

Weave Announces Third Quarter 2023 Financial Results

- Third guarter total revenue of \$43.5 million, up 20.2% year over year.
- Weave crossed a significant milestone during Q3, growing its customer base to over 30,000 locations.
- Third quarter net cash provided by operating activities of \$3.3 million, up from net cash used in operating activities of \$4.0 million last year.
- Positive free cash flow of \$2.1 million, up from negative free cash flow of \$4.6 million last year.
- Significant gross and operating margin improvement year over year.

LEHI, Utah--(BUSINESS WIRE)-- Weave (NYSE: WEAV), a leading all-in-one customer experience and payments software platform for small and medium-sized healthcare businesses, today announced its financial results for the third quarter ended September 30, 2023.

"Weave had another excellent quarter, accelerating revenue growth for the third quarter in a row and significantly improving bottom-line, and free cash flow," said CEO Brett White. "These results demonstrate that our vertically tailored software and payments platform is continuing to gain traction and the Weave team is executing at a high level. Our SMB healthcare customers are well-capitalized, well-managed, and demand for our platform remains strong, despite the challenging macro environment."

Third Quarter 2023 Financial Highlights

- Total revenue was \$43.5 million, representing a 20.2% year-over-year increase compared to \$36.2 million in the third quarter of 2022.
- GAAP gross margin was 68.7%, compared to a GAAP gross margin of 64.1% in the third quarter of 2022.
- Non-GAAP gross margin was 69.3%, compared to a non-GAAP gross margin of 64.6% in the third guarter of 2022.
- GAAP loss from operations was \$8.0 million, compared to a GAAP loss from operations of \$11.9 million in the third quarter of 2022.
- Non-GAAP loss from operations was \$1.8 million, compared to a non-GAAP loss from operations of \$6.5 million in the third quarter of 2022.
- GAAP net loss was \$7.1 million, or \$0.10 per share, compared to a GAAP net loss of \$11.8 million, or \$0.18 per share, in the third quarter of 2022.
- Non-GAAP net loss was \$1.0 million, or \$0.01 per share, compared to a non-GAAP net loss of \$6.5 million, or \$0.10 per share, in the third guarter of 2022.
- Net cash provided by operating activities was \$3.3 million, up \$7.4 million from net cash used in operating activities of \$4.0 million in the third quarter of 2022.
- Free cash flow was \$2.1 million, up \$6.7 million from free cash flow of negative \$4.6 million in the third guarter of 2022.
- Dollar-Based Net Retention Rate (NRR) was 95% as of September 30, 2023.
- Dollar-Based Gross Retention Rate (GRR) was 92% as of September 30, 2023.

• Cash and cash equivalents plus short-term investments was \$118.4 million as of September 30, 2023.

Business Highlights:

- Weave announced a new partnership with Affirm to enable practitioners to seamlessly
 provide transparent and flexible payment options to their customers, making it easier to
 access and afford the care they need.
- Weave launched Scan to Pay to streamline the payment process by allowing patients to complete transactions with a simple QR code scan, reducing the reliance on physical cash or cards.
- The Weave platform ranked first in 34 different categories in G2's Fall 2023 Report and won 60 different badges including Patient Relationship Manager Leader, Most Implementable Patient Engagement System, and Spa Management Software Leader.

Updated Financial Fourth Quarter and Full Year 2023 Outlook

The company updated its financial guidance and now expects the following financial results for the three months and full year ending December 31, 2023:

	Fourth Quarter	Full Year
	(in n	nillions)
Total revenue	\$43.5 - \$44.5	\$168.3 - \$169.3
Non-GAAP loss from operations	\$(3.0) - \$(2.0)	\$(12.8) - \$(11.8)
Weighted average share count	69.6	67.7

The guidance provided above constitutes forward-looking statements and actual results may differ materially. Refer to the "Forward-Looking Statements" safe harbor section below for information on the factors that could cause our actual results to differ materially from these forward-looking statements.

Non-GAAP loss from operations excludes estimates for, among other things, stock-based compensation expense. A reconciliation of this non-GAAP financial guidance measure to a corresponding GAAP financial guidance measure is not available on a forward-looking basis because we do not provide guidance on GAAP net loss from operations and are not able to present the various reconciling cash and non-cash items between GAAP loss from operations and non-GAAP loss from operations without unreasonable effort. In particular, stock-based compensation expense is impacted by our future hiring and retention needs, as well as the future fair market value of our common stock, all of which is difficult to predict and is subject to change. The actual amount of these expenses during 2023 will have a significant impact on our future GAAP financial results.

