MicroVision Schedules Conference Call to Discuss 2011 Strategy and Preliminary 2010 Results

REDMOND, Wash.--(BUSINESS WIRE)-- MicroVision, Inc. (NASDAQ: MVIS), a leader in innovative ultra-miniature projection display technology, today announced it will host a conference call to discuss its 2011 business strategy and preliminary financial and operating results for the fourth quarter and full year of 2010 on Tuesday, February 15, 2011 at 8:30 a.m. ET / 5:30 a.m. PT.

Participants may join the conference call by dialing (866) 730-5769 (for U.S. participants) or (857) 350-1593 (for international participants) ten minutes prior to the start of the call. The conference call pass code number is 88376065. The call will also be broadcast over the Internet and can be accessed from the company's web site at www.microvision.com/investors. The replay of this call will be available approximately one hour after the conference call concludes through the same link or by calling (888) 286-8010 (U.S.) or (617) 801-6888 (International), pass code 24439714.

About MicroVision

MicroVision provides the PicoP(R) display technology platform designed to enable next-generation display and imaging products for pico projectors, vehicle displays and wearable displays that interface with mobile devices. The company's projection display engine uses highly efficient laser light sources which can create vivid images with high contrast and brightness. For more information, visit us on:

Forward-Looking Statements

Certain statements contained in this release, including those relating to future products and applications, are forward-looking statements that involve a number of risks and uncertainties. Factors that could cause actual results to differ materially from those projected in the company's forward-looking statements include the following: our ability to raise additional capital when needed; our customers failure to perform under open purchase orders; our financial and technical resources relative to those of our competitors; our ability

to keep up with rapid technological change; government regulation of our technologies; our ability to enforce our intellectual property rights and protect our proprietary technologies; the ability to obtain additional contract awards; the timing of commercial product launches and delays in product development; the ability to achieve key technical milestones in key products; dependence on third parties to develop, manufacture, sell and market our products; potential product liability claims; and other risk factors identified from time to time in the company's SEC reports, including the company's Annual Report on Form 10-K filed with the SEC. Except as expressly required by federal securities laws, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changes in circumstances or any other reason.
