Forward-Looking Statements

The statements in this news release state the company's and management's intentions, beliefs, expectations or projections of the future and are forward-looking statements. It is important to note that the company's actual results could differ materially from those projected in such forward-looking statements. Factors which may cause actual results to differ materially from current expectations include, but are not limited to (i) general adverse economic and local real estate conditions, (ii) the inability of major tenants to continue paying their rent obligations due to bankruptcy, insolvency or a general downturn in their business, (iii) financing risks, such as the inability to obtain equity, debt or other sources of financing or refinancing on favorable terms, (iv) the company's ability to raise capital by selling its assets, (v) changes in governmental laws and regulations, (vi) the level and volatility of interest rates and foreign currency exchange rates and management's ability to estimate the impact thereof, (vii) risks related to our international operations, (viii) the availability of suitable acquisition, disposition and redevelopment opportunities, (ix) valuation and risks related to our joint venture and preferred equity investments, (x) valuation of marketable securities and other investments, (xi) increases in operating costs, (xii) changes in the dividend policy for the company's common stock, (xiii) the reduction in the company's income in the event of multiple lease terminations by tenants or a failure by multiple tenants to occupy their premises in a shopping center, (xiv) impairment charges and (xv) unanticipated changes in the company's intention or ability to prepay certain debt prior to maturity and/or hold certain securities until maturity. Additional information concerning factors that could cause actual results to differ materially from those forward-looking statements is contained from time to time in the company's Securities and Exchange Commission filings. Copies of each filing may be obtained from the company or the Securities and Exchange Commission.

The company refers you to the documents filed by the company from time to time with the Securities and Exchange Commission, specifically the section titled "Risk Factors" in the company's Annual Report on Form 10-K for the year ended December 31, 2014, as may be updated or supplemented in the company's Form 10-Q filings, which discuss these and other factors that could adversely affect the company's results.

Kimco Realty Announces First Quarter 2015 Operating Results - Strong Portfolio Fundamentals Fuel 8.8% Increase in FFO Per Diluted Share; Company Raises Full Year 2015 FFO Guidance

NEW HYDE PARK, New York, May 6, 2015 -- Kimco Realty Corp. (NYSE: KIM) today reported results for the first quarter ended March 31, 2015.

Highlights and Subsequent Activity

- FFO per diluted share increased 8.8% for the first quarter over the comparable 2014 period; FFO as adjusted per diluted share increased 5.9% during the same period;
- U.S. and combined portfolio occupancy each increased to 95.7%, representing an improvement of 100 basis points and 120 basis points, respectively, from the first quarter of 2014;
- U.S. Pro-rata rental-rate leasing spreads increased 10.1% driven by a 19.1% increase in the rental rates for new leases;
- Raised \$1.0 billion of capital; closed a \$650 million unsecured term loan priced at 95 basis points over LIBOR and issued a new \$350 million 30-year unsecured bond with a coupon of 4.25%;
- After quarter end, sold 6.4 million shares of SUPERVALU INC. (NYSE:SVU) common stock resulting in a gain on sale of approximately \$32.4 million that will be recognized in the second quarter of 2015; and
- Company announces executive promotions:
 - Ross Cooper, Executive Vice President, Chief Investment Officer
 - David Jamieson, Executive Vice President, Asset Management and Operations

Financial Results

Net income available to common shareholders for the first quarter of 2015 was \$295.8 million, or \$0.71 per diluted share, compared to \$72.4 million, or \$0.18 per diluted share, for the first quarter of 2014. Net income available to common shareholders during the first quarter of 2015 included \$237.8 million of gains on the sales of operating properties and \$5.6 million of impairments attributable to the sale or pending disposition of operating properties. This compares to \$32.8 million of gains on the sales of operating properties and \$12.8 million of impairments attributable to the sale or pending disposition of operating properties during the first quarter of 2014. Both operating property impairments and gains on sales are excluded from the calculation of FFO.