Webcast

The company will host a conference call and webcast for analysts and investors on Wednesday, November 1, 2023, beginning at 4:30 p.m. EDT.

Individuals interested in listening to the conference call may do so by dialing (412) 902-1020 or toll free at (877) 502-7186. Please reference the following conference ID: 13741864. The live webcast and a webcast replay of the conference call can be accessed from the investor relations page of Weave's website at investors.getweave.com.

About Weave

Weave is a leading all-in-one customer experience and payments software platform for small and medium-sized healthcare businesses. Weave transforms how practitioners attract, engage, and retain customers to grow their businesses. Weave brings payments, texting, scheduling, reminders, reviews, phones and more together into one easy-to-use efficiency and revenue boosting platform. Weave has set the bar for Utah startup achievement & work culture. In the past year alone, Weave has been named a leader in Patient Engagement, Optometry, Dental Practice Management, Spa Management Software and Patient Relationship Management by G2. Learn more at getweave.com/newsroom/.

Forward-Looking Statements

This press release and the accompanying conference call contain forward-looking statements including, among others, current estimates of fourth quarter and full year 2023 revenue and non-GAAP loss from operations and statements in the quotes of our Chief Executive Officer.

These forward-looking statements involve risks and uncertainties. If any of these risks or uncertainties materialize, or if any of our assumptions prove incorrect, our actual results could differ materially from the results expressed or implied by these forward-looking statements. These risks and uncertainties include risks associated with: transitions in company leadership; our ability to attract new customers, retain existing customers and increase our customers' use of our platform; our ability to manage our growth; the impact of unfavorable economic conditions and macroeconomic uncertainties on our company; our ability to maintain and enhance our brand and increase market awareness of our company, platform and products; customer adoption of our platform and products; customer acquisition costs and sales and marketing strategies; our ability to achieve profitability in any future period; competition; our ability to enhance our platform and products; interruptions in service; and the risks described in the filings we make from time to time with the Securities and Exchange Commission (SEC), including the risks described under the heading "Risk Factors" in our Quarterly Report on Form 10-Q for the three months ended June 30, 2023, filed with the SEC on August 8, 2023, which should be read in conjunction with our financial results and forward-looking statements and is available on the SEC Filings section of the Investor Relations page of our website at investors.getweave.com/.

All forward-looking statements in this press release are based on information available to us as of the date hereof, and we do not assume any obligation to update the forward-looking statements provided to reflect events that occur or circumstances that exist after the date on which they were made.

Channels for Disclosure of Information

Weave Communications uses the investor relations page on our website, blog posts on our website, press releases, public conference calls, webcasts, our Twitter feed (@getweave), our Facebook page, and our LinkedIn page as the means of complying with our disclosure obligations under Regulation FD. We encourage investors, the media, and others to follow the channels listed above, in addition to following Weave Communications' press releases, SEC filings, and public conference calls and webcasts, and to review the information disclosed through such channels.

Supplemental Financial Information

Dollar-Based Net Revenue Retention (NRR)

For retention rate calculations, we use adjusted monthly revenue (AMR), which is calculated for each location as the sum of (i) the subscription component of revenue for each month and (ii) the average of the trailing-three-month recurring payments revenue. To calculate our NRR, we first identify the cohort of locations (the Base Locations) that were active in a particular month (the Base Month). We then divide AMR for the Base Locations in the same month of the subsequent year (the Comparison Month), by AMR in the Base Month to derive a monthly NRR. We derive our annual NRR as of any date by taking a weighted average of the monthly net retention rates over the trailing twelve months prior to such date.

Dollar-Based Gross Revenue Retention (GRR)

To calculate our GRR, we first identify the cohort of locations (the Base Locations) that were under subscription in a particular month (the Base Month). We then calculate the effect of reductions in revenue from customer location terminations by measuring the amount of AMR in the Base Month for Base Locations still under subscription twelve months subsequent to the Base Month (Remaining AMR). We then divide Remaining AMR for the Base Locations by AMR in the Base Month for the Base Locations to derive a monthly gross retention rate. We calculate GRR as of any date by taking a weighted average of the monthly gross retention rates over the trailing twelve months prior to such date. GRR reflects the effect of customer locations that terminate their subscriptions, but does not reflect changes in revenue due to revenue expansion, revenue contraction, or addition of new customer locations.

