Safe Harbor Statements

This presentation contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. The Company intends such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and includes this statement for purposes of complying with the safe harbor provisions. Forward-looking statements, which are based on certain assumptions and describe the Company's future plans, strategies and expectations, are generally identifiable by use of the words "believe," "expect," "intend," "anticipate," "estimate," "project," "will," "forecast" or similar expressions, and include the Company's expectations regarding the impact of the COVID-19 pandemic on the Company's business, financial results and financial condition, trends in retail traffic and tenant revenues, trends in and effects of monetizing non-store elements of centers, its leasing strategy and value proposition to retailers, uses of capital, liquidity, dividend payments and cash flows.

You should not rely on forward-looking statements since they involve known and unknown risks, uncertainties and other important factors which are, in some cases, beyond our control and which could materially affect our actual results, performance or achievements. Important factors which may cause actual results to differ materially from current expectations include, but are not limited to: risks related to the impact of the COVID-19 pandemic on our tenants and on our business, financial condition, liquidity, results of operations and compliance with debt covenants; our inability to develop new outlet centers or expand existing outlet centers successfully; risks related to the economic performance and market value of our outlet centers; the relative illiquidity of real property investments; impairment charges affecting our properties; our dispositions of assets may not achieve anticipated results; competition for the acquisition and development of outlet centers, and our inability to complete outlet centers we have identified; environmental regulations affecting our business; risks associated with possible terrorist activity or other acts or threats of violence and threats to public safety; our dependence on rental income from real property; our dependence on the

results of operations of our retailers and their bankruptcy, early termination or closing could adversely affect us; the fact that certain of our properties are subject to ownership interests held by third parties, whose interests may conflict with ours; risks related to climate change; risks related to uninsured losses; the risk that consumer, travel, shopping and spending habits may change; risks associated with our Canadian investments; risks associated with attracting and retaining key personnel; risks associated with debt financing; risks associated with our guarantees of debt for, or other support we may provide to, joint venture properties; the effectiveness of our interest rate hedging arrangements; uncertainty relating to the potential phasing out of LIBOR; our potential failure to qualify as a REIT; our legal obligation to make distributions to our shareholders; legislative or regulatory actions that could adversely affect our shareholders, including the recent changes in the U.S. federal income taxation of U.S. businesses; our dependence on distributions from the Operating Partnership to meet our financial obligations, including dividends; the risk of a cyber-attack or an act of cyber-terrorism and other important factors set forth under Item 1A – "Risk Factors" in the Company's and the Operating Partnership's Annual Report on Form 10-K for the year ended December 31, 2020, as may be updated or supplemented in the Company's Quarterly Reports on Form 10-Q and the Company's other filings with the Securities and Exchange Commission ("SEC"). Accordingly, there is no assurance that the Company's expectations will be realized. The Company disclaims any intention or obligation to update the forward-looking statements, whether as a result of new information, future events or otherwise. You are advised to refer to any further disclosures the Company makes or related subjects in the Company's Current Reports on Form 8-K that the Company files with the SEC.

We use certain non-GAAP supplemental measures in this presentation, including Funds From Operations ("FFO"), Core Funds From Operations ("Core FFO"), same center net operating income ("Same Center NOI") and portfolio net operating income ("Portfolio NOI"). See definitions and reconciliations beginning on page 28.

A Message from Our CEO

“We are pleased to report strong quarterly results. Our leasing efforts pushed occupancy, and our rent spreads improved sequentially. We also benefited from significant percentage rental growth, and tenant sales at our open-air centers are accelerating, reaching an all-time high. Traffic has remained strong, and furthermore, we are seeing continued traction in monetizing the non-store elements of our centers, particularly paid media and marketing partnerships. **These trends demonstrate retailers’ commitment to the outlet distribution channel, and we believe sustaining this momentum will drive cash flow and increase the value of our real estate.**”

STEPHEN J. YALOF
PRESIDENT & CHIEF EXECUTIVE OFFICER

Sustaining Growth Over Time

RESHAPING OPERATIONS

- Decentralizing to empower field General Managers to drive the performance of their asset
- Participating in revenue generation
 - » Heightened focus on business development opportunities, including sponsorships and paid media
 - » Local leasing initiative focused on iconic local brands, including a small business owner outreach program
 - » Marketing strategies customized to each asset
- Generating operating expense efficiencies without impacting the shopper experience

ACCELERATING LEASING

- Targeting new-to-industry and new-to-platform tenants
- Introducing non-retail uses including food, entertainment and experiential concepts, along with a focus on monetizing peripheral land
- Utilizing specialty brokers to supplement internal resources
- Aimed at attracting new visitors, increasing visit frequency, and extending dwell time

