TerrAscend Enters Into Amendment to the Membership Interest Purchase Agreement to Acquire Gage's Licensed Operators and Extends Proxy Cut-Off for Voting at Special Meeting

Amendment is expected to facilitate and potentially expedite the timeframe in which the conditions for the closing of the Acquisition of Gage may be completed

Deadlines to accept proxies and revocations extended to 12:00 p.m. (Eastern time) on the date of the special meeting, November 11, 2021

TerrAscend encourages all minority shareholders to submit their votes in advance of the extended proxy cut-off; over 99% of the votes submitted by minority shareholders have been voted FOR the ordinary resolution submitted to shareholders for consideration at the TerrAscend meeting

NEW YORK and TORONTO, Nov. 9, 2021 /CNW/ - TerrAscend Corp. ("TerrAscend" or the "Company") (CSE: TER) (OTCQX: TRSSF), a leading North American cannabis multi-state operator, today announced that, as part of its previously announced acquisition of Gage Growth Corp. ("Gage") (CSE: GAGE, OTCQX: GAEGF), a leading high-quality premium cannabis brand and operator, TerrAscend's wholly-owned subsidiary (the "TerrAscend Subsidiary") entered into an amendment (the "MIPA Amendment") to the membership interest purchase agreement (the "MIPA") with the owners of the licenses that Gage supports in the State of Michigan (the "Licensed Operators").

As announced on September 1, 2021, TerrAscend entered into an arrangement agreement as amended (the "Arrangement Agreement") for the proposed acquisition of all of the issued and outstanding securities of Gage byway of a court-approved plan of arrangement under the *Canada Business Corporations Act* (the "Transaction"). As set out in TerrAscend's management information circular dated October 4, 2021 (the "TerrAscend Circular"), concurrent with TerrAscend and Gage entering into the Arrangement Agreement, the TerrAscend Subsidiary entered into the MIPA with the Licensed Operators and the direct or indirect owner of the Licensed Operators which hold cannabis licenses and permits in connection with the Gage business (the "Seller").

The 'First Closing' under the MIPA is a condition precedent for the completion of the Transaction. The purpose of entering into the MIPA Amendment is to potentially expedite achieving the 'First Closing' and, in turn, the completion of the Transaction, as described in more detail below. No other amendments are being made to the MIPA, the plan of arrangement or the Arrangement Agreement at this time. The parties to the MIPA continue

to have the ability to waive conditions in their favour as they may so determine. A copy of the MIPA Amendment will be filed under TerrAscend's profile on SEDAR at www.sedar.com.

The MIPA 'First Closing'

As set out in the TerrAscend Circular, prior to entering into the MIPA Amendment, the 'First Closing' was conditional upon the transfer of cannabis licenses and permits representing 70% of Gage's revenue to Thrive Enterprises, LLC (among other conditions that must be satisfied or waived and described in more detail in the TerrAscend Circular). The MIPA Amendment allows for the 70% revenue condition to now be achieved through AEY Holdings, LLC, in addition to Thrive Enterprises, LLC. Both entities are Licensed Operators owned directly or indirectly by the Seller which hold cannabis licenses and permits in connection with the Gage business.

The MIPA Amendment was recommended by the Special Committee to the TerrAscend board of directors having determined that the MIPA Amendment is in the best interests of TerrAscend. The disinterested members of TerrAscend's board of directors unanimously approved the MIPA Amendment.

Completion of the Transaction remains subject to court approval and the requisite approval of Gage's and TerrAscend's shareholders. If the requisite approvals are obtained, the Transaction will be completed as soon as possible after satisfaction or waiver of all remaining conditions precedents, including required regulatory and licensing approvals.

Cautionary Note Regarding Cannabis Operations in the United States

Investors should note that there are significant legal restrictions and regulations that govern the cannabis industry in the United States. Cannabis remains a Schedule I drug under the US Controlled Substances Act, making it illegal under federal law in the United States to, among other things, cultivate, distribute or possess cannabis in the United States. Financial transactions involving proceeds generated by, or intended to promote, cannabis-related business activities in the United States may form the basis for prosecution under applicable US federal money laundering legislation.

While the approach to enforcement of such laws by the federal government in the United States has trended toward non-enforcement against individuals and businesses that comply with medical or adult-use cannabis programs in states where such programs are legal, strict compliance with state laws with respect to cannabis will neither absolve TerrAscend or Gage of liability under U.S. federal law, nor will it provide a defense to any federal proceeding which may be brought against TerrAscend or Gage. The enforcement of federal laws in the United States is a significant risk to the respective business of TerrAscend and Gage and any proceedings brought against TerrAscend or Gage thereunder may adversely affect their respective operations and financial performance.