Number of Locations

We measure locations as the total number of customer locations under subscription active on the Weave platform as of the end of each month. A single organization or customer with multiple divisions, segments, offices or subsidiaries is counted as multiple locations if they have entered into subscriptions for each location.

We have provided location count information in this press release due to crossing a significant milestone. Apart from this press release, as a reminder, we only provide customer location information on an annual basis with annual and fourth quarter results and do not provide this information with financial statements or earnings releases covering interim periods.

Non-GAAP Financial Measures

In this press release, Weave Communications has provided financial information that has not been prepared in accordance with generally accepted accounting principles in the United States (GAAP). We disclose the following historical non-GAAP financial measures in this press release: non-GAAP net loss, non-GAAP net loss margin, non-GAAP net loss per share, non-GAAP gross profit, non-GAAP gross margin, non-GAAP operating expenses, non-GAAP loss from operations, non-GAAP loss from operations margin, Adjusted EBITDA and free cash flow. We use these non-GAAP financial measures internally in analyzing our financial results and evaluating our ongoing operational performance. We believe that these non-GAAP financial measures provide an additional tool for investors to use in understanding and evaluating ongoing operating results and trends in the same manner as our management and board of directors. Our use of these non-GAAP financial measures has limitations as an analytical tool, and you should not consider them in isolation or as a substitute for analysis of our financial results as reported under GAAP. Because of these and other limitations, you should consider these non-GAAP financial measures along with other

GAAP-based financial performance measures, including various cash flow metrics, operating income (loss), net loss, and our GAAP financial results. We have provided a reconciliation of these non-GAAP financial measures to their most directly comparable GAAP measures in the tables included in this press release, and investors are encouraged to review the reconciliation.

Non-GAAP net loss, non-GAAP net loss margin and non-GAAP net loss per share

We define non-GAAP net loss as GAAP net loss adjusted to exclude stock-based compensation expense, and non-GAAP net loss margin as non-GAAP net loss as a percentage of revenue. Non-GAAP net loss per share is calculated as non-GAAP net loss divided by the diluted weighted-average shares outstanding.

Non-GAAP gross profit and non-GAAP gross margin

We define non-GAAP gross profit as GAAP gross profit adjusted to exclude stock-based compensation expense, and non-GAAP gross margin as non-GAAP gross profit as a percentage of revenue.

Non-GAAP operating expenses

We define non-GAAP operating expenses, in the aggregate or its individual components (i.e., sales and marketing, research and development or general and administrative), as the applicable GAAP operating expenses adjusted to exclude the applicable stock-based compensation expense.

Non-GAAP loss from operations and non-GAAP loss from operations margin

We define non-GAAP loss from operations as GAAP loss from operations less stock-based compensation expense, and non-GAAP loss from operations margin as non-GAAP loss from operations as a percentage of revenue.

Adjusted EBITDA

We define EBITDA as earnings before interest expense, interest income, other income/expense, provision for income taxes, depreciation, and amortization. Our depreciation adjustment has included depreciation on operating fixed assets and has not included amortization of finance lease right-of-use assets on phone hardware provided to our customers. We further adjust EBITDA to exclude stock-based compensation expense, a non-cash item. We believe that Adjusted EBITDA provides management and investors consistency and comparability with our past financial performance and facilitates period-to-period comparisons of operations. Additionally, management uses Adjusted EBITDA to measure our financial and operational performance and prepare our budgets.

Free cash flow

We define free cash flow as net cash provided by (used in) operating activities, less purchases of property and equipment and capitalized internal-use software costs. We believe that free cash flow is a useful indicator of liquidity that provides useful information to management and investors, even if negative, as it provides information about the amount of cash consumed by our combined operating and investing activities. For example, as free cash flow has in the past been negative, we have needed to access cash reserves or other sources of capital for these investments.

The foregoing non-GAAP financial measures have a number of limitations. For example, the non-GAAP financial information presented above may be determined or calculated differently by other companies and may not be directly comparable to that of other companies. In addition, free cash flow does not reflect our future contractual commitments and the total increase or decrease of our cash balance for a given period. Further, Adjusted EBITDA excludes some costs, namely, non-cash stock-based compensation expense. Therefore, Adjusted EBITDA does not reflect the non-cash impact of stock-based compensation expense or working capital needs that will continue for the foreseeable future. All of these limitations could reduce the usefulness of these non-GAAP financial measures as analytical tools.
