Marvell Introduces Next-Generation Bluetooth Version 2.0 + Enhanced Data Rate Single-Chip Solution

Marvell(R) 88W8689 Supports Concurrent Use of Bluetooth Applications and FM Radio

SANTA CLARA, Calif., April 11 /PRNewswire-FirstCall/ -- Marvell (Nasdaq: MRVL), the leader in storage, communications, and consumer silicon solutions, today introduced the 88W8689 Bluetooth single-chip solution, featuring a Bluetooth Core Specification Version 2.0 + Enhanced Data Rate (EDR)-compliant baseband, a radio frequency (RF) transceiver, and a worldwide FM radio receiver. The 88W8689 is a highly integrated device, providing enhanced data rates and extended-range features at a lower total system cost, as well as industry-leading low power. The 88W8689 supports simultaneous use of Bluetooth applications and FM radio, and includes support for the new Bluetooth Version 2.1 + EDR features.

The 88W8689 extends Marvell's family of Bluetooth solutions. With the addition of the 88W8689, Marvell now provides a comprehensive set of Bluetooth 2.0-enabled products that target high-volume consumer markets. The highly integrated chip is optimized for both voice and audio transmissions, enabling an array of ultra-mobile, low-power consumer devices. In addition, 88W8689 customers have access to Marvell's robust ecosystem solutions to help enhance the consumer experience.

"The 88W8689 -- Marvell's second device enabling Bluetooth Version 2.0 + EDR features -- extends our ability to drive high-volume consumer applications such as cell phones and portable media players," according to Dr. Paramesh Gopi, vice president and general manager of the Embedded and Emerging Business Unit, Communications and Consumer Business Group at Marvell. "In addition, the 88W8689 will enable our customers to build extremely low-power devices -- including hands-free car kits and Bluetooth headsets -- that deliver an enhanced Bluetooth experience."

The Marvell(R) 88W8689 is currently sampling with key, tier-one customers and will be in production in the second half of 2007.

About Marvell

Marvell (NASDAQ: MRVL) is the leader in development of storage, communications, and consumer silicon solutions. The company's diverse product portfolio includes switching, transceiver, communications controller, wireless and storage solutions that power the entire communications infrastructure including enterprise, metro, home and storage networking. As used in this release, the terms "company" and "Marvell" refer to Marvell Technology Group Ltd. and its subsidiaries, including Marvell Semiconductor Inc. (MSI), Marvell Asia Pte Ltd

(MAPL), Marvell Japan K.K., Marvell Taiwan Ltd., Marvell International Ltd. (MIL), Marvell U.K. Limited, Marvell Semiconductor Israel Ltd. (MSIL), RADLAN Computer Communications Ltd., and Marvell Semiconductor Germany GmbH. MSI is headquartered in Santa Clara, California and designs, develops and markets products on behalf of MIL and MAPL. MSI may be contacted at (408) 222-2500 or at www.marvell.com.

Safe Harbor Statement Under the Private Securities Litigation Reform Act of 1995:

This release contains forward-looking statements based on projections and assumptions about our products and our markets. Words such as "anticipates," "expects," "intends," "plans," "believes," "seeks," "estimates," "may," "will," "should," and their variations identify forward-looking statements. Statements that refer to, or are based on projections, uncertain events or assumptions also identify forward-looking statements. These statements are not guarantees of results and are subject to risks and uncertainties. Some risks and uncertainties that may adversely impact the statements in this release about the products described in this release include, but are not limited to, the performance and capabilities of products including the 88W8689 and the ability of our products to enable customers to build extremely low-power devices that deliver an enhanced Bluetooth experience. For other factors that could cause Marvell's results to vary from expectations, please see the sections titled "Additional Factors That May Affect Future Results" in Marvell's annual report on Form 10-K for the fiscal year ended January 29, 2006 and Marvell's subsequent reports on Form 10-Q. We undertake no obligation to revise or update publicly any forward-looking statements.