FFO, a widely accepted supplemental measure of REIT performance, was \$153.5 million, or \$0.37 per diluted share, for the first quarter of 2015 compared to \$138.4 million, or \$0.34 per diluted share, for the first quarter of 2014.

FFO as adjusted, which excludes the effects of non-operating impairments and transactional income and expenses, was \$147.2 million, or \$0.36 per diluted share, for the first quarter of 2015 compared to \$140.8 million, or \$0.34 per diluted share, for the first quarter of 2014.

A reconciliation of net income to FFO and FFO as adjusted is provided in the tables accompanying this press release.

Operating Results

First quarter 2015 shopping center portfolio operating results demonstrate continuous progress and reflect the positive impact from the company's portfolio transformation efforts:

- Pro-rata occupancy in the U.S. and combined portfolios (including Canada and Latin America) each ended the quarter at 95.7%, representing increases of 100 basis points and 120 basis points, respectively, over the first quarter of 2014;
- U.S. shopping center portfolio pro-rata occupancy for anchor space (10,000 square feet and greater) was 98.2%, a 60 basis point increase from the first quarter of 2014. The pro-rata occupancy for small shop space increased 260 basis points to 88.2% during this same period;
- U.S. same-property NOI increased 3.2% compared to the same period in 2014; and
- U.S. pro-rata rental-rate leasing spreads increased 10.1%; rental rates on new leases increased 19.1%, and rental rates for renewals/options increased 8.1%.

Kimco reports same-property NOI on a cash basis, excluding lease termination fees and including charges for bad debts. A reconciliation of income from continuing operations to combined same-property NOI and U.S. same-property NOI is provided in the tables accompanying this press release.

Investment Activity

The company continues to upgrade its portfolio by replacing weaker assets with high-quality acquisitions. Since the company initiated its portfolio transformation in September 2010, Kimco has acquired 183 properties for a gross amount of \$4.8 billion while selling 240 properties totaling \$2.2 billion. The result has been a dramatic upgrade and repositioning of the company's portfolio with fewer properties overall but with larger, higher-quality assets in key long-term growth markets.

Acquisitions:

As previously announced, in the first quarter the company continued its focus on premium acquisitions by purchasing 41 high quality shopping centers and four adjacent parcels at existing Kimco Tier 1 centers totaling approximately 6.0 million square feet for a gross purchase price of approximately \$1.5 billion (Kimco's pro-rata share of the purchase price was \$995.3 million). First quarter acquisitions included:

- **Kimstone Portfolio:** Acquired the remaining 66.7% interest in the 39-property Kimstone portfolio from its joint venture partner, a subsidiary of Blackstone Real Estate Partners VII. Kimco paid \$925 million for this first-class portfolio based on a gross value of \$1.4 billion. The portfolio boasts an average household income of \$93,000 within a three-mile radius and an average base rent per square foot of \$15.88, both of which exceed Kimco's current portfolio averages.
- **Copperfield Village:** Acquired a 165,000-square-foot grocery-anchored center for \$39.5 million in the affluent and densely populated Copperfield Master Planned Community of Houston, Texas with 146,000 residents within a three-mile radius. This 97.1% occupied property is situated directly across from two existing Kimco shopping centers, Copperwood Village and The Centre at Copperfield, and features several well-known national and regional anchors including Sprouts Farmers Market, Ross Dress for Less, Five Below and Panera Bread.

- **Tier 1 Expansions:** Acquired four separate improved parcels adjacent to existing Kimco Tier 1 shopping centers in Sterling, Va., Miami, Fla., Cherry Hill, N.J. and Columbia, Md. as well as the remaining 50% interest in a Tier 1 property in Elmont, N.Y. from an existing joint venture partner. The gross purchase price of these investments totaled \$33.7 million.

In addition, as part of a previously announced exchange transaction, Kimco will acquire the remaining 80% interest in the 465,000-square-foot **Montgomery Plaza** shopping center (Dallas-Fort Worth-Arlington MSA) from RioCan Real Estate Investment Trust (RioCan) for \$58.3 million based upon a gross value of \$72.9 million. Montgomery Plaza is anchored by Super Target (shadow anchor), Marshalls, Ross Dress for Less, PetSmart, and Michaels, and also features two luxury residential condo towers offering the potential to add additional density in the future. This transaction is expected to close during 2015.

