of its ongoing operations; and
- other companies in NSA's industry may calculate EBITDA and Adjusted EBITDA differently than NSA does, limiting their usefulness as comparative measures.

NSA compensates for these limitations by considering the economic effect of the excluded expense items independently as well as in connection with the Company's analysis of net income (loss). EBITDA and Adjusted EBITDA should be considered in addition to, but not as a substitute for, other measures of financial performance reported in accordance with GAAP, such as total revenues and net income (loss).

FUNDS FROM OPERATIONS: Funds from operations, or FFO, is a widely used performance measure for real estate companies and is provided here as a supplemental measure of the Company's operating performance. The December 2018 Nareit Funds From Operations White Paper - 2018 Restatement, which the Company refers to as the White Paper, defines FFO as net income (as determined under GAAP), excluding: real estate depreciation and amortization, gains and losses from the sale of certain real estate assets, gains and losses from change in control, mark-to-market changes in value recognized on equity securities, impairment write-downs of certain real estate assets and impairment of investments in entities when it is directly attributable to decreases in the value of depreciable real estate held by the entity and after items to record unconsolidated partnerships and joint ventures on the same basis. Distributions declared on subordinated performance units and DownREIT subordinated performance units represent NSA's allocation of FFO to noncontrolling interests held by subordinated performance unitholders and DownREIT subordinated performance unitholders. For purposes of calculating FFO attributable to common shareholders, OP unitholders, and LTIP unitholders, NSA excludes distributions declared on subordinated performance units, DownREIT subordinated performance units, preferred shares and preferred units. NSA defines CORE FFO as FFO, as further adjusted to eliminate the impact of certain items that the Company does not consider indicative of its core operating performance. These further adjustments consist of acquisition costs, organizational and offering costs, gains on debt forgiveness, gains (losses) on early extinguishment of debt, and after adjustments for unconsolidated partnerships and joint ventures.

Management uses FFO and Core FFO as key performance indicators in evaluating the operations of NSA's properties. Given the nature of NSA's business as a real estate owner and operator, the Company considers FFO and Core FFO as key supplemental measures of its operating performance that are not specifically defined by GAAP. NSA believes that FFO and Core FFO are useful to management and investors as a starting point in measuring the Company's operational performance because FFO and Core FFO exclude various items included in net income (loss) that do not relate to or are not indicative of the Company's operating performance such as gains (or losses) from sales of self storage properties and depreciation, which can make periodic and peer analyses of operating performance more difficult. NSA's computation of FFO and Core FFO may not be comparable to FFO reported by other REITs or real estate companies.

FFO and Core FFO should be considered in addition to, but not as a substitute for, other measures of financial performance reported in accordance with GAAP, such as total revenues, operating income and net income (loss). FFO and Core FFO do not represent cash generated from operating activities determined in accordance with GAAP and are not a measure of liquidity or an indicator of NSA's ability to make cash distributions. NSA believes that to further understand the Company's performance, FFO and Core FFO should be compared with the Company's reported net income (loss) and considered in addition to cash flows computed in accordance with GAAP, as presented in the Company's consolidated financial statements.

HYPOTHETICAL LIQUIDATION AT BOOK VALUE METHOD: In accordance with GAAP, the Company allocates income (loss) utilizing the hypothetical liquidation at book value ("HLBV") method, in which the Company allocates

income or loss based on the change in each unitholders' claim on the net assets of the Company's operating partnership at period end after adjusting for any distributions or contributions made during such period. The Company uses this method because of the difference between the distribution rights and priorities set forth in the operating partnership's Agreement of Limited Partnership and what is reflected by the underlying percentage ownership interests of the unitholders.

The HLBV method is a balance sheet-focused approach to income (loss) allocation. A calculation is prepared at each balance sheet date to determine the amount that unitholders would receive if the operating partnership were to liquidate all of its assets (at GAAP net book value) and distribute the resulting proceeds to its creditors and unitholders based on the contractually defined liquidation priorities. The difference between the calculated liquidation distribution amounts at the beginning and the end of the reporting period, after adjusting for capital contributions and distributions, is used to derive each unitholder's share of the income (loss) for the period. Due to the stated liquidation priorities and because the HLBV method incorporates non-cash items such as depreciation expense, in any given period, income or loss may be allocated disproportionately to unitholders as compared to their respective ownership percentage in the operating partnership, and net income (loss) attributable to National Storage Affiliates Trust could be more or less net income than actual cash distributions received and more or less income or loss than what may be received in the event of an actual liquidation. Additionally, the HLBV method could result in net income (or net loss) attributable to National Storage Affiliates Trust during a period when the Company reports consolidated net loss (or net income), or net income (or net loss) attributable to National Storage Affiliates Trust in excess of the Company's consolidated net income (or net loss). The computations of basic and diluted earnings (loss) per share may be materially affected by these disproportionate income (loss) allocations, resulting in volatile fluctuations of basic and diluted earnings (loss) per share. Readers and investors are cautioned not to place undue reliance on NSA's income (loss) allocations or earnings (loss) per share without considering the effects described above, including the effect that depreciation and amortization have on income (loss), net book value and the application of the HLBV method.

