The Corporation is using the notice-and-access procedures permitted by Canadian securities laws for the delivery of the Circular, the management's discussion and analysis, the consolidated financial statements of the Corporation and the auditor's report for the fiscal year ended March 31, 2026, its modern slavery report and other related materials of the Meeting (the “**Proxy Materials**”) to Shareholders. Under the notice-and-access procedures, instead of receiving paper copies of the Proxy Materials, Shareholders receive a copy of this Notice of Meeting and a paper copy of our notice of availability of proxy materials (which provides information on how to access copies of the Proxy Materials, how to request a paper copy of the Proxy Materials, and other prescribed details about the Meeting) and a form of proxy or voting instruction form, as applicable. Adopting the notice-and-access procedures facilitates access to the Proxy Materials and contributes to the protection of the environment by reducing the amount of paper sent to Shareholders.

Invitation to Shareholders

Dear shareholders,

On behalf of the board of directors and management of Coveo Solutions Inc. (“**Coveo**” or the “**Corporation**”), we are pleased to invite you to Coveo’s annual general meeting of shareholders, taking place on Tuesday, September 22, 2026 at 11:00 a.m. (Eastern Time) at <https://meetings.lumiconnect.com/400-806-952-507> (password: coveo2026 (case sensitive)) (the “**Meeting**”). The Corporation elected to conduct the Meeting virtually again this year, in order to maximize shareholder attendance for those who would be unable to attend in person. All shareholders, regardless of their geographic location, will have an equal opportunity to participate in the Meeting. We remain committed to ensuring that shareholder meetings encourage shareholder participation and engagement. We believe that the use of technology-enhanced shareholder communications will facilitate individual investor participation, making the Meeting accessible and engaging for all involved. The Corporation will welcome other opportunities to engage with its shareholders throughout the year, including at its annual Capital Markets Day, and as is otherwise described in this management proxy circular of Coveo for the fiscal year ended March 31, 2026 (the “**Circular**”).

This is an exciting time for Coveo. While last year was defined by AI experimentation, this year marked a shift toward real-world implementation, where vendors are expected to demonstrate tangible results. Proofs of concept, once met with awe and excitement, are now approached with greater scrutiny, as organizations ask harder questions about value, the true effectiveness of AI solutions, and whether similar outcomes could be achieved internally using readily available general-purpose AI tools. Against this backdrop, we delivered one of the strongest years in our history.

We generated accelerated growth of 15% year-over-year in SaaS Subscription Revenue from our Coveo core platform, achieved the strongest new business bookings performance in our history, expanded several strategic customer relationships, and secured the largest transactions in the company’s history. These results were driven by important new customer wins across strategic industries, alongside meaningful expansion within our installed base, with our team executing with discipline and precision to deliver financial results within our guidance. Importantly, we achieved this momentum while generating strong cash flow, returning capital to shareholders, and continuing to operate with an efficient business model. Together, these results reflect the strength of our strategy and our commitment to building a durable, high-margin recurring revenue company capable of long-term value creation.

Innovation remains an important priority, and Coveo’s platform continued to act as the connective layer that enables enterprise AI to deliver real business value. As enterprises deploy generative and agentic AI at scale, they face a common challenge: enterprise data remains fragmented across systems, repositories, and applications, making it difficult for AI systems to consistently deliver accurate and trustworthy outcomes. Our platform was built to solve precisely this problem, securely connecting, indexing, unifying, contextualizing, and retrieving with relevance enterprise content across both structured and unstructured data environments. Whether powering AI-search, generative experiences, recommendations, conversational interfaces, or emerging agentic workflows, Coveo acts as the retrieval layer that grounds enterprise AI in trusted, contextually relevant information, positioning Coveo as a foundational component of the modern enterprise AI stack.

I’ll end where I started: I’m excited for the future of Coveo. We believe enterprise AI is entering its next phase, defined not by experimentation, but by scaled deployment and measurable business outcomes, and that Coveo is well positioned for this next phase. Most of all, thank you to all Coveans for your dedication, to our customers for your continued trust and partnership, and to our shareholders for your ongoing support.

Your participation and vote are very important to us. The enclosed Circular provides information on how to attend the Meeting and exercise your right to vote, and includes details on the Meeting’s business items, including the election of our seven (7) director nominees and the appointment of our proposed independent auditors for the ensuing year, as well as discussions and disclosure relating to the Corporation’s executive compensation and corporate governance practices. We look forward to welcoming you at the Meeting where we will also discuss our recent financial performance, successes, and plans for the future.

Sincerely,

Laurent Simoneau
Chief Executive Officer

Notice-and-Access

Coveo Solutions Inc. is using the notice-and-access procedures permitted by Canadian securities laws to deliver this Circular, the management's discussion and analysis, the consolidated financial statements of the Corporation and the auditor's report thereon for the fiscal year ended March 31, 2026 and other related materials of the Meeting (the "**Proxy Materials**") to its registered and non-registered shareholders (collectively, the "**Shareholders**") so as to reduce the volume of paper with respect to materials distributed for the purpose of the Meeting. As such, this Circular is posted online for Shareholders and the investing public to access electronically, rather than mailed out. You will still receive a form of proxy (if you are a registered Shareholder) or a voting instruction form (if you are a non-registered Shareholder) by mail so you can vote your shares. However, instead of receiving a paper copy of the Proxy Materials, including the Circular, you will receive a "notice of availability of materials" outlining the matters to be addressed at the Meeting and explaining how you can access the Proxy Materials electronically. This notice will also include information about how to request a paper copy of the Proxy Materials. Notice-and-access is environmentally friendly and cost effective as it reduces paper, printing and postage.

The Proxy Materials, including this Circular, are available under the Corporation's SEDAR+ profile at www.sedarplus.ca and under the "Financial Information" section of the Corporation's investor relations website at ir.coveo.com.

You may request a paper copy of the Proxy Materials by mail, at no charge, at any time prior to the Meeting and up to one year from the date it is filed under the Corporation's profile on SEDAR+ at www.sedarplus.ca, by calling toll-free at 1-888-433-6443 (Canada and United States) or 416-682-3801 (other countries) and following the instructions. If you request a paper copy of the Proxy Materials, you will not receive a new form of proxy (if you are a registered Shareholder) or voting instruction form (if you are a non-registered Shareholder), so you should keep the original form sent to you to vote. To ensure that you receive a copy of the Proxy Materials in advance of the voting deadline, we recommend that you send your request before September 7, 2026.

To obtain a printed copy of the Proxy Materials after the Meeting, or if you have any questions regarding the Proxy Materials, please contact our transfer agent, TSX Trust Company, by calling toll-free at 1-888-433-6443 (Canada and United States) or 416-682-3801 (other countries), or by emailing your request at tsxt-fulfilment@tmx.com.

Management of Coveo strongly urges you to sign and return the form of proxy (if you are a registered Shareholder) or voting instruction form (if you are a non-registered Shareholder) that you have received to ensure that your votes are exercised and accounted for at the Meeting.

Matters to Be Acted Upon

Holders of multiple voting shares (the “**Multiple Voting Shares**”) and/or subordinate voting shares (the “**Subordinate Voting Shares**”) of Coveo will be asked to vote on the following two (2) items at the Meeting:

- the election of the seven (7) directors of the Corporation; and
- the appointment of the Auditors as independent auditors of the Corporation for the ensuing fiscal year, and authorization of the directors to fix their remuneration.

Please refer to the “Matters to Be Acted Upon” section of this Circular for more information.

Additional Information on Subordinate Voting Shares and Multiple Voting Shares

The discussion in this section is qualified in its entirety by the restated articles of incorporation of the Corporation available under “Governance – Governance Documents” on the Corporation’s investor relations website at ir.coveo.com.

The Subordinate Voting Shares are “restricted securities” within the meaning of such term under applicable Canadian securities laws in that they do not carry equal voting rights with the Multiple Voting Shares. Each Subordinate Voting Share entitles the holder thereof to one vote at a duly convened meeting of Shareholders such as the Meeting, and each Multiple Voting Share entitles the holder thereof to ten (10) votes at a duly convened meeting of Shareholders such as the Meeting. As of close of business at 5:00 p.m. (Eastern Time) on July 31, 2026 (the “**Record Date**”), (i) there were 39,989,138 Multiple Voting Shares and 53,481,424 Subordinate Voting Shares issued and outstanding, and (ii) the aggregate voting rights associated with all of the Multiple Voting Shares and the Subordinate Voting Shares issued and outstanding represented approximately 88% and 12% of the voting rights attached to all of the issued and outstanding voting shares of Coveo, respectively.

Multiple Voting Shares are convertible into Subordinate Voting Shares on a one-for-one basis at the option of the holder. In addition, each Multiple Voting Share is convertible into one Subordinate Voting Share automatically upon transfer thereof to a third party (other than a permitted transferee or another holder of Multiple Voting Shares), as more fully described under the “Description of Share Capital” section of our annual information form dated May 27, 2026 and available on SEDAR+ at www.sedarplus.ca (the “**Annual Information Form**”).

Holders of Subordinate Voting Shares and Multiple Voting Shares will vote together on all matters subject to a vote of holders of both those classes of shares as if they were one class of shares, except to the extent that a separate vote of holders as a separate class is required by law.

A simple majority of the votes cast by proxy or at the Meeting by the holders of Multiple Voting Shares and Subordinate Voting Shares of Coveo, voting together as a single class, will constitute approval of each of the matters specified in this Circular.

Under applicable Canadian securities laws, an offer to purchase Multiple Voting Shares would not necessarily require that an offer be made to purchase Subordinate Voting Shares. However, the holders of Subordinate Voting Shares benefit from contractual protections provided under a customary coattail agreement (the “**Coattail Agreement**”) that give them certain rights in the event of a take-over bid for the Multiple Voting Shares. A more detailed summary of such contractual protections can be found in the section entitled “Description of Share Capital – Subordinate Voting Shares and Multiple Voting Shares – Take-Over Bid Protection” of the Annual Information Form. A copy of the Coattail Agreement can be found under the Corporation’s profile on SEDAR+ at www.sedarplus.ca.

Principal Voting Shareholders

To the knowledge of the directors and executive officers of the Corporation, the only persons who, as at the Record Date, beneficially own, control or direct, directly or indirectly, voting shares carrying 10% or more of the voting rights attached to any class of our voting shares were Fonds de solidarité des travailleurs du Québec (F.T.Q.), Investissement Québec and Qatar Investment Authority (through Al-Rayyan Holding LLC). Voting as a Non-Registered Shareholder

You may vote in the following manners (understanding that the procedures described below may vary depending on whether you are an OBO or a NOBO, and that you should reach out to your intermediary to confirm):

	Internet	Go to www.proxyvote.com and follow the instructions.
	Telephone	Call 1-888-489-7352 (bilingual) and follow the instructions. If you use this method you can only appoint, as your proxyholder, the executive officers and/or directors of the Corporation named on your voting instruction form.
	Mail	Return your completed voting instruction form in the postage pre-paid return envelope provided. Make sure to follow the relevant signature and return instructions. To appoint a proxyholder other than management of the Corporation, please refer to “Appointment of a Proxyholder” below.
	At the Meeting	You may vote at the Meeting by appointing yourself as proxyholder. To do so, see “Attending, Participating and Voting at the Meeting as a Non-Registered Shareholder” immediately below.

Your intermediary is required to seek your voting instructions in advance of the Meeting. Although each intermediary has different procedures (and absent any request on your end not to receive information about certain reporting issuers, including the Corporation), you should generally have received from your intermediary a package of information with respect to the Meeting, including a voting instruction form. If you are an OBO, you received these materials from your intermediary or its agent (such as Broadridge) (absent any request on your end not to receive information about certain reporting issuers, including the Corporation). Coveo intends to pay for proximate intermediaries to send the proxy-related materials to OBOs.