ENHANCING MARKETING

- Digital transformation
 - » Tanger Virtual Shopper™
 - » Mobile app and web enhancements
 - » Harnessing data to tailor shopper communications
 - » Other amenities for shoppers and retailers, including on-site logistics
- Loyalty program enhancements

THE OUTLET CHANNEL

The Retailer Value Proposition

ONE OF THE MOST PROFITABLE CHANNELS FOR RETAILERS

- Lower cost of occupancy
- Higher margins
- Lower customer acquisition and logistics costs

IMPORTANT COMPONENT OF THE OMNICHANNEL RETAIL STRATEGY

- Direct touchpoint with the consumer
- Maintain integrity of brand through control of product placement and pricing

The Consumer Value Proposition

CONSISTENT VALUE

for quality merchandise from sought-after brands

SOCIAL, EXPERIENTIAL

shopping

TACTILE INTERACTION

with the products prior to making the purchase

INSTANT GRATIFICATION

Tanger Offers A Full Suite of Services Focused on Innovative Offerings that are Always On to Serve Our Shoppers

INVESTING IN A DIGITAL EXPERIENCE THAT SERVICES CUSTOMERS AND DRIVES CENTER VISITS

- Three Ways to Shop offers a customized shopper experience: Tanger Virtual Shopper™, Shop In Store, and Curbside Pickup
- Exclusive Mobile App
- Real Time Text Deals & Offers for Instant Savings
- Strategic Email Marketing Campaigns Personalized to Deliver Results
- Responsive Website Built for Mobile and Desktop
- Loyalty Programs to Attract and Retain Shoppers
- Social Channel Growth and Influencer Programs

Our Environmental, Social and Governance Approach

At Tanger, we work to create long-term value for our shareholders, retail partners and employee team members while we build strong communities and protect the future of our planet. We integrate environmental, social and governance (ESG) into our business practices and address the issues most important to our stakeholders. Our Core Values of Consider Community First, Seek the Success of Others, Act Fairly and with Integrity and Make it Happen form the foundation of our approach as we set goals to create positive social and economic impact while reducing our environmental footprint.

Our goal is to utilize best practices in every aspect of our business, including our disclosures and ESG reporting. We have utilized the standards of the Global Reporting Initiative (GRI) since 2016 and began integrating disclosures from the Sustainability Accounting Standards Board (SASB) in 2019. In 2020, we disclosed to Global Real Estate Sustainability Benchmark (GRESB) and CDP (formerly, the Carbon Disclosure Project) as a first-year reporter, and we have disclosed to both again in 2021. We are also currently assessing our climate-related governance and strategy to report in line with the Task Force on Climate-related Financial Disclosures (TCFD) and aim to become a signatory to the United Nations Global Compact (UNGC) in 2021.

MATERIAL ISSUES - ESG PRIORITIES AND IMPACTS

Tanger's materiality process drives strategy on environmental, social, economic and governance topics. We begin by identifying opportunities and risks, and leverage external frameworks and engage stakeholders, executives and our Board members to help identify key ESG issues. Material issues are translated into operational priorities and processes across the Company. As a result of a robust materiality assessment conducted by a third party in 2021, we have identified the following priority material issues that are of greatest relevance to the Company and our stakeholders:

DIVERSITY, EQUITY AND INCLUSION

ENERGY USE AND EFFICIENCY

COMMUNITY INVOLVEMENT

CLIMATE CHANGE

TENANTS' ENVIRONMENTAL AND SOCIAL FOOTPRINT

STRATEGIC PILLARS

In light of our progress and our future-looking strategy, we have evolved our strategic pillars

OUR PEOPLE

Creating a Workplace Where All People Can Thrive - The long-term, trusting relationships we build with our team members

OUR COMMUNITY

Contributing to Strong, Vibrant Communities - The improved quality of life we facilitate in our communities by actively serving and building partnerships with nonprofits and other community leaders

OUR PLANET

Minding Our Environmental Impact - The practices that enhance and differentiate our properties while considering the sustainability of our business and our planet

OUR GOVERNANCE

Managing our Business with Integrity - The foundation of our approach to ESG and our entire business

ESG Accomplishments

Established new partnerships in 2020 with nonprofit organizations, including Delivering Good, Civic Alliance and HeadCount, to deliver critical basic needs and encourage civic engagement in our communities

Avoided employee layoffs and furloughs in 2020 while the majority of stores in our portfolio were closed during the pandemic by taking measures such as temporary compensation reductions for executives and the Board of Directors

Hosted over 280 community and charitable events in 2020, including nearly 100 to provide support during the pandemic

Formed a Diversity, Equity and Inclusion (DEI) Council in 2020 and established strategic focus areas and objectives in support of making our diversity a strength in terms of people, education, and leadership and action

Rapidly implemented safety protocols in 2020 to protect our employees, retailers and shoppers during the pandemic

