BlackSky Announces Proposed Private Offering of \$125 Million of Convertible Senior Notes

HERNDON, Va.--(BUSINESS WIRE)-- BlackSky Technology Inc. (NYSE: BKSJ) ("BlackSky") today announced that it intends to offer, subject to market conditions and other factors, \$125 million principal amount of Convertible Senior Notes due 2033 (the "notes") in a private offering (the "offering") to persons reasonably believed to be qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended (the "Securities Act"). BlackSky also intends to grant the initial purchasers of the notes an option to purchase for settlement during a 13-day period beginning on, and including, the first date on which the notes are issued, up to an additional \$18.75 million principal amount of the notes.

The notes will be general unsecured obligations of BlackSky and will accrue interest payable semiannually in arrears. Upon conversion, BlackSky will pay or deliver, as the case may be, cash, shares of BlackSky's Class A common stock or a combination of cash and shares of BlackSky's Class A common stock, at BlackSky's election. The interest rate, initial conversion rate and other terms of the notes will be determined at the time of pricing of the offering.

BlackSky intends to use approximately \$103.1 million of the net proceeds from the offering to repay outstanding borrowings (and pay the related prepayment premium) under, and terminate, its secured term loan facility and approximately \$10.2 million of the net proceeds from the offering to repay borrowings (and pay the related prepayment premium) under, and terminate, its secured revolving credit facility. BlackSky intends to use the remainder of the net proceeds for general corporate purposes, which may include working capital, operating expenses, capital expenditures, and strategic investments in complementary capabilities. If the initial purchasers exercise their option to purchase additional notes, BlackSky expects to use the net proceeds from the sale of the additional notes for other general corporate purposes, as described above.

Neither the notes nor the shares of BlackSky's Class A common stock issuable upon conversion of the notes, if any, have been registered under the Securities Act, any state securities laws or the securities laws of any other jurisdiction, and unless so registered, may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons, absent registration or an applicable exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and other applicable securities laws.

This press release is neither an offer to sell nor a solicitation of an offer to buy any securities, nor shall it constitute an offer, solicitation or sale of any securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such state or jurisdiction.