The Corporation is sending copies of the notice of availability of proxy materials and a voting instruction form directly to NOBOs under *National Instrument 54-101 - Communications with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”).

With respect to OBOs, your intermediary or its agent has its own signature and return instructions. It is important that you comply with these instructions if you want the voting rights attached to your shares to be exercised. If you choose to vote by completing and returning a voting instruction form, it is recommended to do so as soon as possible, and in any event by the deadlines set forth by your intermediaries, to allow sufficient time for your intermediaries to process your voting instructions and correctly transmit them to the Corporation. If you vote on the Internet or by telephone, you must do so no later than 11:00 a.m. (Eastern Time) on September 18, 2026.

Attending, Participating and Voting at the Meeting as a Non-Registered Shareholder

If you are a non-registered Shareholder and wish to vote at the Meeting, you have to complete the steps set forth immediately below, including appointing yourself as proxyholder. As neither Coveo nor TSX Trust Company, the Corporation's transfer agent, have a record of the names of the non-registered Shareholders, if you do not follow the procedures below, including duly appointing yourself as proxyholder, you will not be able to participate, ask questions and/or vote at the Meeting, but you will be able to attend as a guest.

If you are a non-registered Shareholder and wish to participate, ask questions, interact with other Shareholders and/or vote at the Meeting, you must:

1. FIRST, submit your voting instruction form and appoint yourself as proxyholder, by following the complete procedure set out under "Appointment of a Proxyholder" below, within the deadline set forth therein.
2. SECOND, log in at <https://meetings.lumiconnect.com/400-806-952-507> at least 15 minutes before the Meeting starts using an Internet connected device such as a laptop, computer, mobile device or tablet. You must be connected to the Internet at all relevant times in order to be able to vote when solicited – it is your responsibility to make sure you stay connected for the entire Meeting. To log-in, you MUST go to the above link and (i) select "I have a login", (ii) enter the 13-digit proxyholder control number that you have received by email from TSX Trust Company, after you have duly appointed yourself as proxyholder, as your "Username", and (iii) enter coveo2026 (case sensitive) as the "Password". From that point out, please follow the instructions to participate, ask questions and vote at the Meeting (when prompted).

If you want to attend as a Guest

Guests, including non-registered Shareholders who have not duly appointed themselves as proxyholder, may attend the Meeting but are not able to participate, ask questions, interact with other Shareholders and/or vote. To attend the meeting as a guest, please log in at <https://meetings.lumiconnect.com/400-806-952-507> at least 15 minutes before the Meeting starts using an Internet connected device such as a laptop, computer, mobile device or tablet, and follow the procedures prompted on screen by clicking "I am a guest" and entering the information required.

How Shares are Voted

You have the choice to vote FOR or AGAINST (for the election of our directors) and FOR or WITHHOLD (for the appointment of the Auditors).

If you properly complete and return the form of proxy (if you are a registered Shareholder) or voting instruction form (if you are a non-registered Shareholder) that you have received, you will authorize Karine Hamel, the Corporation's Chief Financial Officer, or, failing her, Gillian (Jill) Denham, a director of the Corporation, to vote your shares for you at the Meeting according to your voting instructions. Properly completed and returned forms of proxy and/or voting instruction forms confer discretionary authority upon the proxyholder with respect to all amendments to matters set forth in the Notice of Meeting and any other matter which may be properly brought at the Meeting. As at the date of this Circular, management of the Corporation is not aware of any such amendments or other matters to be brought at the Meeting.

Unless specific instructions are provided, or if you complete and return your form of proxy or voting instruction form without any indication as to how you want your shares to be voted, the voting rights attached to the shares represented by a duly completed and returned form of proxy or voting information form received by the management of the Corporation will be voted:

- FOR the election of the seven (7) nominees proposed as directors; and
- FOR the appointment of the Auditors, as the independent auditors of the Corporation, for the ensuing fiscal year, at a remuneration to be fixed by the Board of the Corporation.

You may choose someone other than Karine Hamel (failing her, Gillian (Jill) Denham) to act as your proxyholder, including someone who is not a holder of shares of the Corporation. To do so, you simply need to insert that person's name in the blank space provided in the form of proxy or, if applicable, voting instruction form. See "Appointment of a Proxyholder" below for the complete procedure to follow to appoint another person to act as your proxyholder.

On your form of proxy or voting instruction form, you may indicate how you want your proxyholder to vote your shares, or you can let your proxyholder decide for you. If you specify a choice with respect to any matter to be acted upon, your shares will be voted accordingly. If you have not specified on the form of proxy or voting instruction form how you want your shares to be voted on a particular matter, then your proxyholder can vote your shares as they see fit. If you return a form of proxy or voting instruction form appointing Karine Hamel (or, failing her, Gillian (Jill) Denham) as your proxyholder, they will vote your shares as mentioned hereinabove.

As a reminder, the form of proxy or voting instruction form that you have received gives authority to your proxyholder (should you have one) to use their discretion in voting on amendments to matters identified in the Notice of Meeting and on any other items that may properly come before the Meeting or any adjournment or postponement thereof.

Appointment of a Proxyholder

As a Shareholder, you have the right to appoint a proxyholder other than the persons whose names already appear as proxyholders in the form of proxy or voting instruction form (i.e., Karine Hamel or, failing her, Gillian (Jill) Denham). The following applies to Shareholders who wish to appoint someone as their proxyholder other than Karine Hamel (or, failing her, Gillian (Jill) Denham), as representative of management of the Corporation. This includes non-registered Shareholders who wish to participate, ask questions, interact with other Shareholders and/or vote at the Meeting and as such, need to appoint themselves as proxyholder as set forth in "Attending, Participating and Voting at the Meeting as a Non-Registered Shareholder" above.

If you wish to appoint someone as your proxyholder other than Karine Hamel (or, failing her, Gillian (Jill) Denham), or if you are a non-registered Shareholder and wish to participate, ask questions and/or vote at the Meeting, you need to follow all of the following steps (in addition to those set forth above under "Attending, Participating and Voting at the Meeting as a Non-Registered Shareholder" if you are a non-registered Shareholder that wishes to participate, ask questions, interact with other Shareholders and/or vote at the Meeting):

1. FIRST, you need to submit your form of proxy or voting instruction form such that it is received by our transfer agent by 11:00 a.m. (Eastern Time) on September 18, 2026. Note that if you are a non-registered Shareholder and are submitting your voting instruction form, your intermediary may request to receive it prior to 11:00 a.m. (Eastern Time) on September 18, 2026 in order to be able to process your voting instructions in time. We recommend that you send your voting instruction form at least 72 hours prior to the foregoing cut-off date in order to allow sufficient time for your instructions to be processed. To appoint someone other than the management appointees as proxyholder, insert that person's name in the blank space provided in the form of proxy or, as applicable, voting instruction form, and follow closely the instructions for submitting such form of proxy or voting instruction form, as they may vary depending on your location and your intermediary. This first step must be completed before completing the SECOND step below, which is an additional step to be completed once you have submitted your form of proxy or voting instruction form.

As a reminder, if you are a non-registered Shareholder and wish to participate, ask questions, interact with other Shareholders and/or vote at the Meeting, you have to insert your own name on the space provided on the voting instruction form sent to you by your intermediary, and also follow all the instructions provided by your intermediary. By doing so, you will be instructing your intermediary to appoint you as proxyholder. It is important that you comply with the instructions provided by your intermediary – such instructions may be different depending on your location and the identity of the intermediary through which you hold your shares.

2. SECOND, you need to register your proxyholder (including yourself, if you are a non-registered Shareholder who wishes to appoint yourself as proxyholder to participate, ask questions, interact with other Shareholders and/or vote at the Meeting). To register your proxyholder (including yourself as proxyholder), you must either call TSX Trust Company at 1-866-751-6315 (Canada and United States) or 416-682-3860 (other countries) OR complete the online registration form at <https://www.tsxtrust.com/control-number-request>, by 11:00 a.m. (Eastern Time) on September 18, 2026, so that TSX Trust Company may provide your proxyholder (including yourself, if applicable) with a 13-digit proxyholder control number via e-mail to be used to connect to the Meeting. Such 13-digit proxyholder control number will differ from the control number set forth on your voting instruction form.

As a reminder, without a proxyholder control number, proxyholders will not be able to participate, ask questions, interact with other Shareholders and/or vote at the Meeting and will only be able to assist as a guest at the Meeting. Failure to register your proxyholder will result in the proxyholder not receiving a 13-digit proxyholder control number that is required to participate, ask questions, interact with other Shareholders and/or vote at the Meeting. If you are a non-registered Shareholder, failure to register yourself as proxyholder will result in you not being able to participate, ask questions, interact with other Shareholders and/or vote at the Meeting, and only being able to assist as guest.

3. FOR UNITED STATES SHAREHOLDERS ONLY: If you are a non-registered Shareholder located in the United States and wish to participate, ask questions and/or vote at the Meeting or, if permitted, appoint a third party as your proxyholder (including yourself), in addition to the steps described immediately, YOU MUST obtain a valid legal proxy from your intermediary. Follow the instructions from your intermediary included with the legal proxy form and/or the voting instruction form sent to you, or contact your intermediary to request a legal proxy form or a legal proxy if you have not received one. After obtaining a valid legal proxy from your intermediary, you must then submit a copy of such legal proxy to TSX Trust Company. Requests for registration from non-registered Shareholders located in the United States that wish to participate, ask questions, interact with other shareholders and/or vote at the Meeting or, if permitted, appoint a third party as their proxyholder must be sent by e-mail to proxyvote@tmx.com and must be labeled as "legal proxy" and received by no later than 11:00 a.m. (Eastern time) on September 17, 2026.

A duly appointed proxyholder (including yourself, if you are a non-registered Shareholder and wish to participate, ask questions, interact with other Shareholders and/or vote at the Meeting) must attend the Meeting virtually to vote your shares. If the proxyholder attends the Meeting, they will be able to vote virtually at the Meeting online using the 13-digit proxyholder control number provided by TSX Trust Company after they have been duly registered.

Revocation of Proxy or Voting Instructions

If you are a registered Shareholder, you may revoke your form of proxy by (i) duly completing a second form of proxy bearing a later date and delivering it to TSX Trust Company at: Proxy Department, P.O. Box 721, Agincourt, Ontario, M1S 0A1, or (ii) stating clearly, in writing, that you wish to revoke your form of proxy and delivering such written statement to TSX Trust Company; in each case, no later than the last business day before the day of the Meeting or any adjournment or postponement thereof.

If you are a non-registered Shareholder, you should contact your intermediary to find out whether it is possible to change your voting instructions and what procedure to follow. Intermediaries may set deadlines for the receipt of revocation notices that are farther in advance of the Meeting than those set out above and, accordingly, any such revocation should be completed well in advance of the deadline prescribed in the voting instruction form to ensure it is given effect at the Meeting.

In addition, if you have followed the process for registered Shareholders or non-registered Shareholders, as applicable, for participating, asking questions and/or voting at the Meeting, voting at the Meeting will revoke any previous proxy or voting instruction form.

Other Important Information

Waiver of Cut-Off

The Chair of the Meeting reserves the right to accept late proxies and may waive or extend the proxy cut-off, with or without notice, but is under no obligation to accept or reject any particular late proxy.

Confidentiality of Votes

TSX Trust Company preserves the confidentiality of individual Shareholder votes, except (i) where a Shareholder clearly intends to communicate their individual position to the management of Coveo, and (ii) as necessary in order to comply with legal requirements.

Meeting Rules of Conduct

In the interest of holding a fair and productive Meeting, the following rules will apply during the Meeting.

