Assure Holdings Appoints Kelsie Jas as Director of Revenue Cycle Management

DENVER, March 29, 2019 (GLOBE NEWSWIRE) -- Assure Holdings Corp. (the “**Company**” or “**Assure**”) (TSXV: IOM; OTCQB: ARHH), a provider of intraoperative neuromonitoring services, has appointed Kelsie Jas as director of revenue cycle management.

Jas brings over 13 years of hands-on revenue cycle management experience from large hospital settings to smaller healthcare clinics. Most recently, she served as revenue cycle manager for Arapahoe House in Thornton, Colorado, and physician billing supervisor & IT system analyst for the Denver Health & Hospital Authority in Denver, Colorado.

“Kelsie brings to Assure great depth of knowledge and experience in revenue cycle management and related IT systems that will be instrumental for our growth,” said Paul Webster, Assure’s vice president of strategy. “Kelsie has already brought meaningful improvements to our revenue cycle operations and continues to add great value to our ongoing focus on bolstering the billing and collections process.”

This appointment supports the Company’s strategy to further enhance revenue cycle management and reduce the business risk associated with the billing collections process.

Jas commented on her appointment: “Having led multiple billing and collection teams, I understand the revenue cycle management process from beginning to end. I look forward to applying my background and expertise to increase the efficiency and effectiveness of Assure’s revenue cycle activity.”

Jas holds a Bachelor of Science degree in business administration from the University of Denver and also has a Lean Six Sigma Black Belt Certificate. Jas is currently pursuing her Master of Business Administration degree at the University of Colorado, Denver.

About Assure Holdings

Assure Holdings Corp. is a Colorado-based company that works with neurosurgeons and orthopedic spine surgeons to provide a turnkey suite of services that support intraoperative neuromonitoring activities during invasive surgeries. Assure employs its own staff of technologists and uses its own state-of-the-art monitoring equipment, handles 100% of intraoperative neuromonitoring scheduling and setup, and bills for all technical services provided. While Assure focuses primarily on supporting spinal and vascular surgeries, plans are in place to support other classes of medicine that rely on the standard of care that intraoperative neuromonitoring provides.