**LONG-TERM INCENTIVE PLAN UNITS:** Long-term incentive plan units, or LTIP units, are a special class of partnership interest in NSA's operating partnership that allow the holder to participate in the ordinary and liquidating distributions received by holders of the operating partnership units (subject to the achievement of specified levels of profitability by our operating partnership or the achievement of certain events). Upon vesting, and after achieving parity with operating partnership units, vested LTIP units may be converted into an equal number of operating partnership units, and thereafter have all the rights of operating partnership units, including redemption rights.

**NET DEBT TO ANNUALIZED CURRENT QUARTER ADJUSTED EBITDA:** NSA calculates net debt to Adjusted EBITDA as total debt (inclusive of \$5.2 million of fair value of debt adjustments and \$10.2 million of debt issuance costs) less cash and cash equivalents, divided by annualized current quarter Adjusted EBITDA.

**NET OPERATING INCOME:** Net operating income, or NOI, represents rental revenue plus other property-related revenue less property operating expenses. NOI is not a measure of performance calculated in accordance with GAAP.

NSA believes NOI is useful to investors in evaluating the Company's operating performance because:

- NOI is one of the primary measures used by NSA's management and the Company's PROs to evaluate the
  economic productivity of the Company's properties, including the Company's ability to lease its properties,
  increase pricing and occupancy and control the Company's property operating expenses;
- NOI is widely used in the real estate industry and the self storage industry to measure the performance and
  value of real estate assets without regard to various items included in net income that do not relate to or are
  not indicative of operating performance, such as depreciation and amortization, which can vary depending
  upon accounting methods, the book value of assets, and the impact of NSA's capital structure; and
- NSA believes NOI helps the Company's investors to meaningfully compare the results of its operating
  performance from period to period by removing the impact of the Company's capital structure (primarily
  interest expense on the Company's outstanding indebtedness) and depreciation of the cost basis of NSA's
  assets from its operating results.

There are material limitations to using a non-GAAP measure such as NOI, including the difficulty associated with comparing results among more than one company and the inability to analyze certain significant items, including depreciation and interest expense, that directly affect the Company's net income (loss). NSA compensates for these limitations by considering the economic effect of the excluded expense items independently as well as in connection with the Company's analysis of net income (loss). NOI should be considered in addition to, but not as a

substitute for, other measures of financial performance reported in accordance with GAAP, such as total revenues and net loss.

**NET OPERATING INCOME MARGIN:** The ratio of NOI divided by total rental and other property-related revenue.

**NON-SAME STORE PORTFOLIO:** Non-same store portfolio comprises those properties that do not meet the Same Store portfolio property definition.

**OCCUPANCY AT PERIOD END:** Represents total occupied rentable square feet divided by total rentable square feet at period end.

**OPERATING PARTNERSHIP UNITS:** Operating partnership units, or OP Units, are Class A common units of limited partner interest in the Company's operating partnership which are economically equivalent to NSA's common shares. NSA also owns certain of the Company's self storage properties through other consolidated limited partnership subsidiaries of the Company's operating partnership, which the Company refers to as "DownREIT partnerships." The DownREIT partnerships issue certain units of limited partner or limited liability company interest that are intended to be economically equivalent to the Company's OP units, which the Company defines as **DOWNREIT OPERATING PARTNERSHIP UNIT EQUIVALENTS**, or DownREIT OP units.

**PROs:** Participating regional operators, or "PROs", are NSA's experienced regional self storage operators with local operational focus and expertise. As of June 30, 2021, the Company had ten PROs: Northwest Self Storage, Optivest Properties, Guardian Storage Centers, Move It Self Storage, Storage Solutions, Hide-Away, Personal Mini, Southern Self Storage, Moove In Self Storage and Blue Sky Self Storage.

**RENTABLE SQUARE FEET:** Rentable square feet includes all enclosed self storage units but excludes commercial, residential, and covered parking space.

**RESTRICTED COMMON SHARES:** Restricted common shares are common shares that are subject to restrictions on transferability subject to vesting and such other restrictions. Generally, a participant granted restricted common shares has all of the rights of a shareholder, including, without limitation, the right to vote and the right to receive dividends on the restricted common shares. Holders of restricted common shares are prohibited from selling such shares until they vest.

**SAME STORE PORTFOLIO:** NSA's same store portfolio is defined as those properties owned and operated on a stabilized basis since the first day of the earliest year presented. The Company considers a property to be stabilized once it has achieved an occupancy rate that is representative of similar properties in the applicable market. NSA excludes any properties sold, expected to be sold or subject to significant changes such as expansions or casualty events which cause the portfolio's year-over-year operating results to no longer be comparable.

SUBORDINATED PERFORMANCE UNITS: Subordinated performance units, or SP Units, are Class B common units of limited partner interest in the Company's operating partnership. SP units, which are linked to the performance of specific contributed portfolios, are intended to incentivize the Company's PROs to drive operating performance and support the sustainability of the operating cash flow generated by the contributed self storage properties that the PROs continue to manage on NSA's behalf. Because subordinated performance unit holders receive distributions only after portfolio-specific minimum performance thresholds are satisfied, the Company believes SP units play a key role in aligning the interests of the Company's PROs with NSA and the Company's shareholders. The DownREIT partnerships also issue units of limited partner interest that are intended to be economically equivalent to the Company's SP units, which the Company defines as DOWNREIT SUBORDINATED PERFORMANCE UNIT EQUIVALENTS, or DownREIT SP units.
