CCA Industries, Inc. Reports Results of Operations for the Quarter and Nine Months ended August 31, 2026

FORT WASHINGTON, PA /ACCESS Newswire / November 9, 2026 /CCA Industries, Inc. (OTCID:CAWW), announced today its results for the three and nine months ended August 31, 2026, which can be found in the chart below.

The net loss was $201,427 for the three months ended August 31, 2026, compared to net income of $88,167 for the three months ended August 31, 2025. Net income was $521,730 for the nine months ended August 31, 2026, compared to $104,852 for the nine months ended August 31, 2025. The net income for the nine months ended August 31, 2026, included a gain of $1,118,115 on the sale of the Lobe Miracle brand in the first quarter of fiscal 2026. Third-quarter revenues were $1,141,451 as compared to $1,416,553 in the same prior-year period. The decline was primarily attributable to the February 2026 divestiture of Lobe Miracle. Excluding Lobe Miracle, third-quarter revenues increased approximately 1.2% as compared to the same quarter in fiscal 2025. Revenues for the nine months ended August 31, 2026, increased approximately 1.4% as compared to the same period in fiscal 2025, despite the sale of the Lobe Miracle brand in the first quarter of fiscal 2026. For the first nine months of fiscal 2026, Plus White revenues increased approximately 36% to approximately $1.8 million, despite working capital constraints.

Christopher Dominello, Chief Executive Officer, commented, "While we are pleased with the continued growth of Plus White, particularly on Amazon, our ability to accelerate that growth remains limited by working capital constraints. Throughout fiscal 2026, we have managed through reductions in our available line of credit while maintaining a lean operating structure and prioritizing resources toward revenue-generating activities. Accounts payable and the line of credit liabilities decreased $552,472 during the nine months ended August 31, 2026. Despite these efforts, liquidity remains a challenge and continues to limit our ability to fully capitalize on the opportunities we see across our brands. Given these circumstances, we are actively pursuing strategic alternatives, including a potential sale of the Company's assets, with the objective of maximizing value for our shareholders." As noted in our unaudited financial statement for the three and nine months ended August 31, 2026, the Company is working on an extension of its line of credit with Austin Financial Services, which expired on October 31, 2026.