- The Corporation's by-laws describe requirements for meetings of shareholders, and the Chair of the Meeting will conduct the meeting consistent with those requirements.
- A Shareholder needs to have held shares as at the close of business on the Record Date in order to participate, ask questions and/or vote while attending the Meeting. To participate, ask questions and/or vote, Shareholders and duly appointed proxyholders are asked to strictly follow the instructions set out in the Circular.
- All registered Shareholders and duly appointed proxyholders (including non-registered Shareholders who have duly appointed themselves as proxyholders) who log on to the Meeting as such are allowed to ask questions during the Meeting. If a Shareholder or a duly appointed proxyholder has a question about one of the matters on the agenda to be voted on at the Meeting, such question should be submitted as soon as possible during the Meeting so that it can be addressed at the appropriate time. Questions may be asked during the Meeting by writing through the live webcast after logging in. Guests will not be able to submit questions either before or during the Meeting or vote during the Meeting. Shareholders and duly appointed proxyholders may communicate with each other using the messaging function of the Meeting platform.
- Following adjournment of the formal business of the Meeting, management will give a presentation about the Corporation's business and activities. At the conclusion of the presentation, the Corporation will hold a live Q&A session to address general questions submitted during the Meeting. Questions submitted during the formal portion of the Meeting may be addressed by the appropriate person during the relevant order of business if appropriate or, if deemed more appropriate, at the formal Q&A session at the end of the Meeting.
- To allow the Corporation to answer as many questions as possible from Shareholders and duly appointed proxyholders, please ensure your questions are succinct and cover only one topic per question. Questions from multiple Shareholders or duly appointed proxyholders on the same topic or that are otherwise related may be grouped, summarized and answered together.
- The Chair of the Meeting reserves the right to edit or reject questions he deems inappropriate, or to limit the number of questions per Shareholder or duly appointed proxyholder to ensure that as many Shareholders as possible have the opportunity to ask questions. The Chair of the Meeting has broad authority to conduct the Meeting in an orderly manner. To ensure the Meeting is conducted in a manner that is fair to all participants, the Chair of the Meeting may exercise broad discretion in the order in which questions are asked and the amount of time devoted to any one question.

- The Corporation does not intend to address any questions that are, among other things: irrelevant to the business of the Corporation or to the business of the Meeting; related to material non-public information of the Corporation; related to personal grievances; derogatory references to individuals or that are otherwise in bad taste; hostile or otherwise disruptive to the ordinary conduct of the Meeting; repetitious statements already made by another Shareholder or duly appointed proxyholder or questions that have already been addressed in response to a previous question; in furtherance of a participant's personal or business interests; or out of order or not otherwise suitable for the conduct of the Meeting as determined by the Chair of the Meeting or the Corporate Secretary, in their reasonable judgment.
- If there are any matters of individual concern to a participant and not of general concern to all participants, or if a question was not otherwise answered, such matters may be raised separately after the Meeting by contacting the Senior Vice President and General Counsel at legal@coveo.com or our investor relations department at investors@coveo.com.
- In the event of a technical malfunction or other significant problem that disrupts the Meeting, the Chair of the Meeting may adjourn, recess, postpone or expedite the Meeting, or take such other action as the Chair determines is appropriate considering the circumstances.
- Recording of the Meeting is prohibited.

Election of the Directors and Other Information on Nominees

The restated articles of incorporation of the Corporation (as amended and/or restated from time to time, the “**Articles**”) provide that the Board shall consist of not less than three (3) and not more than fifteen (15) directors (subject to the discussion under “Nomination Rights Agreement” below), which number is to be determined, from time to time, by resolution of the Board. Coveo’s directors are elected annually, and the term of office of each director so elected expires upon the election of their successor unless they resign or their office shall become vacant by death, removal or other cause.

Currently, the Board consists of seven (7) directors, five (5) of which are independent. All such directors are standing for election at the Meeting, to be elected until the next annual meeting of Shareholders of Coveo. The persons named in the accompanying form of proxy or voting instruction form, as applicable, will vote FOR the election of each of the seven (7) nominees whose names are hereinafter set forth under “The Director Nominees for 2026”.

The Board considers that the composition of the group of proposed director nominees as well as the number of individuals in that group will allow the Board to function efficiently, in the Corporation’s and its stakeholders’ best interests. If any nominee should become unable or unwilling to serve as a director prior to the election, the persons named in the form of proxy (i.e., Karine Hamel or, failing her, Gillian (Jill) Denham) reserve the right to vote for another nominee in their discretion, subject to certain exceptions.

Information regarding the nominees relating to their independence, year first elected or appointed as a director, age, municipality and country of residence, principal occupation, main areas of expertise, and committee memberships (Audit Committee, Compensation Committee and Risk and Governance Committee), is provided in the biographical charts below and throughout the Circular. Also indicated for each nominee are the number of Multiple Voting Shares and/or Subordinate Voting Shares beneficially owned, controlled or directed, directly or indirectly, by the nominee, and the number of options or share units held by the nominee, as applicable, as at August 3, 2026.

For details relating to the attendance of each Board nominee director at Board and committee meetings for Fiscal 2026 and for a summary of the compensation each Board nominee received during Fiscal 2026 for serving on the Board and, as applicable, Board committees, please see "Director Compensation and Information" below. A description and discussion of each core skill of our Board nominees is also set forth under "Recruitment and Election of Directors and Director Skills Matrix".

THE BOARD OF DIRECTORS OF THE CORPORATION AND MANAGEMENT OF THE CORPORATION RECOMMEND THAT SHAREHOLDERS VOTE "FOR" THE ELECTION OF EACH OF THE SEVEN (7) BOARD NOMINEES PROPOSED IN THIS CIRCULAR.

The persons named in the accompanying proxy form or voting instruction form, as applicable, will vote "FOR" the election of the seven (7) board nominees to act as directors of the Corporation for the ensuing fiscal year, unless otherwise instructed.

The election of directors at the Meeting is governed by the majority voting requirements under the *Canada Business Corporations Act* (the "CBCA") and its regulations which came into force on August 31, 2022. These requirements are such that in an uncontested election of directors, such as the election of directors to take place at this Meeting, a nominee must receive a majority of the total votes cast "for" and "against" such nominee in favour of their election in order to be elected as a director (versus "for" or "withhold" as was the case previously). If a nominee does not receive a majority of votes cast by Shareholders in favour of their election, they will not be elected and the Board position will remain open, except that an incumbent director will be permitted to remain in office until the earlier of (a) the 90th day after the day of the election or (b) the day on which their successor is appointed or elected. These statutory majority voting requirements only apply to "uncontested" elections of directors, meaning elections where the number of director nominees is the same as the number of directors to be elected to the Board (such as the election of directors to take place at the Meeting).

Additional Information

To the knowledge of Coveo and based upon information provided by the Board nominees, no such nominee:

- a) is, as at the date of this Circular, or has been, within ten years before the date of this Circular, a director or executive officer of any company (including Coveo) that:
- was the subject, while such person was acting in that capacity, of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days; or
 - was subject to an event that occurred while that person was acting in such capacity and which resulted, after the director or executive officer ceased to be a director or executive officer, in the company being the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days; or
 - while such person was acting in that capacity or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- b) has, within the ten years before the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

Furthermore, to our knowledge, no director has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority, or has entered into a settlement agreement with a securities regulatory authority, or has been subject to any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable investor in deciding whether to vote for the proposed director.

Appointment of the Independent Auditors and Audit Committee Information

Appointment of the Independent Auditors

Coveo proposes that PricewaterhouseCoopers LLP be appointed as its independent auditors for the ensuing fiscal year, and that the Board be authorized to fix their remuneration. The Auditors have been appointed as auditors of the Corporation since its incorporation in 2004.

THE BOARD OF DIRECTORS OF THE CORPORATION AND MANAGEMENT OF THE CORPORATION RECOMMEND THAT SHAREHOLDERS VOTE “FOR” THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS AUDITORS OF THE CORPORATION FOR THE ENSUING FISCAL YEAR, AND AUTHORIZE THE BOARD OF DIRECTORS OF THE CORPORATION TO FIX THEIR REMUNERATION.

The persons named in the accompanying form of proxy or voting instruction form, as applicable, will vote “FOR” the appointment of PricewaterhouseCoopers LLP, chartered professional accountants, as auditors of the Corporation for the ensuing fiscal year, and authorize the Board to fix their remuneration, unless otherwise instructed.

Audit Committee Information

Fay Sien Goon acts as Chair of the Audit Committee of Coveo and Eric Lamarre and Gillian (Jill) Denham are currently its other members. Each of Ms. Goon, Mr. Lamarre and Ms. Denham is “independent” and “financially literate” within the meaning of National Instrument 52-110 – Audit Committees (as amended from time to time, “NI 52-110”).

The Audit Committee assists the Board in its oversight of the integrity of the financial statements, the financial and accounting reporting processes, both internal and external, and related information, the work independence, qualifications and appointment and performance of the Corporation’s external auditor, compliance with applicable legal and regulatory requirements, disclosure, controls and audit procedures (internal and external), financial exposure and risk management processes, treasury, tax, hedging, and financial strategies and policies, and Whistleblower Policy and processes. The Audit Committee also serves to facilitate communication with respect to accounting and auditing matters between the external auditors, Board, management, and other employees of the Corporation.

For further information relating to the Audit Committee and independent auditors of the Corporation, please refer to the section entitled “Schedule A – Information on the Audit Committee” in the Corporation’s Annual Information Form for Fiscal 2026, which has been filed under the Corporation’s profile on SEDAR+ at www.sedarplus.ca. The text of the Audit Committee Charter is reproduced in its entirety in Schedule B to the Corporation’s Annual Information Form. A copy of the Audit Committee Charter is otherwise available on Coveo’s investor relations website at ir.coveo.com.

Director Compensation and Information

This section describes the approach to compensation for the directors at Coveo.

Our directors' compensation program is designed to attract and retain the most qualified individuals to serve on the Board. The Risk and Governance Committee is responsible for reviewing and approving any changes to the directors' compensation arrangements. In that respect, the Board and the Risk and Governance Committee compare on an annual basis the compensation of the Corporation's directors with that of the Comparator Group (as defined below). For more information about said Comparator Group, including the criteria used by the Corporation to select the companies included in the group, please refer to the "Comparator Group Benchmarking" section of this Circular.

This year, following an exercise piloted by management, at the request of the Risk and Governance Committee, no change was proposed to the quantum of the directors' retainers compared to the retainers disclosed in last year's management proxy circular.

Director Compensation

Elements of Compensation During Fiscal 2026

Only non-executive directors receive compensation for acting as members of the Board and any of its committees. In consideration for serving on the Board, each non-executive director is paid an annual cash retainer and an annual equity retainer and is reimbursed for reasonable out-of-pocket expenses incurred while serving as director. The following table illustrates the elements of compensation to which non-executive directors were entitled, as members of the Board, and, if applicable, as members of a committee of the Board, during Fiscal 2026. All directors are paid in U.S. dollars.

Position	Type of Fee	Amount per Year
Member of the Board	Cash Retainer Equity Retainer	\$30,000 \$170,000
Lead Director	Additional Cash Retainer	\$15,000
Audit Committee Chair	Additional Cash Retainer	\$20,000
Audit Committee Member	Additional Cash Retainer	\$10,000
Compensation Committee Chair	Additional Cash Retainer	\$12,000
Compensation Committee Member	Additional Cash Retainer	\$5,000
Risk and Governance Committee Chair	Additional Cash Retainer	\$7,500
Risk and Governance Committee Member	Additional Cash Retainer	\$4,000

Mr. Têtu and Mr. Simoneau do not receive any compensation to act as Board members as they are executives of the Corporation. For a description of their compensation as executives of the Corporation, see “Summary Compensation Table” below.

