(the "Company"), a newly incorporated blank check company formed for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses, today announced the closing of the issuance of 5,250,000 units pursuant to the exercise in full of the underwriters' option to purchase additional units in connection with the Company's initial public offering that closed on November 23, 2020. The additional units were sold to the public for \$10.00 per unit, resulting in gross proceeds of \$52,500,000 and bringing the total gross proceeds from the Company's initial public offering to \$402,500,000.

The Company is sponsored by Investindustrial Acquisition Corp. L.P., a limited partnership held by affiliates of the Investindustrial group. The Company intends to acquire companies having an enterprise value in the range of \$1.0-5.0 billion with a focus on Consumer, Healthcare, Industrial and Technology sectors and predominantly focused on European medium-sized businesses. The units are listed on the New York Stock Exchange (the "NYSE") and commenced trading under the ticker symbol "IIAC.U" on November 19, 2020. In connection with the consummation of its initial public offering, the Company has entered into a forward purchase agreement with one or more affiliates of its sponsor, pursuant to which such affiliates have committed, subject to certain customary closing conditions, to purchase up to 25,000,000 forward purchase shares from the Company for \$10.00 per share, or an aggregate amount of up to \$250,000,000, in a private placement that would close substantially concurrently with the closing of the initial business combination.