Transitioned 3 additional sites to LED lighting during 2020

Considering the recommendations of TCFD beginning in 2021

Enhanced transparency by disclosing to both CDP and GRESB in both 2020 (as a first-year reporter) and 2021

Achieved a Green Star rating and earned 2 stars from GRESB in 2021

Contributed more than \$720,000 in charitable giving and spent nearly 3,900 hours volunteering in our communities during 2020

THIRD QUARTER 2021

In the long-term, we expect tenant demand for outlet space to continue for developers with access to capital and the expertise to deliver new outlet projects

External Growth Opportunities

Through Disciplined Development

We continue to monitor markets to identify attractive opportunities

RIGOROUS DEVELOPMENT GUIDELINES

- At least 60% pre-leasing commitments with visibility to 75%
- Receipt of all required permits
- Acceptable return on cost hurdle

UNDERPENETRATED INDUSTRY

- Supply of outlet centers in the U.S. remains favorable
- Quality outlet space currently estimated at less than 70 million square feet, which represents less than 1% of U.S. retail space

Nashville TENNESSEE

Potential Project

We are in the due diligence process for a new Tanger Outlet Center in Nashville, Tennessee, one of the fastest growing MSAs in the country

Names of tenants and/or owners are representative only and are subject to change.

Earnings

- (1) Charts are based on net income (loss) and Core FFO available to common shareholders; refer to reconciliation of net income (loss) to FFO and Core FFO on pages 28-38
- (2) Net income available to common shareholders in 2019 was impacted by a gain on the sale of four outlet centers of \$ 43.4 million (\$ 0.44 per share), a non-cash impairment charge of \$ 37.6 million (\$ 0.39 per share), \$ 4.4 million (\$ 0.04 per share) of general and administrative expense for the accelerated recognition of compensation cost related to the retirement of an executive officer, and a foreign currency loss from the sale of a joint venture property of \$ 3.6 million (\$ 0.04 per share)
- (3) Net loss available to common shareholders in 2020 was impacted by non-cash impairment charges totaling \$ 70.3 million (\$ 0.76 per share), general and administrative expense of \$ 0.6 million (\$ 0.01 per share) for compensation costs related to a voluntary retirement plan, a gain on the sale of a non-core outlet center in Terrell, Texas of \$ 2.3 million (\$ 0.02 per share) and a gain on the sale of an outparcel at an asset in the Canadian joint venture of \$ 1.0 million (\$ 0.01 per share)
- (4) Net loss available to common shareholders in the prior year period was impacted by non-cash impairment charges of \$ 48.8 million (\$ 0.50 per share), as well as a gain on the sale of a non-core outlet center in Terrell, Texas of \$ 2.3 million (\$ 0.02 per share)
- (5) Net loss available to common shareholders in the current year period was impacted by \$ 47.9 million (\$ 0.46 per share) of losses on the early extinguishment of debt, a \$ 3.7 million (\$ 0.04 per share) loss on the sale of a joint venture property, including foreign currency effect, and general and administrative expense of \$ 2.7 million (\$ 0.03 per share) for compensation costs related to a voluntary retirement plan and other executive severance costs

Non-GAAP Supplemental Measures

Funds From Operations (“FFO”) is a widely used measure of the operating performance for real estate companies that supplements net income (loss) determined in accordance with generally accepted accounting principles in the United States (“GAAP”). We determine FFO based on the definition set forth by the National Association of Real Estate Investment Trusts (“NAREIT”), of which we are a member. In December 2018, NAREIT issued “NAREIT Funds From Operations White Paper - 2018 Restatement” which clarifies, where necessary, existing guidance and consolidates alerts and policy bulletins into a single document for ease of use. NAREIT defines FFO as net income (loss) available to the Company’s common shareholders computed in accordance with GAAP, excluding (i) depreciation and amortization related to real estate, (ii) gains or losses from sales of certain real estate assets, (iii) gains and losses from change in control, (iv) impairment write-downs of certain real estate assets and investments in entities when the impairment is directly attributable to decreases in the value of depreciable real estate held by the entity and (v) after adjustments for unconsolidated partnerships and joint ventures calculated to reflect FFO on the same basis.

FFO is intended to exclude historical cost depreciation of real estate as required by GAAP which assumes that the value of real estate assets diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions. Because FFO excludes depreciation and amortization of real estate assets, gains and losses from property dispositions and extraordinary items, it provides a performance measure that, when compared year over year, reflects the impact to operations from trends in occupancy rates, rental rates, operating costs, development activities and interest costs, providing perspective not immediately apparent from net income (loss).