Dispositions:

As previously announced, dispositions for the first quarter of 2015 totaled \$302.4 million (Kimco's pro-rata share of dispositions was \$187.4 million):

Kimco sold ownership interests in six U.S. properties (five wholly owned) during the first quarter totaling 832,000 square feet for a gross sales price of \$54.1 million. These properties had an average pro-rata base rent of \$7.32 per sq. ft. and a median household income of \$54,000 within a three-mile radius, both of which are substantially below Kimco's portfolio averages. The company's pro-rata share from these sales was \$34.4 million.

Also, as previously announced, Kimco sold its 50% ownership interest in three Canadian shopping centers to RioCan, in two separate transactions, for a gross sales price of \$190.7 million, including \$39.7 million of debt. Two of the properties sold, Brentwood Village (Calgary, Alberta) and Grand Park (Mississauga, Ontario), were part of the aforementioned exchange transaction. The third Canadian property sold to RioCan was Leaside Centre (Toronto, Ontario) for \$52.6 million.

During the quarter, the company sold 37 net-leased restaurant properties for a gross sales price of \$57.6 million.

In addition, Kimco is currently negotiating contracts for the sale of 26 properties for a gross sales price of approximately \$231.5 million and is planning to market an additional 32 properties for sale.

SUPERVALU, Inc.

Subsequent to quarter end, the company sold 6.4 million shares of SUPERVALU Inc. (NYSE: SVU) common stock. As a result of this transaction, Kimco received approximately \$58.6 million in net proceeds and will recognize a gain on sale of approximately \$32.4 million, or \$0.08 per diluted share, which will be included in the company's second quarter 2015 reported FFO but excluded from the calculation of FFO as adjusted. After this sale, Kimco still holds 1.8 million shares of SUPERVALU Inc. (NYSE: SVU) common stock.

Capital Activities

In January, the company closed on a new \$650 million unsecured term loan priced at LIBOR plus 95 basis points. Proceeds were used to repay an existing \$400 million unsecured term loan with the remaining proceeds used for general corporate purposes. The new loan is scheduled to mature on January 30, 2017, with three additional one-year options to extend the maturity date, at Kimco's discretion, to January 30, 2020.

In March, the company issued \$350 million of notes due on April 1, 2045 at a coupon of 4.25%. The net proceeds of approximately \$342.7 million were used for general corporate purposes, including the pre-funding of \$184.2 million of mortgage debt (weighted average interest rate of 5.14%) and two unsecured senior notes totaling \$250 million (weighted average interest rate of 5.45%) maturing during the remainder of 2015.

2015 Guidance

Kimco has increased its 2015 full-year guidance range for FFO, FFO as adjusted and transactional income, net, as follows:

	<u>Revised Guidance</u>	<u>Previous Guidance</u>
FFO (per diluted share):	\$1.50 - \$1.55	\$1.45 - \$1.53
FFO as adjusted (per diluted share):	\$1.42 - \$1.45	\$1.40 - \$1.44
Transactional Income, net	\$33 million - \$41 million	\$20 million - \$38 million

The company's 2015 full-year operational guidance range for occupancy, same-property NOI, acquisitions and dispositions remain as follows:

U.S. Portfolio Occupancy	+25 to +50 basis points
U.S. Same-Property NOI	+3.00% to +3.50%
Acquisitions (Kimco share)	\$1.1 billion - \$1.3 billion
Dispositions (Kimco share)	\$550 million - \$750 million

Dividend Declarations

Kimco's board of directors declared a quarterly cash dividend of \$0.24 per common share, payable on July 15, 2015, to shareholders of record on July 6, 2015, representing an ex-dividend date of July 1, 2015.