No fees are paid for attendance at Board or committee meetings. The total retainer is deemed to be full payment for the role of director. An exception to this approach could be made in the event of a special transaction or other special circumstances that would require more meetings than are typically required. No such exception was made during Fiscal 2026.

The equity retainers are paid in deferred share units (“DSUs”) on an annual basis. DSUs are granted at the beginning of the director’s term, have a one-year vesting period and are otherwise subject to the terms of the Corporation’s amended and restated omnibus incentive plan (as further amended from time to time, the “**Omnibus Incentive Plan**”). Cash retainers are paid on a quarterly basis. Directors may also elect to receive their cash retainers in DSUs, issued quarterly and vested upon grant. During Fiscal 2026, Mr. Yépez, Ms. Zamuner and Mr. Lamarre elected to receive their cash retainers in DSUs. The number of DSUs to be issued as equity retainers and/or upon an election to receive cash retainers in DSUs is based on the greater of (i) the volume-weighted average trading price of the Subordinate Voting Shares on the TSX for the five (5) trading days immediately preceding the date of grant, and (ii) the closing price of the Subordinate Voting Shares on the TSX on the last trading day preceding such date (and, for purposes of U.S./Canadian dollars conversion, on the applicable daily rate of exchange posted by the Bank of Canada).

In addition, the Corporation may, at the Board’s discretion, make an initial grant of DSUs or restricted share units (“RSUs”) to newly appointed or elected directors, up to a maximum amount equal to 200% of the equity retainer. No such extraordinary grants have been made during Fiscal 2026.

Director Summary Compensation Table

The table below shows all the compensation earned by each current or past director during Fiscal 2026. Mr. Têtu and Mr. Simoneau did not receive any compensation to act as Board members as they are executives of the Corporation. The remuneration of Mr. Têtu and Mr. Simoneau is disclosed under “Summary Compensation Table” below. All directors are paid in U.S. dollars.

Director	Cash Retainers ⁽¹⁾ (US\$)	Equity Retainers / Share-Based Awards ⁽¹⁾⁽²⁾ (US\$)	Total Compensation (US\$)

Alberto Yépez ⁽³⁾	-	224,304	224,304
Fay Sien Goon	50,000	170,003	220,003
Valéry Zamuner ⁽⁴⁾	-	210,958	210,958
Eric Lamarre ⁽⁵⁾	-	204,499	204,499
Shanti Ariker ⁽⁶⁾	-	30,688	30,688

- (1) Cash retainers paid in C\$ and fair value of share-based awards converted in US\$ at the daily rate of exchange posted by the Bank of Canada for conversion on the grant date.
- (2) Represents the fair value of DSUs granted during Fiscal 2026. The fair value of DSUs granted during Fiscal 2026, either as equity retainers or, at the election of the relevant directors, as replacement of their cash retainers, is calculated in accordance with the Omnibus Incentive Plan. The grant date fair value of each DSU granted is equal to the greater of (i) the volume-weighted average trading price of the Subordinate Voting Shares on the TSX for the five (5) trading days immediately preceding the date of grant, and (ii) the closing price of the Subordinate Voting Shares on the TSX on the last trading day preceding such date. As such, it differs from the accounting fair value determined in accordance with *IFRS 2 – Share-based Payment* which is calculated based on the closing price of the Subordinate Voting Shares on the Toronto Stock Exchange (“TSX”) on the day preceding the grant date.
- (3) Mr. Yépez has elected to receive his cash retainer in the form of DSUs. However, as of March 31, 2026, the DSUs to be received by Mr. Yépez in lieu of his cash retainer earned during a portion of Fiscal 2026 had not yet been issued by the Corporation, such that the amount included in the table above excludes US\$9,751 worth of DSUs earned by Mr. Yépez for Fiscal 2026, but not yet issued as of March 31, 2026, and includes US\$15,250 worth of DSUs earned by Mr. Yépez for the Fiscal 2025 but issued in Fiscal 2026. As of the date of this Circular, all DSUs earned by Mr. Yépez have been issued.
- (4) Ms. Zamuner has elected to receive her cash retainer in the form of DSUs. However, as of March 31, 2026, the DSUs to be received by Ms. Zamuner in lieu of her cash retainer earned during a portion of Fiscal 2026 had not yet been issued by the Corporation, such that the amount included in the table above excludes US\$9,377 worth of DSUs earned by Ms. Zamuner for Fiscal 2026, but not yet issued as of March 31, 2026, and includes US\$10,626 worth of DSUs earned by Ms. Zamuner for the Fiscal 2025 but issued in Fiscal 2026. As of the date of this Circular, all DSUs earned by Ms. Zamuner have been issued.
- (5) Mr. Lamarre has elected to receive his cash retainer in the form of DSUs. However, as of March 31, 2026, the DSUs to be received by Mr. Lamarre in lieu of his cash retainer earned during a portion of Fiscal 2026 had not yet been issued by the Corporation, such that the amount included in the table above excludes US\$11,250 worth of DSUs earned by Mr. Lamarre for Fiscal 2026, but not yet issued as of March 31, 2026, and includes US\$7,501 worth of DSUs earned by Mr. Lamarre for the Fiscal 2025 but issued in Fiscal 2026. As of the date of this Circular, all DSUs earned by Mr. Lamarre have been issued.
- (6) Ms. Ariker was not standing for re-election at the Corporation’s 2025 AGM, as in the proxy circular for Fiscal 2025. Ms. Ariker had elected to receive her cash retainer in the form of DSUs. The amount included in the table above includes US\$11,002 worth of DSUs earned by Ms. Ariker for Fiscal 2025 but issued in Fiscal 2026.
- (7) Mr. Kim was not standing for re-election at the Corporation’s 2025 AGM, as mentioned in the proxy circular for Fiscal 2025. Mr. Kim had elected to receive his cash retainer in the form of DSUs. The amount included in the table above includes US\$7,501 worth of DSUs earned by Mr. Kim for Fiscal 2025 but issued in Fiscal 2026.

Members of the Board do not receive any options, non-equity incentive plan compensation, pension value or other compensation, other than as disclosed in the table above.

Director Share Ownership Guidelines

The Board believes that it is important that directors demonstrate their commitment to Coveo’s long-term growth and align their incentives with Shareholder interests through ownership of Coveo securities. As such, the Board has adopted:

- share ownership guidelines for non-executive directors, pursuant to which each non-executive director is required to hold Subordinate Voting Shares and/or DSUs of the Corporation with an aggregate minimum value at least equal to three (3) times their annual total cash and equity retainer as at the end of each relevant fiscal year, within a five-year period starting at the later of (i) November 24, 2021, and (ii) the date the director was first appointed or elected to the Board; and
- share ownership guidelines for executives, which apply to Mr. Têtu and Mr. Simoneau, pursuant to which each of Mr. Têtu and Mr. Simoneau are required to hold Subordinate Voting Shares, fully-vested restricted share units, performance share units or DSUs with an aggregate minimum value at least equal to five (5) times their annual base salary as at the end of each relevant fiscal year, within a five-year period of November 24, 2021 (as further described below).

Share ownership guidelines are reviewed annually by the Risk and Governance Committee of the Board. No changes were proposed to such guidelines during Fiscal 2026.

The following table describes the total holdings of each non-executive director and attainment of the minimum ownership requirements as at July 31, 2026. As a reminder, non-executive directors must comply with the minimum ownership requirements within a five-year period starting at the later of November 24, 2021 and the date the relevant director was first appointed or elected to the Board. See “NEO Share Ownership Guidelines” below for a similar table for our NEOs (as defined below), including Mr. Têtu.

Statement of Corporate Governance Practices

Coveo strongly believes that robust corporate governance plays an important role in our overall success and in enhancing long-term shareholder value. In connection therewith, Coveo has adopted corporate governance policies and practices which are designed to comply with (and in certain instances, exceed) the requirements of NI 52-110, which sets out rules regarding the composition and responsibilities of public company audit committees, *National Policy 58-201 – Corporate Governance Guidelines*, *National Instrument 58-101 – Disclosure of Corporate Governance Practices* and *National Instrument 51-102 – Continuous Disclosure Obligations*.

In addition to its Disclosure Committee, the Corporation has a Disclosure Sub-Certification Committee, aimed at, among other things, assisting our Chief Executive Officer and Chief Financial Officer in fulfilling their responsibilities for designing, implementing and maintaining disclosure controls and procedures to (i) provide reasonable assurance that information required to be disclosed by the Corporation in its filings and other reports is recorded, processed, summarized and reported within the time periods specified in applicable securities legislation, and (ii) monitor the effectiveness of the Corporation's disclosure controls and procedures to ensure that the information required to be disclosed in the Corporation's filings is known to the committees and recorded, processed, summarized and reported within the required time periods.

The Corporation's Modern Slavery Report for Fiscal 2026 and the current version of its Code of Business Conduct are accessible on the Corporation's SEDAR+ profile at www.sedarplus.ca and on the investor relations website of the Corporation at ir.coveo.com.

Composition of the Board of Directors

Under our Articles, our Board is to consist of a minimum of three (3) and a maximum of fifteen (15) directors (subject to the discussion under "Nomination Rights Agreement" below), as determined from time to time by our Board. As of the date of this Circular, the Board is composed of seven (7) directors, all of whom are standing for re-election at the Meeting. Detailed information on each nominee proposed to be elected as director of the Corporation until the 2027 annual general meeting of shareholders of the Corporation can be found under "The Director Nominees for 2026" of this Circular.

Louis Têtu is the Executive Chairman of the Board. Gillian (Jill) Denham serves as Lead Independent Director.

Other Directorships

The following director nominees are currently directors of other issuers that are reporting issuers (or the equivalent) in a jurisdiction of Canada or a foreign jurisdiction:

Director	Reporting Issuer	Stock Exchange
Louis Têtu	Alimentation Couche-Tard Inc.	TSX
	CAE Inc.	TSX and NYSE
Gillian (Jill) Denham	Kinaxis Inc.	TSX
Eric Lamarre	WSP Global Inc.	TSX

The Board has not adopted a director interlock policy, but is keeping informed of other public directorships held by its members. As of July 31, 2026, none of the Corporation's directors serve together on any other public company's board of directors.

Director Independence

The majority of the directors on the Board are independent within the meaning of NI 58-101 and NI 52-110. The Board is currently comprised of seven (7) directors, five (5) of whom are independent within the meaning of applicable securities laws, all of which are standing for re-election as directors until the 2027 annual general meeting of shareholders of the Corporation. It is the Board's determination that, pursuant to applicable standards, Louis Têtu and Laurent Simoneau are not independent by reason of the fact that they are, respectively, the Executive Chairman and Chief Executive Officer of the Corporation.

The Corporation has taken steps to ensure that adequate structures and processes are in place to permit the Board to function independently of management of the Corporation. The Board has designated Ms. Denham as lead independent director of the Board. She acts in accordance with the lead independent director position description set forth in the Board Mandate (as defined below).

If a director or officer holds an interest in a transaction or agreement under consideration at a Board meeting or a meeting of a committee of the Board, that director or officer may not be present at the time the Board or committee deliberates such transaction or agreement and shall abstain from voting on the matter, subject to certain limited exceptions provided for in the CBCA.

Responsibilities of the Board of Directors

The Board has adopted a written mandate describing (the “**Board Mandate**”), among other things, the Board’s role and overall responsibility to supervise the management of, and provide stewardship over, the business and affairs of Coveo. The Board, directly and through its committees and the Executive Chairman of the Board, provides direction to the executive officers of Coveo. The Board has overall responsibility for the Corporation’s strategic planning and budgets, risk management, ethics and compliance, financial reporting, sustainability matters, disclosure procedures and internal controls, corporate governance, cybersecurity, AI, and stakeholder engagement, including communications with Coveo’s Shareholders and the market generally. The mandate of the Board is reviewed every year by the Board, and is reproduced at [Exhibit A](#) to this Circular and is also available on Coveo’s investor relations website under the “Governance” section at ir.coveo.com.

