# COPT Announces COO Transition

*Paul R. Adkins Leaving to Pursue Other Opportunities*

COLUMBIA, Md.--(BUSINESS WIRE)-- Corporate Office Properties Trust ("COPT" or the "Company") (NYSE: OFC) announces that effective March 16, 2020, Paul R. Adkins, the Company's Executive Vice President and Chief Operating Officer, is leaving the Company to pursue other interests.

Stephen E. Budorick, COPT's President and CEO, commented, "I am grateful for Paul's contributions in positioning the Company to deliver solid FFO per share growth in 2020 and robust growth in 2021. Paul leaves an operating organization with a highly effective management team to handle this transition. With Paul's departure to pursue other interests, I believe the transition creates an excellent opportunity to bring in a COO who will continue to advance our operations, development, and asset management capabilities, and further position the Company for long-term success."

## **About COPT**

COPT is a REIT that owns, manages, leases, develops and selectively acquires office and data center properties. The majority of its portfolio is in locations that support the United States Government and its contractors, most of whom are engaged in national security, defense and information technology ("IT") related activities servicing what it believes are growing, durable, priority missions ("Defense/IT Locations"). The Company also owns a portfolio of office properties located in select urban/urban-like submarkets in the Greater Washington, DC/Baltimore region with durable Class-A office fundamentals and characteristics ("Regional Office Properties"). As of December 31, 2019, the Company derived 88% of its core portfolio annualized rental revenue from Defense/IT Locations and 12% from its Regional Office Properties. As of the same date and including 15 buildings owned through unconsolidated joint ventures, COPT's core portfolio of 168 office and data center shell properties encompassed 19.0 million square feet and was 94.6% leased; the Company also owned one wholesale data center with a critical load of 19.25 megawatts that was 76.9% leased.