The board of directors also declared quarterly dividends with respect to the company's various series of cumulative redeemable preferred shares (Class H, Class I, Class J and Class K). All dividends on the preferred shares will be paid on July 15, 2015, to shareholders of record on July 2, 2015, with an ex-dividend date of June 30, 2015.

Executive Management Promotions

The company's board of directors has named Ross Cooper and David Jamieson Executive Vice Presidents.

Ross Cooper was promoted to Executive Vice President, Chief Investment Officer. Mr. Cooper, who has been with the company since 2006, previously held the title of Senior Vice President, Investments after

serving as Vice President, Acquisitions, Dispositions and Asset Management for Kimco's Southeast Region. In his new capacity, Mr. Cooper will oversee the company's acquisition and disposition strategy.

David Jamieson has been promoted to Executive Vice President, Asset Management and Operations. He has been with Kimco since 2007, most recently as Senior Vice President, Asset Management and, previously, as Vice President, Asset Management and Leasing for Kimco's Western Region. In his new role, Mr. Jamieson is responsible for the company's long-term asset management strategy with a focus on identifying, developing and implementing opportunistic value creation initiatives that optimize the overall performance of the Kimco portfolio.

Combined Same Property Net Operating Income ("Combined Same Property NOI") is a supplemental non-GAAP financial measure of real estate companies' operating performance and should not be considered an alternative to net income in accordance with GAAP or as a measure of liquidity. Combined Same Property NOI is considered by management to be an important performance measure of Kimco's operations and management believes that it is frequently used by securities analysts and investors as a measure of Kimco's operating performance because it includes only the net operating income of properties that have been owned for the entire current and prior year reporting periods including those properties under redevelopment and excludes properties under development and pending stabilization. As such, Combined Same Property NOI assists in eliminating disparities in net income due to the development, acquisition or disposition of properties during the particular period presented, and thus provides a more consistent performance measure for the comparison of Kimco's properties.

Combined Same Property NOI is calculated using revenues from rental properties (excluding straight-line rents, lease termination fees and above/below market rents) less operating and maintenance expense, real estate taxes, rent expense and the impact for foreign currency, plus Kimco's proportionate share of Combined Same Property NOI from unconsolidated real estate joint ventures, calculated on the same basis. Combined Same Property NOI includes all properties that are owned for the entire current and prior year reporting periods and excludes properties under development and properties pending stabilization. Properties are deemed stabilized at the earlier of (i) reaching 90% leased or (ii) one year following a project's inclusion in operating real estate.

Projections involve numerous assumptions such as rental income (including assumptions on percentage rent), interest rates, tenant defaults, occupancy rates, foreign currency exchange rates (such as the US-Canadian rate), selling prices of properties held for disposition, expenses (including salaries and employee costs), insurance costs and numerous other factors. Not all of these factors are determinable at this time and actual results may vary from the projected results, and may be above or below the range indicated. The above range represents management's estimate of results based upon these assumptions as of the date of this press release.

(1) Reflects the potential impact if certain units were converted to common stock at the beginning of the period. Funds from operations would be increased by \$785 and \$733 for the quarters ended March 31, 2015 and 2014, respectively.

FFO is a widely accepted supplemental measure of REIT performance with the standards established by the National Association of Real Estate Investment Trusts (NAREIT). Given the company's business as a real estate owner and operator, Kimco believes that FFO and FFO as adjusted is helpful to investors as a measure of its operating performance. NAREIT defines FFO as net income/(loss) attributable to common shareholders computed in accordance with generally accepted accounting principles, excluding (i) gains or losses from sales of operating real estate assets and (ii) extraordinary items, plus (iii) depreciation and amortization of operating properties and (iv) impairment of depreciable real estate and in substance real estate equity investments. Included in these items are also the company's share of unconsolidated real estate joint ventures and partnerships. FFO as adjusted excludes the effects of non-operating impairments, transactional income and expenses.

Reconciliation of Non-GAAP Financial Measures

Important note regarding Non-GAAP financial measures

It is important to note that throughout this presentation management makes references to non-GAAP financial measures, an example of which is Funds From Operations (“FFO”).