Committees of the Board of Directors

The Board has three committees. Each committee is comprised of three independent directors, and acts pursuant to a written charter, copies of which are available on Coveo’s investor relations website under the “Governance” section at ir.coveo.com. The charter of each committee provides a position description for its respective Chair. For each committee, the Chair is responsible for providing leadership to enhance the effectiveness of the committee. The Chair also sets the agenda, ensures that the conduct of meetings provides adequate time for discussion of relevant issues and ensures that the outcome of meetings is properly reported to the Board. Committee charters are reviewed every year by the relevant committee and the Board.

Audit Committee

The Audit Committee consists of three directors, all of whom are independent. They are also all “financially literate”, as required by NI 52-110. The Board adopted a written charter setting forth the purpose, composition, authority and responsibility of the Audit Committee, consistent with NI 52-110, the applicable rules of the TSX and other applicable securities laws. The main objectives of the Audit Committee are to provide assistance to the Board in fulfilling its legal and fiduciary obligations with respect to matters involving the accounting, auditing, financial reporting, internal control and legal compliance functions, including the Board’s oversight of, among other things:

- the quality, integrity, fairness and completeness of the Corporation’s financial statements and financial information;
- the accounting and financial reporting policies, practices and procedures;
- the qualifications, appointment, performance and independence of the external auditor of the Corporation;
- the performance of the internal audit function;
- the Corporation’s disclosure controls and procedures, internal controls over financial reporting, and management’s responsibility for assessing and reporting on the effectiveness of such controls;
- the Corporation’s financial risk management practices and financial reporting compliance;
- the preparation of disclosures and reports required to be prepared by the committee by any applicable laws, regulations, rules and listing standards (the “**Applicable Laws**”); and
- the Corporation’s compliance with Applicable Laws.

In addition, the Committee provides an avenue for communication between the external auditor, management and other employees of the Corporation, as well as the Board, concerning accounting and auditing matters.

To fulfill its roles, duties and responsibilities, the Audit Committee may contact and have discussions with the Corporation’s external auditors and officers and employees and obtain Corporation information from such persons. The Audit Committee may obtain full access to all Corporation books, records, facilities and personnel in investigating matters within the scope of its responsibility. The Audit Committee may, in its sole discretion, retain and obtain the advice and assistance of independent outside counsel and such other advisors as it deems necessary to fulfill its duties and responsibilities and may set the compensation and oversee the work of any outside counsel and other advisors to be paid by the Corporation.

As a general rule, all meetings of the Audit Committee are attended by the Corporation’s auditors, the Chief Financial Officer, the Senior Vice President and General Counsel and other management members in the finance team. The Committee also meets in camera, in the absence of management and the external auditor, at each regularly scheduled meeting.

Compensation Committee

The Compensation Committee consists of three directors, all of whom are independent.

Gillian (Jill) Denham is the Chair of the Compensation Committee and Alberto Yépez and Eric Lamarre are the other current members. Please refer to “Attendance Record of Directors during Fiscal 2026” of this Circular to learn about the number of meetings held by the Compensation Committee during Fiscal 2026 and the attendance record of its current members.

The Board believes that the members of the Compensation Committee collectively have the knowledge, experience and background required to fulfill their mandate. For additional details regarding the relevant education and experience of each member of the Compensation Committee, including, where applicable, the direct experience that is relevant to certain committee members’ responsibilities in executive compensation, see the “The Director Nominees for 2026” section of this Circular.

The Board adopted a written charter setting forth the purpose, composition, authority and responsibility of the Compensation Committee. The Compensation Committee is responsible for, among other things, assisting the Board in:

- determining and reviewing executive compensation;
- overseeing executive appointments, performance evaluation and succession planning; and
- overseeing strategic labor and human resources policies.

As a general rule, all meetings of the Compensation Committee are attended by the Executive Chairman, if any, the Chief Executive Officer, the Chief Financial Officer, the Senior Vice President and General Counsel and the Chief Human Resources Officer. The Committee also meets *in camera*, in the absence of management, at each regularly scheduled meeting.

Risk and Governance Committee

The Risk and Governance Committee consists of three directors, all of whom are independent.

The Committee also meets *in camera*, in the absence of management, at each regularly scheduled meeting.

Lead Independent Director and Meetings of the Independent Directors

A formal structure enables the Board to function independently of the management of Coveo.

The Board appointed Gillian (Jill) Denham as Lead Independent Director. The Board has adopted a written position description for the Lead Director, which sets out the Lead Director's key responsibilities, including, among others, ensuring that the Board acts and functions independently from management in fulfilling its fiduciary obligations, evaluating any conflicts of interest between Coveo, minority shareholders and major shareholders, as applicable, and determining the process for dealing with same, advising the Executive Chairman of the Board and the Chief Executive Officer, as required, on the appropriate flow of information to the Board, and generally serving as the principal liaison, and ensuring that there is an effective relationship between, the independent directors and the Executive Chairman of the Board and between the independent directors and management. The Lead Director also generally ensures that the Board evaluates performance of management objectively, and understands the boundaries between the responsibilities of the Board and the management. The Lead Independent Director's position description is included in the Board Mandate.

The non-executive directors of the Board meet *in camera* at the end of each Board meeting and committee meeting.

Mandates of the Chair of the Board of Directors, the Chair of Each Committee and the Chief Executive Officer

The Board has adopted a written position description for the Chair of the Board, which sets forth the Chair's of the Board's key responsibilities, including, among others, ensuring the Board has structures and procedures in place to enable it to function independently of management, is organized properly, and functions effectively. The Chair of the Board also has duties relating to ensuring sufficiently frequent Board meetings, setting the agenda for, and ensuring matters set out therein are discussed and brought to resolution at, Board meetings and recommending chairs for the committees of the Board. If the Chair of the Board is an Executive Chair, as is currently the case, then the written position description provides a range of potential additional responsibilities for the Executive Chair, including as it relates to business activities, strategy, human resources, corporate development and other support. The mandate and responsibilities of the Chair of the Board are set out in the Board Mandate, reproduced at [Exhibit A](#) to this Circular and available on Coveo's investor relations website under the "Governance" section at ir.coveo.com.

In addition, the Board has adopted a written position description for each of its committee Chairs, which sets out each of the committee chair's key responsibilities, including, among others, reporting to the Board with respect to the matters reviewed by and any decisions or recommendations of the applicable committee, as well as duties relating to setting out committee meeting agendas, calling and chairing committee meetings, and working with the respective committee and management to ensure, to the greatest extent possible, the effective functioning of the committee. The mandate and responsibilities of the Chair of each committee are set out in the charter of each committee.

Finally, the Board has developed and implemented a written position description for the role of the Chief Executive Officer. The Chief Executive Officer is primarily responsible for the day-to-day management of the business and affairs of the Corporation, including establishing the strategic and operational priorities of the Corporation, providing leadership for the effective overall management of the Corporation, including in the areas of finance, administration, and governance, and acting as the principal spokesperson for the Corporation and overseeing interactions between the Corporation and the public. The mandate and responsibilities of the Chief Executive Officer are set out in the Chief Executive Officer Position Description, which is reviewed every year by the Board and is available on Coveo's investor relations website under the "Governance" section at ir.coveo.com.

Recruitment and Election of Directors and Director Skills Matrix

The Risk and Governance Committee, composed of three (3) independent members, has the responsibility of reviewing the composition of the Board and its committees and identifying Board candidates. Subject to the nomination rights set out in the Nomination Rights Agreement dated as of November 24, 2021, initially amended and restated as of August 13, 2024 and further amended effective as of July 31, 2025 (the "**Nomination Rights Agreement**") and the terms and conditions of our Articles, the Risk and Governance Committee monitors the size and composition of the Board and its committees to ensure an effective decision-making process and identifies and recommends suitable candidates for nomination to the Board and committees thereof. For further information on the Nomination Rights Agreement and the provisions provided therein, please refer to the "Nomination Rights Agreement" section of this Circular. The Risk and Governance Committee and the Board are of the view that its size and proposed composition as well as the mix of talents, quality and skills are well suited to Coveo's current circumstances.

The Risk and Governance Committee creates and maintains a list of the skills and competencies necessary and desirable for the Board as a whole and committees thereof, and tracks the skills and competencies of existing Board members relative to such list. Furthermore, at least annually, in conjunction with the Board and the Compensation Committee, the Risk and Governance Committee reviews the Diversity Policy, assesses its effectiveness in promoting diversity at the board level and monitors the level of representation of Designated Groups (as this term is defined in the Diversity Policy) at the board level.

The following skills matrix summarizes the primary competencies of our nominee directors that the Corporation believes is required to effectively oversee and manage the business of the Corporation. Such skills matrix is reviewed annually by the Risk and Governance Committee. The number of skills a director possesses is limited to eight (8) skills, as required by the Risk and Governance Committee. The lack of an indicator does not mean that the nominee does not possess that qualification, skill or experience but rather the indicator represents the primary areas of expertise that the nominee brings to the Board.

Advance Notice Provisions

The Corporation has adopted a general by-law that includes advance notice provisions with respect to the election of our directors (the “**Advance Notice Provisions**”). The Advance Notice Provisions are intended to: (i) facilitate orderly and efficient annual general meetings or, where the need arises, special meetings; (ii) ensure that all Shareholders receive adequate notice of Board nominations and sufficient information with respect to all nominees; and (iii) allow Shareholders to register an informed vote. Only persons who are nominated by Shareholders in accordance with the Advance Notice Provisions are eligible for election as directors at any annual meeting of Shareholders, or at any special meeting of Shareholders if one of the purposes for which the special meeting was called was the election of directors.

Under the Advance Notice Provisions, a Shareholder wishing to nominate a director is required to provide us notice, in the prescribed form, within the prescribed time periods. These time periods require that we receive notice of a director’s nomination: (i) in the case of an annual meeting of Shareholders (including annual and special meetings), not less than 30 days (or 40 days where notice-and-access, as defined in NI 54-101, is to be used, such as in this Meeting) prior to the date of the annual meeting of Shareholders; provided, that if the first public announcement of the date (the “**Notice Date**”) of the annual meeting of Shareholders is less than 50 days before the meeting date, not later than the close of business on the 10th day following the Notice Date; and (ii) in the case of a special meeting (which is not also an annual meeting) of Shareholders called for the purpose of electing directors (whether or not called for other purposes as well), not later than the close of business on the 15th day following the day on which the first public announcement of the date of the special meeting of Shareholders was made.

A copy of our general by-law, including the Advance Notice Provisions, is available under the “Governance Documents” section of our investor relations website at ir.coveo.com.

Majority Voting Requirements

The election of directors at the Meeting is governed by the majority voting requirements under the CBCA and its regulations. These requirements are such that in an uncontested election of directors, such as the election of directors to take place at the Meeting, a nominee must receive a majority of the total votes cast “for” and “against” such nominee in favour of their election in order to be elected as a director (versus “for” or “withhold” as was the case previously). If a nominee does not receive a majority of votes cast by shareholders in favour of their election, they will not be elected and the Board position will remain open, except that an incumbent director will be permitted to remain in office until the earlier of (a) the 90th day after the day of the election or (b) the day on which their successor is appointed or elected. These statutory majority voting requirements only apply to “uncontested” elections of directors, meaning elections where the number of director nominees is the same as the number of directors to be elected to the Board (such as the election of directors to take place at the Meeting).

At the annual meeting of Shareholders of the Corporation held on September 11, 2025, each director was elected by at least a majority of the votes cast by proxy or in person at such meeting.

