Weave Announces 2 New Integrations to Expand Solution Offerings for Veterinary Practices

Integrations unlock powerful Weave features to improve client experiences

LEHI, Utah--(BUSINESS WIRE)-- [Weave](#) (NYSE: WEAV), a leading all-in-one experience platform for small and medium-sized healthcare businesses, today announced integrations with HVMS and Via practice management systems. These integrations fuel powerful veterinary client experiences and allow veterinarians to better manage their business through the automation and optimization of tasks by unlocking the following Weave features:

Call Pop: When a client calls into a practice, a pop-up displays the Client Profile, enabling staff to deliver more personalized communications.

Appointment Reminders: Weave sends out automated appointment reminders to clients to help keep schedules full.

Data Sync: Client contact and appointment details captured in Weave are automatically updated in the practice management system.

Vaccination Reminders: Automated text reminders help clients keep their pet's vaccinations up-to-date.

Save the Date Reminders: Automated reminders are sent by Weave shortly after an appointment is scheduled so clients can add it to their calendars.

Schedule Sync: Quickly filter schedules by confirmed and unconfirmed clients, appointment type, and practitioner. Weave's built-in communication tools empower office staff to quickly reach out and follow up with clients.

In addition to the new integrations announced today, Weave also integrates with some of the biggest client management systems in the veterinary industry, including DaySmart Vet, AVImark, Impromed, V-Tech Platinum, DVMAX, StringSoft, Advantage+, CompleteClinic, DVM Manager, Impromed Equine (Triple Crown), and Cornerstone. Weave integrations enable veterinary clinics to automate more tasks, improve data accuracy, and provide seamless care to clients.
