**ASTRONICS**

imagine

cruising at 32,000 feet, enjoying a movie on your mobile device as it charges. With a simple touch, you power your seat back and reach to adjust your airflow. Lighting winks rhythmically from the wing. The crew is in control, supported by connectivity, data and emergency systems that work in harmony to deliver a safe, comfortable journey.

What does Astronics have to do with this experience? **EVERYTHING.**

## INNOVATION, COLLABORATION, SUCCESS

Every day, Astronics keeps people connected through innovative technologies that support mission-critical systems.

As a true partner, we work side-by-side with customers to solve complex challenges with integrated solutions engineered from our array of power, connectivity, lighting, interiors, structures, testing, and other technologies.

With 50 years of experience, we understand customer-focused solutions and deliver them every day. Today, global airframe manufacturers, airlines, military branches, completion centers and Fortune 500 companies rely on the collaborative spirit and creative solutions of Astronics.

HIGHLY ENGINEERED SOLUTIONS PROUDLY SERVING:

COMMERCIAL AIRCRAFT | BUSINESS AIRCRAFT | VIP AIRCRAFT  
ROTORCRAFT | eVTOL | MILITARY AIR- AND GROUND-BASED SYSTEMS  
SPACE SYSTEMS | MASS TRANSIT | MEDICAL SYSTEMS

And countless applications where reliability can not be compromised

## POWERING GLOBAL PROGRAMS WITH INDUSTRY-LEADING SOLUTIONS

Astronics products enhance the performance of your programs today and tomorrow. We expertly work complex proposals and support multi-year programs while providing future upgrade paths for technologies and systems. We are committed to quality and maintain the necessary certifications to deliver qualified solutions worldwide. Wherever you are, whatever product you buy, you can rely on the consistent quality of Astronics.

## ELEVATING INNOVATION FOR MISSION-CRITICAL SYSTEMS

Astronics provides a breadth of innovative technologies and proven solutions for global programs. From stand-alone products, to complete integrated systems, we deliver the solutions you need. Chances are at least one Astronics subsidiary is already in your procurement system, making it easy to enlist Astronics as your technology partner to ensure the success of your next program.

Our passion is innovative technology. Astronics leads the industry with widely deployed solutions that deliver reliable operation for your business, keeping your customers satisfied and protecting your quality brand in the marketplace.

## CUSTOMER CENTRICITY AT THE CORE

Astronics works closely with you, listening carefully and optimizing solutions to fit your mission, meet your timeline, and improve your end-user experiences.

We are experts in streamlining manufacturing, simplifying installation, and enhancing reliability—minimizing your total cost of ownership. With every major engineering discipline in-house, we are able to develop your solutions rapidly and adeptly deploy them, certified to industry quality standards.

## MANUFACTURING STRENGTH, GLOBAL SUPPORT

The marketplace moves quickly and when you need speed and agility, Astronics is ready—from design and development to delivery. Our procurement networks and service teams provide deep value for your unique program, all with the convenience of a single-supplier solution. With 1.3 million square feet of operations and a 24/7 global support network, Astronics stands ready to ensure the success of your program.

## SERVING GLOBAL CUSTOMERS

*Astronics delivers solutions worldwide to leading companies including:*

# ELEVATING RESULTS

Reliable technology. Dependable delivery. Astronics is your collaborative, innovative partner. Through engineering expertise, proven project management, and manufacturing strength, we work with you to elevate your next-generation technology systems.

What can we work on with you?

Astronics Corporation (Nasdaq: ATRO) serves the world's aerospace, defense and other mission critical industries with proven, innovative technology solutions. Astronics works side-by-side with customers, integrating its array of power, connectivity, lighting, structures, interiors and test technologies to solve complex challenges. For over 50 years, Astronics has delivered creative, customer-focused solutions with exceptional responsiveness. Today, global airframe manufacturers, airlines, militaries, completion centers and Fortune 500 companies rely on the collaborative spirit and innovation of Astronics. The Company's strategy is to increase its value by developing technologies and capabilities that provide innovative solutions to its targeted markets.