Nomination Rights Agreement

Subject to certain exceptions, the Nomination Rights Agreement provides that the parties thereto at the relevant time will cast all votes to which they are entitled to fix the size of the Board at seven (7) to nine (9) members (or up to ten (10) members, with an initial Fonds de solidarité des travailleurs du Québec (F.T.Q.) (“FSTQ”) designee), as more fully set forth therein, and to elect members of the Board in accordance with the provisions thereof.

The parties to the Nomination Rights Agreement have certain rights to designate members of the Board, as detailed below.

Louis Têtu is entitled to designate one member of the Board, as long as he holds Multiple Voting Shares (including any Subordinate Voting Shares issued pursuant to the conversion thereof) representing at least 66.67% of the number of Multiple Voting Shares he held upon the closing of the IPO (the “**IPO Closing**”) (the “**Têtu IPO Shares**”). In the event that Louis Têtu holds less than 66.67% of the Têtu IPO Shares, he will lose his right to designate a member of the Board. For so long as Louis Têtu is a director, Louis Têtu shall be entitled to be the Chairman of the Board. Louis Têtu’s nominee for the Meeting is himself.

Laurent Simoneau is entitled to designate one member of the Board, as long as he holds Multiple Voting Shares (including any Subordinate Voting Shares issued pursuant to the conversion thereof) representing at least 66.67% of the number of Multiple Voting Shares he held upon the IPO Closing (the “**Simoneau IPO Shares**”). In the event that Laurent Simoneau holds less than 66.67% of the Simoneau IPO Shares, he will lose his right to designate a member of the Board. Laurent Simoneau’s nominee for the Meeting is himself.

IQ is entitled to designate one member of the Board, as long as it holds Multiple Voting Shares (including any Subordinate Voting Shares issued pursuant to the conversion thereof) representing at least 50.0% of the number of Multiple Voting Shares it held upon the IPO Closing (the “**IQ IPO Shares**”). In the event that IQ holds less than 50.0% of the IQ IPO Shares, it will lose the right to designate a member of the Board. As long as IQ has the right to designate a member of the Board under the Nomination Rights Agreement, IQ’s designee shall be independent within the meaning of NI 52-110. Mr. Lamarre is IQ’s nominee for the Meeting. Mr. Lamarre is independent within the meaning of NI 52-110.

FSTQ is entitled to designate one member of the Board, as long as it holds Multiple Voting Shares (including any Subordinate Voting Shares issued pursuant to the conversion thereof) representing at least 50.0% of the number of Multiple Voting Shares it held upon the IPO Closing (the “**FSTQ IPO Shares**”). In the event that FSTQ holds less than 50.0% of the FSTQ IPO Shares, it will lose the right to designate a member of the Board. As long as FSTQ has the right to designate a member of the Board under the Nomination Rights Agreement, FSTQ’s designee shall be independent within the meaning of NI 52-110. FSTQ has not put forth any nominee for the Meeting (and it had not put forth any nominee for the Corporation’s annual general meeting of shareholders held on September 11, 2025).

Each of the Shareholders party to the Nomination Rights Agreement (the “**Nomination Rights Shareholders**”) will vote or cause to be voted all the Subordinate Voting Shares and Multiple Voting Shares that it holds in favor of any nominee nominated by the other Nomination Rights Shareholders.

In accordance with the terms of the Nomination Rights Agreement, our Risk and Governance Committee is charged under its mandate with selecting candidates for election as directors, including replacements for designees of the Nomination Rights Shareholders, as applicable, as and when they lose the right to designate a member of the Board under the Nomination Rights Agreement. See “Statement of Corporate Governance Practices – Committees of the Board of Directors – Risk and Governance Committee”.

The Nomination Rights Agreement provides that the Nomination Rights Shareholders party thereto at the relevant time will cast all votes to which they are entitled in favor of each individual nominated for election to the Board by the Risk and Governance Committee as an independent director.

Any Nomination Rights Shareholder will cease to be a party to the Nomination Rights Agreement and to have rights and obligations thereunder immediately upon ceasing to have the right to designate any director pursuant to such agreement. The provisions of the Nomination Rights Agreement will terminate at such time as only one Nomination Rights Shareholder, or no Nomination Rights Shareholder other than Louis Têtu and Laurent Simoneau, shall have the right to designate a member of the Board thereunder.

Diversity Policy

Coveo believes that having a diverse and inclusive organization is beneficial to our success, notably because diversity promotes the inclusion of different perspectives and ideas, mitigates against groupthink and improves governance. We are committed to diversity and inclusion at all levels of our organization and to fostering an inclusive culture based on merit and free of bias to try to attract, retain, and promote the brightest and most talented individuals. Accordingly, Coveo has adopted a diversity policy (the “**Diversity Policy**”) which outlines its approach to achieving and maintaining diversity on its Board and in executive officer and management positions, and in addition to gender and other “Designated Groups” (being women, members of visible minorities, Aboriginal peoples and persons with disabilities), the Corporation strives for the appropriate balance of skills, experience, independence and knowledge of Coveo and the industry as a whole as well as alignment with the Corporation's strategy.

Coveo believes promotion of diversity is best served through careful consideration of all of the knowledge, experience, skills and backgrounds of each individual candidate in light of the needs of the Board and senior management without focusing on a single diversity characteristic and, accordingly, has not adopted specific diversity targets for the Board or senior management (except as discussed below). We have not adopted formal targets in part due to the need to consider a balance of criteria for each individual appointment. We do not believe that quotas or strict rules set out in a formal policy would result in improved identification or selection of the best candidates. Quotas based on specific criteria would limit our ability to ensure that the overall composition of the Board and senior management meets the needs of our organization and our stakeholders. However, as specified in the Diversity Policy, the level of representation of Designated Groups is considered by Coveo, the Board, the Risk and Governance Committee, and the Compensation Committee in the identification and nomination of directors, and the identification and appointment of members of senior management. In alignment with its belief in a diverse and inclusive organization, the Corporation amended its Diversity Policy on August 4, 2022 to formalize its aspiration to maintain a Board composition in which women represent at least 30% of its members.

The Diversity Policy confirms the guiding principle that the Board will nominate directors and appoint members of senior management based on merit and the needs of Coveo at the relevant time, and that Coveo is strongly committed to finding the best people to serve in such roles. The Diversity Policy also provides that in identifying potential candidates, the Risk and Governance Committee and the Compensation Committee will (a) consider only candidates who are highly qualified based on their talents, experience, expertise, character and industry knowledge, (b) take into account criteria that promote diversity, including, but not limited to, gender, age, race, national or ethnic origin, and disability, (c) endeavour to use available networks of organizations and associations that may help identify diverse candidates, and (d) consider the level of representation of Designated Groups on the Board and in senior management positions.

In conjunction with the Board, the Risk and Governance Committee and Compensation Committee are responsible for monitoring the implementation and effectiveness of the Diversity Policy. The Risk and Governance Committee values and considers diversity as part of its overall annual evaluation of Board nominees for election or re-election. Similarly, the Compensation Committee values and considers diversity when recommending candidates for senior management positions. Recommendations concerning Board nominees and senior management appointments are primarily based on merit and performance, but diversity is taken into consideration, as it is beneficial that a diversity of backgrounds, views and experiences be present at the Board and senior management levels.

The Risk and Governance Committee monitors the level of representation of Designated Groups on the Board. Similarly, the Compensation Committee monitors the level of representation of Designated Groups in senior management positions. At least annually, the Board, in conjunction with the Risk and Governance Committee and the Compensation Committee, reviews the Diversity Policy and assesses its effectiveness in promoting diversity at the Board and senior management levels.

As at March 31, 2026, three (3) (or 33.3%) of the 9 executive officers of the Corporation self-identified as a woman and one (1) (or 11.1%) self-identified as a member of a visible minority within the diversity categories of the CBCA, while three (3) (or 43%) of the seven (7) members of the Board self-identified as women, and two (2) (or 29%) self-identified as a member of a visible minority within the diversity categories of the CBCA. Of the nominees for election to the Board at the Meeting, three (3) (or 43%) self-identified as women, and two (29%) self-identified as a member of a visible minority within the diversity categories of the CBCA. To the knowledge of the Corporation, there are currently no Aboriginal peoples or persons with disabilities serving on the Board, among nominee directors or among executive officers.

Retirement Age Policy / Term Limits for Directors

Our Board has not adopted director term limits, a retirement policy for its directors or other automatic mechanisms of board renewal. Rather than adopting formal term limits, mandatory age-related retirement policies and other mechanisms of board renewal, the Risk and Governance Committee, subject to the nomination rights set out in the Nomination Rights Agreements, seeks to maintain the composition of the Board in a way that provides the best mix of skills and experience to provide for our overall stewardship.

On an annual basis, the Risk and Governance Committee evaluates and reviews the performance of the Board as a whole and of each committee of the Board, as well as the performance, effectiveness and contribution of each individual director while taking into account, among other things, any applicable position description(s), and reports on such review and assessment to the Board.

Assessment of the Directors

The Risk and Governance Committee is responsible for, at least on an annual basis, conducting the process for the assessment of the Board, each committee, the Chair of the Board, the Lead Independent Director and each director regarding his, her or its performance, effectiveness and contribution, and reporting on such review and assessment to the Board. The Board receives and reviews the Risk and Governance Committee's annual review and assessment of the performance, effectiveness, and contributions of the Board, its committees, and the directors themselves. The evaluation by the Board takes into account (i) in the case of the Board, the Chair of the Board position, the Lead Independent Director position and the mandate of the Board and (ii) in the case of an individual director, the applicable position description(s), as well as the competencies and skills each individual director is expected to contribute to the Board.

Onboarding and Continuing Education Programs

Under Coveo's onboarding program, each new director receives a director's orientation package, including our key corporate governance documents, key constating documents and other information, and meets with the Chair of our Board, our Lead Independent Director and members of the senior management team to discuss the Corporation's business, and its main lines of business, activities, products and competitive positioning. Directors are provided with orientation and education as to the nature and operation of the business and affairs of the Corporation, including the Corporation's strategic direction, and as to the role of the Board and its committees. Orientation is designed to assist the directors in fully understanding the contributions that individual directors are expected to make, in addition to understanding the business' strategy. New directors are also afforded the opportunity to join a Coveo technology onboarding session provided by senior executives to all new Coveo employees.

The Risk and Governance Committee is responsible for developing, monitoring and ensuring the adequacy of the orientation and continuing education program for members of the Board with respect to the business of the Corporation and with respect to their duties as directors. The Chair of the Board, in consultation with the Risk and Governance Committee, monitors and reviews, as appropriate, the Corporation's orientation and continuing education programs for directors. The Corporation's continuing education program is embedded by design in the quarterly Board meetings. Among other things, senior management members give regular presentations to the Board and its committees in each of their respective areas as well as on up-to-date industry and benchmarking information. The Corporation also regularly invites subject matter experts to present in their respective areas of expertise in order to educate the Board on matters of importance to the Corporation and matters identified by Board members as being critical to the Corporation during the annual Board evaluation process. Subject matters experts that were invited to present to the Board in Fiscal 2026 include security experts, including compliance and attestation experts, to educate the Board on the cybersecurity landscape and provide tools to manage this risk adequately, and financial advisors specialized in technology to educate the Board on broader technology market perspectives. The Board is also invited to participate in tabletop cybersecurity exercises conducted by management of the Corporation.

The Corporation encourages its directors to pursue continuing education activities such as conferences, seminars or courses related to the best governance practices which may be relevant to their directorship at the Corporation. This year, among other things:

- the Corporation held a dedicated Board strategic session, to align and prepare the Corporation's strategic plan for the year; and
- as part of its continuing education program and in alignment with program objectives, the Corporation procured membership to the National Association of Corporate Directors ("NACD") to all of its directors. As reported by NACD, NACD is a collective of board directors comprised of over 24,000 individuals, 1,750 board of directors, and more than 20 chapters across 35 locations. NACD provides a comprehensive suite of education opportunities, board insights, and director tools to improve board performance, governance practices, and oversight, in addition to providing director certification and peer networking opportunities.