We present FFO because we consider it an important supplemental measure of our operating performance. In addition, a portion of cash bonus compensation to certain members of management is based on our FFO or Core FFO, which is described in the section below. We believe it is useful for

investors to have enhanced transparency into how we evaluate our performance and that of our management. In addition, FFO is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs, many of which present FFO when reporting their results. FFO is also widely used by us and others in our industry to evaluate and price potential acquisition candidates. We believe that FFO payout ratio, which represents regular distributions to common shareholders and unit holders of the Operating Partnership expressed as a percentage of FFO, is useful to investors because it facilitates the comparison of dividend coverage between REITs. NAREIT has encouraged its member companies to report their FFO as a supplemental, industry-wide standard measure of REIT operating performance.

FFO has significant limitations as an analytical tool, and you should not consider it in isolation, or as a substitute for analysis of our results as reported under GAAP. Some of these limitations are:

- FFO does not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments;
- FFO does not reflect changes in, or cash requirements for, our working capital needs;
- Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and FFO does not reflect any cash requirements for such replacements; and
- Other companies in our industry may calculate FFO differently than we do, limiting its usefulness as a comparative measure.

Because of these limitations, FFO should not be considered as a measure of discretionary cash available to us to invest in the growth of our business or our dividend paying capacity. We compensate for these limitations by relying primarily on our GAAP results and using FFO only as a supplemental measure.

Non-GAAP Supplemental Measures

Core FFO

If applicable, we present Core FFO as a supplemental measure of our performance. We define Core FFO as FFO further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing operating performance. These further adjustments are itemized in the table below, if applicable. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Core FFO you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Core FFO should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items.

We present Core FFO because we believe it assists investors and analysts in comparing our performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. In addition, we believe it is useful for investors to have enhanced transparency into how we evaluate management's performance and the effectiveness of our business strategies. We use Core FFO when certain material, unplanned transactions occur as a factor in evaluating management's performance and to evaluate the effectiveness of our business strategies, and may use Core FFO when determining incentive compensation.

Core FFO has limitations as an analytical tool. Some of these limitations are:

- Core FFO does not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments;
- Core FFO does not reflect changes in, or cash requirements for, our working capital needs;
- Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and Core FFO does not reflect any cash requirements for such replacements;
- Core FFO does not reflect the impact of certain cash charges resulting from matters we consider not to be indicative of our ongoing operations; and
- Other companies in our industry may calculate Core FFO differently than we do, limiting its usefulness as a comparative measure.

Because of these limitations, Core FFO should not be considered in isolation or as a substitute for performance measures calculated in accordance with GAAP. We compensate for these limitations by relying primarily on our GAAP results and using Core FFO only as a supplemental measure.

Non-GAAP Supplemental Measures

Portfolio Net Operating Income and Same Center Net Operating Income

We present portfolio net operating income ("Portfolio NOI") and same center net operating income ("Same Center NOI") as supplemental measures of our operating performance. Portfolio NOI represents our property level net operating income which is defined as total operating revenues less property operating expenses and excludes termination fees and non-cash adjustments including straight-line rent, net above and below market rent amortization, impairment charges, loss on early extinguishment of debt and gains or losses on the sale of assets recognized during the periods presented. We define Same Center NOI as Portfolio NOI for the properties that were operational for the entire portion of both comparable reporting periods and which were not acquired, or subject to a material expansion or non-recurring event, such as a natural disaster, during the comparable reporting periods.

We believe Portfolio NOI and Same Center NOI are non-GAAP metrics used by industry analysts, investors and management to measure the operating performance of our properties because they provide performance measures directly related to the revenues and expenses involved in owning and operating real estate assets and provide a perspective not immediately apparent from net income (loss), FFO or Core FFO. Because Same Center

NOI excludes properties developed, redeveloped, acquired and sold; as well as non-cash adjustments, gains or losses on the sale of outparcels and termination rents; it highlights operating trends such as occupancy levels, rental rates and operating costs on properties that were operational for both comparable periods. Other REITs may use different methodologies for calculating Portfolio NOI and Same Center NOI, and accordingly, our Portfolio NOI and Same Center NOI may not be comparable to other REITs.

Portfolio NOI and Same Center NOI should not be considered alternatives to net income (loss) or as an indicator of our financial performance since they do not reflect the entire operations of our portfolio, nor do they reflect the impact of general and administrative expenses, acquisition-related expenses, interest expense, depreciation and amortization costs, other non-property income and losses, the level of capital expenditures and leasing costs necessary to maintain the operating performance of our properties, or trends in development and construction activities which are significant economic costs and activities that could materially impact our results from operations. Because of these limitations, Portfolio NOI and Same Center NOI should not be viewed in isolation or as a substitute for performance measures calculated in accordance with GAAP. We compensate for these limitations by relying primarily on our GAAP results and using Portfolio NOI and Same Center NOI only as supplemental measures.