Funds From Operations (“FFO”) is a supplemental non-GAAP measure utilized to evaluate the operating performance of real estate companies. The National Association of Real Estate Investment Trusts (“NAREIT”) defines FFO as net income/(loss) attributable to common shareholders computed in accordance with generally accepted accounting principles (“GAAP”), excluding (i) gains or losses from sales of operating real estate assets and (ii) extraordinary items, plus (iii) depreciation and amortization of operating properties and (iv) impairment of depreciable real estate and in substance real estate equity investments and (v) after adjustments for unconsolidated partnerships and joint ventures calculated to reflect funds from operations on the same basis.

Given the nature of the company's business as a real estate owner and operator, the company believes that FFO is helpful to investors as a measure of its operational performance and FFO is a widely recognized measure in the company's industry. FFO does not represent cash generated from operating activities determined in accordance with GAAP, and should not be considered as an alternative to net cash flows from operating activities (determined in accordance with GAAP), as a measure of our liquidity, or as an indicator of our ability to make cash distributions. In addition, the comparability of the company's FFO with the FFO reported by other REITs may be affected by the differences that exist regarding certain accounting policies relating to expenditures for repairs and other recurring items.

FFO does not represent cash generated from operating activities in accordance with generally accepted accounting principles and therefore should not be considered an alternative for net income as a measure of liquidity. In addition, comparability of the Company's FFO with the FFO reported by other REITs may be affected by the differences that exist regarding certain accounting policies relating to expenditures for repairs and other recurring items. The Company also believes net operating income, EBITDA, funds available for distribution, and income from operating real estate are additional measures to consider when viewing the Company's performance.

Reconciliations for these non-GAAP financial measures are provided within this document.

Glossary of Terms

Term	Definition
Annualized Base Rent (ABR)	Calculated as monthly base rent (cash basis), as of a certain date, multiplied by 12.
Assets Under Management (AUM)	The company's estimate of the carrying value of the real estate it manages through its consolidated and unconsolidated co-investment ventures or for clients of the Company.
EBITDA	Net income/(loss) attributable to the company before interest, depreciation and amortization, gains/losses on sale of operating properties, impairment charges, income taxes and unrealized remeasurement adjustment of derivative instrument.
EBITDA as adjusted	Net income/(loss) attributable to the company before interest, depreciation and amortization as adjusted excludes the effects of non-operating transactional income and expenses.
Economic Occupancy	Units are occupied and paying.
Funds From Operations (FFO)	Funds From Operations ("FFO") is a supplemental non-GAAP measure utilized to evaluate the operating performance of real estate companies. FFO as adjusted	Fund From Operations as adjusted excludes the effects of non-operating impairments and transactional income and expenses. The Company believes FFO as adjusted provides investors and analysis an additional measure in comparing the Company's performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance.
FFO Payout Ratio	A measure used to determine a companies ability to pay its common dividend. Computed by dividing Kimco's common dividend per share by its basic funds from operations per share.
Gross Leaseable Area (GLA)	Measure of the total amount of leasable space in a commercial property.
Joint Venture (JV)	A co-investment in real estate, usually in the form of a partnership.
Leased Occupancy	Units are occupied at the time a lease is executed.
Net Operating Income	Revenues from all rental property less operating and maintenance, real estate taxes and rent expense including the Company's prorata share of real estate joint ventures.
Same Property NOI	The change in the NOI (excluding straight-line rents, lease termination fees, above/below market rents, and includes charges for bad debts) of the same property pool from the prior year reporting period to the current year reporting period. Same Property NOI includes all properties that are owned as of the end of both the current and prior year reporting periods including those properties under redevelopment and excludes properties under development and pending stabilization properties.
Stabilization	Generally defined as 90% occupancy. The company policy is to include projects in occupancy at the earlier of (i) reaching 90 percent leased or (ii) one year following the projects inclusion in operating real estate.