Visits of the Corporation's premises are also arranged upon request (and mandatory as part of orientation) and the directors are invited to attend all quarterly Board meetings in-person, with certain meetings being in-person only.

Conflict of Interests

To our knowledge, there are no known existing or potential conflicts of interest between the Corporation and our directors and executive officers, except that (i) certain of our directors and officers also serve as directors or officers of other companies, and therefore it is possible that a conflict may arise between their duties to us and their duties as a director or officer of such other companies, and (ii) certain of our directors are representatives of Nominating Rights Shareholders on our Board, which may from time to time result in potential conflicts of interest. Please refer to the "Other Directorships" section of this Circular for further information on our directors' directorships with other reporting issuers.

A director who has a material interest in a matter before our Board or any committee on which he or she serves is required to disclose such interest as soon as the director becomes aware of it. In situations where a director has a material interest in a matter to be considered by our Board or any committee on which he or she serves, such director is required to excuse himself or herself from the meeting while discussions and voting with respect to the matter are taking place. Directors are also required to comply with the relevant provisions of the CBCA and other statutes and regulations regarding conflicts of interest.

Ethical Business Conduct

Coveo has adopted a Code of Business Conduct applicable to all of our directors, officers and employees, as well as to contractors, consultants and any third-party we do business with. The Code of Business Conduct sets out our core values and standards of behavior that are expected from our personnel, directors and third parties with respect to all aspects of our business. The main objectives of the Code of Business Conduct are to set out Coveo's mission and values, and provide guidelines for maintaining our integrity and reputation and preserving the integrity of Coveo's information, assets and resources. The Code of Business Conduct sets out guidance with respect to conduct in dealing with, among other things, conflicts of interest, protection of our assets, confidentiality, fair dealing with competitors and employees, insider trading, compliance with laws, reporting any illegal or unethical behavior and modern slavery risks mitigation within our supply chain. Our Board has ultimate responsibility for the stewardship of and monitoring compliance with the Code of Business Conduct and monitors compliance through our Risk and Governance Committee and our Audit Committee.

The Code of Business Conduct was last amended on July 29, 2026. The Code of Business Conduct is available on the SEDAR+ website at www.sedarplus.ca as well as on Coveo's investor relations website under the "Governance" section at ir.coveo.com.

Executive Compensation Discussion and Analysis

Executive Summary

Executive Compensation Objectives, Philosophy and Principles

One of the core responsibilities of the Compensation Committee is to ensure that Coveo attracts, retains, motivates and rewards our executive officers for their performance and contribution to our short- and long-term success. The Corporation's executive compensation program plays a key role in meeting this responsibility. The Board seeks to compensate executive officers by combining short-term and long-term cash and equity incentives. It also seeks to reward the achievement of corporate and individual performance objectives, and to align executive officers' incentives with the Corporation's performance. The Corporation's philosophy is to pay fair, reasonable and competitive compensation with a significant equity-based component in order to align the interests of the Corporation's executive officers with those of its Shareholders. The following Executive Compensation Discussion and Analysis will explain how these principles were taken into account in setting executive compensation at Coveo for Fiscal 2026.

Coveo's compensation program is designed to attract, retain and incentivize executives to achieve performance objectives aligned with the Corporation's vision and strategic orientation, consistent with Shareholder value creation. The Compensation Committee is responsible for defining, reviewing and monitoring the Corporation's compensation policy and guidelines for the named executive officers ("NEOs"), and oversees the compensation policy for other executives of the Corporation.

As previewed in last year's management proxy circular, to support the retention of key talent by ensuring total direct compensation remains competitive within the market, for Fiscal 2026, the Compensation Committee and the Board moved the total direct compensation of our Core Executives (as defined below) closer to the midpoint of the Comparator Group (as defined below). For Fiscal 2026, for our core executives, being the Executive Chair, the Chief Executive Officer, the former Chief Financial Officer (left Coveo effective February 2, 2026) and the former Chief Operating Officer (left Coveo effective November 1, 2025), total compensation relative to the Comparator Group was between the 25th and the 50th percentile.

For Fiscal 2027 (as defined below) and onwards, the Compensation Committee's compensation philosophy will be to continue to pay competitive market compensation relative to the Comparator Group (as refreshed on an annual basis), to be able to continue to attract and retain top talent in a highly competitive industry and market.

The Corporation values ongoing dialogue with Shareholders on governance and executive compensation matters. Management engages with Shareholders through regular investor relations activities, including quarterly earnings calls, Shareholder meetings, investor presentations, and one-on-one meetings upon request. In addition, the Board makes itself available for direct engagement with Shareholders when appropriate, including through the Chair of the Board and the chairs of the relevant Board committees. Information from these discussions, and any material feedback relating to executive compensation is reported to the Compensation Committee and the Board for consideration in connection with the annual compensation review process.

Pay Policies and Practices

The table below highlights certain of Coveo’s pay and governance policies and best practices:

Compensation and Governance Policies and Practices	
What We Do	What We Don't Do
• Offer a significant equity-based compensation component to align interests of executives and Shareholders • Combine short- and long-term incentives, cash and equity and fixed and variable pay • Pay fair, reasonable and competitive executive compensation, a substantial portion of which is in equity • Consider prior grants of share-based awards and intrinsic value thereof when determining the quantum/size of share-based awards for any given fiscal year • Set share ownership guidelines for executives • Maintain a compensation clawback policy to recapture all or a portion of incentive compensation received by certain executive officers in certain situations • Retain independent compensation advisors to provide services in connection with the Corporation’s compensation setting decisions • Benchmark compensation policies and plans with peer comparator group • Ensure that no aspect of the pay policies poses material adverse risks to the Corporation • Align a substantial portion of total pay of NEOs with Corporation performance	• Non-independent directors on Board committees • Single-trigger change-in-control provisions • Allow hedging by executives or directors of equity holdings • Repricing of underwater stock options • Overlap STI and LTI performance objectives in any substantial way

The Board or Compensation Committee, as applicable, sets short-term and long-term incentive key performance measures and targets with the objective of offering payout opportunities that align with Coveo performance as a whole and, in respect of certain sales executives, individual performance (via commissions). The Board and Compensation Committee retain the authority, in their sole discretion, to make adjustments to key performance measures and targets, and the measurement of results, if it is determined that performance relative to pre-established targets does not fully reflect the overall quality of the performance year or if there are material, unforeseen business conditions, circumstances, and events beyond management’s control that have a positive or negative effect on financial performance relative to the established targets or certain non-recurring charges or credits unrelated to measured performance.

Annual Compensation Review Process

On an annual basis, the Compensation Committee reviews the Corporation’s compensation objectives, strategies and plans for each fiscal year, as well as the financial results, in order to recommend to the Board the compensation to be awarded to each NEO. The Executive Chairman and the Chief Executive Officer also make compensation recommendations to the Compensation Committee for NEOs other than themselves, and the Compensation Committee solicits input from the Executive Chairman and Chief Executive Officer regarding the performance of all NEOs other than themselves. Based on recommendations made by the Compensation Committee, supported, where relevant, by the Executive Chairman and the Chief Executive Officer, the Board oversees the approval of base salaries, annual bonuses and equity incentive compensation for NEOs, as well as corporate goals and objectives relevant to the compensation of NEOs (including for short-term incentives and long-term incentives (performance-conditioned awards)).

Each component of executive compensation, namely the base salary, the short-term incentive compensation (i.e. bonus) and the long-term incentive compensation (i.e. equity-based awards under our Omnibus Incentive Plan), as further described under “Compensation Components” below, is also reviewed annually by the Compensation Committee to ensure that it accurately reflects the Corporation’s compensation objectives and the market in which the Corporation competes for talent. Adjustments are approved by the Board if deemed necessary and appropriate and they become effective for the then current fiscal year.

During Fiscal 2026, the Compensation Committee retained the services of leading executive compensation firm Mercer (Canada) Limited (formerly Hexarem Inc.) to assist with the annual compensation review process. Following the end of Fiscal 2026, the Compensation Committee also retained the services of Kingsdale Advisors for general governance advisory relating to executive compensation. See “Corporate Governance – Compensation-Setting Process” below. The Compensation Committee also obtained advice from Compensia, Inc. on United States compensation matters during the fiscal year.

Comparator Group Benchmarking

Every year, the Compensation Committee compares the compensation practices and elements of compensation of the Corporation against those of a comparator group composed of companies sharing industry, geographical scope and/or financial characteristics (including revenues, market capitalization, growth, and profitability) with the Corporation (the “**Comparator Group**”). Such exercise aims at assessing the competitiveness of the Corporation’s compensation structure and ensuring that the Corporation is well positioned to attract and retain the talent required to execute its growth strategy. The companies that comprise the Comparator Group share similar economic and business challenges as the Corporation and are likely to recruit talent from the same pool of candidates as the Corporation, making performance and compensation comparisons meaningful. The composition of the Comparator Group is reviewed by the Compensation Committee every few years, unless a material change in the Corporation’s profile occurs and calls for a yearly review. During Fiscal 2026, amidst the continued market interest in artificial intelligence and continued mergers and acquisitions activity in the technology sector, the Corporation tasked Mercer (Canada) Limited (formerly Hexarem Inc.) to update its Comparator Group.

To establish the Fiscal 2026 Comparator Group, Mercer (Canada) Limited (formerly Hexarem Inc.) and the Corporation looked at, among other things:

- publicly traded companies in Canada and/or the United States mainly within the “Application Software” industry, with a market capitalization between US\$200M and US\$3.50B;
- companies competing for executive and technical software development talent in North America (including companies of a larger size than the Corporation, to the extent such companies compete for talent with the Corporation); and
- companies with similar scope and complexity.

For Fiscal 2026, the companies that formed the Comparator Group were (listed by size of market capitalization as of the date the Comparator Group was updated during Fiscal 2026):

AvePoint Inc.	Amplitude Inc.	Couchbase Inc.
Lightspeed Commerce Inc.	Enghouse Systems Ltd	Bigcommerce Holdings Inc.
Liveramp Holdings Inc.	Pros Holdings Inc.	8x8 Inc.
SEMrush Holdings Inc.	Yext Inc.	Logility Supply Chain Solutions Inc.
Sprout Social Inc.	E2open Parent Holdings Inc.	Kaltura Inc.
Docebo Inc.	BigBear.ai Holdings Inc.	Domo Inc.

This Fiscal 2026 Comparator Group served as an input in establishing compensation levels (including adjustments thereto) and structure for Fiscal 2026.

The Corporation notes that amidst the continued market interest in artificial intelligence and continued mergers and acquisitions activity in the technology sector, it has further updated its Comparator Group for the fiscal year ending March 31, 2027 (“**Fiscal 2027**”). The Fiscal 2027 comparator group will be disclosed in next year’s management proxy circular.

Compensation Components

Base Salary

Base salary is provided as a fixed source of compensation for our executive officers. Base salaries for executive officers are established based on the scope of their responsibilities, competencies and their prior relevant experience, taking into account compensation paid in the market for similar positions and the market demand for such executive officers. An executive officer’s base salary is determined by taking into consideration the executive officer’s total compensation package and the Corporation’s overall compensation philosophy, taking into account the strategic importance of the role and the market within which the executive officer resides.

Adjustments to base salaries are determined annually and may be increased based on factors such as the executive officer’s success in meeting or exceeding individual objectives and an assessment of the competitiveness of the then-current compensation. Additionally, base salaries can be adjusted as warranted throughout the year to reflect promotions or other changes in the scope or breadth of an executive officer’s role or responsibilities, as well as to maintain market competitiveness.

