"We are very honored and humbled to receive such prestigious American Business Awards. This recognition truly represents Marvell's depth and breadth in invention, innovation and contributions to all key areas of the global high-tech industry since Marvell's inception in 1995," said Marvell President and Co-Founder Weili Dai. "I am very proud of our very dedicated, hardworking and passionate engineers around the world for the outstanding achievements in their original creativity and invention. This is a key foundation for Marvell as one of the top global technology leaders in driving the new 'Connected Lifestyle' for a better world for all. We are very thankful for the Stevie Awards committee for their effort and fairness in recognizing all the talented winners for their achievements and innovation."

"So many remarkable stories of success and innovation were told in the nominations submitted to this year's American Business Awards," said Michael Gallagher, president and founder of the Stevie Awards. "We congratulate all of this year's Stevie Awards winners, and thank them for the inspiration provided by their achievements."

The ABAs are the nation's premier business awards program honoring the top new products and services in 34 categories. More than 3,200 nominations from organizations of all sizes

and in virtually every industry were submitted this year for consideration, and the People's Choice competition solicited more than 20,000 consumer votes.

In addition to the Mobile ARMADA PXA1088, ARMADA 1500 HD Media Platform and Avastar 88W8864 WLAN SoC recognition, Marvell was also honored in the following categories:

Best New Product or Service of the Year – Hardware – Other

- Gold Stevie Winner: Marvell LED Lighting – 88EM8183 IC Driver
- Silver Stevie Winner: Marvell G.hn Chipset

Best New Product or Service – Hardware – Storage

- Gold Stevie Winner: Marvell DragonFly™ platform