Short-Term Incentive Plan (“STI”)

Our NEOs and other executive officers are entitled to annual bonuses or commission-based compensation, depending on employee function. Annual bonuses and commission plans (where applicable) are designed to motivate our executive officers to meet our business and financial objectives generally and our annual financial performance targets in particular. The STI for our NEOs (other than Mr. Peter Curran) was paid based on the Corporation’s achievements against targets (“**CPC**”) for (i) Net New Recurring Bookings (as defined below), (ii) SaaS Subscription Revenue (as defined below), and (iii) Adjusted EBITDA (as defined below) for Fiscal 2026. For Fiscal 2026, Net New Recurring Bookings achievement against the Corporation’s targets was weighted 60%, while achievement against SaaS Subscription Revenue and Adjusted EBITDA targets were each weighted 20% in the determination of short-term incentive payouts.

For Fiscal 2026, the STI for Peter Curran, our Chief Product Officer, was based on CPC achievement (50%) and achievement of Net New Recurring Bookings targets in our Commerce line of business (50%). This structure reflected Mr. Curran’s prior role as General Manager, Commerce, where he was responsible for setting the product strategy of, and driving new annual recurring revenue in, that line of business, among other things. Following his strong performance, Mr. Curran was promoted to Chief Product Officer effective April 1, 2026.

“**Net New Recurring Bookings**” is defined as Gross Bookings less Churn. “**Gross Bookings**” is defined as the sum of (i) SaaS Annualized Contract Value (as defined below) of new customers added during the measurement period and (ii) the incremental SaaS Annualized Contract Value from existing customers added during the measurement period. “**Churn**” is defined as the sum of (i) SaaS Annualized Contract Value of any customer whose subscription terminated during the measurement period and (ii) the decrease in SaaS Annualized Contract Value for any customer whose SaaS Annualized Contract Value decreased during the measurement period. “**SaaS Annualized Contract Value**” means the SaaS annualized contract value of a customer’s commitments calculated based on the terms of that customer’s subscriptions, and represents the committed annualized subscription amount as of the measurement date.

“**SaaS Subscription Revenue**” means aggregate SaaS subscription revenue as calculated in accordance with IFRS.

“**Adjusted EBITDA**” is a non-IFRS financial measure that is defined as net income or net loss, excluding interest, taxes, depreciation of property and equipment and right-of-use-assets, amortization and impairment of intangible assets, and adjusted for stock-based compensation and related expenses, foreign exchange gains and losses, acquisition-related compensation, transaction-related expenses, and other one-time or non-cash items. See our MD&A dated May 27, 2026 which is available under our profile on SEDAR+ at www.sedarplus.ca, for a description of this measure and a reconciliation from Adjusted EBITDA to net loss, the closest IFRS metric.

The following table illustrates the target STI payable to the NEOs under each NEO's STI plan and actual payouts earned for Fiscal 2026:

NEO	Base Salary (C\$)	On-Target STI Eligibility (% Of Base Salary)	On-Target STI Eligibility (C\$)	Actual Individual Payout Factor as a Result of Performance ⁽¹⁾
Louis Têtu <i>Executive Chairman</i>	\$448,375	100%	\$448,375	73%
Laurent Simoneau <i>Chief Executive Officer</i>	\$448,375	132%	\$591,855	73%
Karine Hamel ⁽²⁾ <i>Chief Financial Officer</i>	\$39,534	62%	\$24,667	73%
<i>Interim Chief Financial Officer</i>	\$21,479	30%	\$6,556	73%
<i>Senior Vice-President, Finance</i>	\$253,151	30%	\$75,750	73%
Pranshu Tewari ⁽³⁾ <i>Chief Marketing Officer</i>	\$216,914 ⁽⁴⁾	50%	\$109,088 ⁽⁴⁾	100% ⁽⁷⁾
Peter Curran ⁽³⁾ <i>Chief Product Officer</i>	\$409,458	66%	\$270,068	96%

John Grosshans ⁽³⁾⁽⁸⁾ <i>Former Chief Operating Officer</i>	\$325,243 ⁽⁶⁾	100%	\$325,243 ⁽⁶⁾	66%

(1) The Board maintains the discretion to modify, amend, or terminate short-term incentive plans at all times, and to deviate from the plans or grant individual exceptions. In Fiscal 2026, the Compensation Committee of the Corporation, supported by the Board, exercised its discretion to adjust the quarterly and annual payout of certain of our NEOs' STI in light of the highly competitive and volatile market in which the Corporation operates.

(2) Effective February 2, 2026, Ms. Hamel was appointed Interim Chief Financial Officer. Subsequently, effective February 23, 2026, Ms. Hamel was promoted to Chief Financial Officer. The figures in the table represent Ms. Hamel's pro-rated base salary and on-target STI eligibility for each role she occupied during the fiscal year. Ms. Hamel's annualized base salary and on-target STI eligibility for each role held during Fiscal 2026 were as follows:

Role	Annualized Base Salary (C\$)	Annualized On-Target STI Eligibility (C\$)
<i>Chief Financial Officer</i>	\$390,000	\$240,000
<i>Interim Chief Financial Officer</i>	\$392,000	\$118,000
<i>Senior Vice-President, Finance</i>	\$300,000	\$90,000

(3) Compensation paid in U.S. dollars, and converted at a rate of US\$1.00 = C\$1.3939, being the daily rate of exchange posted by the Bank of Canada for conversion on March 31, 2026.

(4) Mr. Tewari joined the Corporation on November 10, 2025. Therefore, the table above includes amounts from November 10, 2025 to March 31, 2026. Mr. Tewari's annualized base salary for the year was C\$557,560 (US\$400,000 converted at the rate set forth in footnote 2) and his annualized on-target STI eligibility was C\$278,780 (US\$200,000 converted at the rate set forth in footnote 2).

(5) Mr. Nussey resigned from the Corporation effective February 2, 2026. Therefore, the table above includes amounts earned from April 1, 2025 to February 1, 2026. Mr. Nussey's annualized base salary for the year was C\$448,375 and his annualized on-target STI eligibility was C\$448,375.

(6) Mr. Grosshans resigned from the Corporation effective November 1, 2025. Therefore, the table above includes amounts earned from April 1, 2025 to November 1, 2025. Mr. Grosshans's annualized base salary for the year was C\$557,560 (US\$400,000 converted at the rate set forth in footnote 2) and his annualized on-target STI eligibility was C\$557,560 (US\$400,000 converted at the rate set forth in footnote 2).

(7) Mr. Tewari's STI payout was 100% as the actual calculated STI payout for Q3 and Q4 of Fiscal 2027 was 100%.

(8) STI objectives for Mr. Grosshans were disclosed in last year's management proxy circular under the section "Short-Term Incentive Plan ("STI")". The relevant excerpts of such section are incorporated by reference herein.

Long-Term Incentive Compensation

Equity-based awards are a variable element of compensation that allow us to incentivize and retain our executive officers for their sustained contributions to the Corporation. Equity-based awards reward performance and continued employment by an executive officer, with associated benefits to us of being able to use equity-based awards as a means to attract and retain employees. We believe that RSUs and performance share units ("PSUs") provide executive officers with a strong link to long-term corporate performance and the creation of Shareholder value. In connection with the grants of equity-based awards, the Compensation Committee determines the grant size and terms to be recommended to the Board, taking into consideration, among other things, previous grants awarded, data from the Comparator Group, as well as advice sought from executive compensation advisors. During Fiscal 2026, the Corporation divided its executive team in two groups for purposes of annual equity grants:

- core C-level executives, including our Executive Chairman, our Chief Executive Officer, our former Chief Financial Officer and our former Chief Operating Officer (collectively, the "**Core Executives**"); and
- the executive team, which includes all other C-level executives, including certain senior, executive-level vice-presidents and managing directors, including, for greater certainty, given annual equity grants were completed during the first quarter of Fiscal 2026, our current Chief Financial Officer (formerly Senior Vice President, Finance) and our Chief Product Officer (formerly General Manager, Commerce) but excluding our Chief Marketing Officer who joined on November 10, 2025 (collectively, the "**Executive Team**").

During Fiscal 2026, Core Executives and the Executive Team all received a mix of RSUs and PSUs. PSUs, as designed, incentivize our employees to cause the Corporation to perform, fully aligning their interests with those of our Shareholders, in addition to being less dilutive to Shareholders than stock options (as a lesser number need to be granted to generate the same value) and burning less of the Corporation's incentive pool. The annual grants of equity-based awards made to Core Executives and the Executive Team during Fiscal 2026 had the following terms:

	RSUs	PSUs
Number	820,706 ⁽¹⁾⁽³⁾	711,353 (1,067,030 at maximum attainment) ⁽²⁾⁽⁴⁾
Vesting	Time-based only	Time-based and performance-based
Vesting Start Date	April 1, 2025	
Vesting Schedule	For RSUs: Three years - 1/12 per three-month period For PSUs: Three years - 1/3 on the first anniversary of the Vesting Start Date (i.e. upon performance measurement), and 1/12 per three-month period thereafter	
Settlement	In cash and/or Subordinate Voting Shares issued from treasury or purchased on the market, and otherwise in accordance with the terms of the Corporation's Omnibus Incentive Plan (as amended from time to time) and the relevant grant notice. Generally, upon vesting, except for Canadian holders who may keep vested RSUs and/or PSUs and request a specified settlement date, subject to Corporation approval.	
Performance Criteria	-	See "LTI Performance Objectives, Achievement and Quantum Determination" below
Performance Measurement	-	Completed effective on April 1, 2026; see "LTI Performance Objectives, Achievement and Quantum Determination" below for actual achievement

- (1) The number of RSUs granted includes 137,667 RSUs granted to the former Chief Financial Officer (103,251 forfeited since grant) and 98,334 RSUs granted to the former Chief Operating Officer (81,945 forfeited since grant).
- (2) The number of PSUs granted includes 137,667 PSUs granted to the former Chief Financial Officer (completely forfeited since grant) and 98,334 PSUs granted to the former Chief Operating Officer (completely forfeited since grant).
- (3) In addition, our Chief Marketing Officer received an employment inducement grant of 279,953 RSUs, which began vesting on November 1, 2025, and are otherwise subject to the terms set forth in the table (other than with respect to vesting schedule, which, for new employees, is 1/3 on the first anniversary of the Vesting Start Date, and 1/12 per three-month period thereafter).
- (4) In addition, our Chief Product Officer (formerly General Manager, Commerce) received an off-cycle equity grant of 12,146 PSUs to recognize additional go-to-market responsibilities he undertook during Fiscal 2026.

Certain members of the Corporation's executive teams that were hired during Fiscal 2026 received "new hire" equity grants during Fiscal 2026 instead of annual refresh grants as part of the Corporation's annual cycle of equity-based awards, which have terms substantially similar to those set forth above except for the vesting start date which varies depending on the hire date of each individual.

LTI Performance Objectives, Achievement and Quantum Determination

LTI Performance Objectives and Achievement for Fiscal 2026

The Compensation Committee is responsible for approving the quantum of the annual PSU and RSU grants, and, for the PSUs, the performance objectives and metrics against which performance is measured at the end of the reference period and applicable payout targets and vesting scales. The chosen performance metrics for PSUs granted during Fiscal 2026, for which performance was measured effective April 1, 2026 and time-based vesting is over three years from the date of grant, were as follows:

- SaaS subscription revenue for Fiscal 2026, as calculated in accordance with IFRS, with the target aligned with objectives set forth by the Board in the Board budget (the "**Subscription Revenue Target**"). The narrow range of SaaS subscription revenue (as detailed below) was a result of the predictable nature of our business model, based on multi-year subscription agreements.
- Adjusted EBITDA margin for Fiscal 2026, calculated using same methods as those used for financial outlook of the Corporation (including in respect of adjustments made thereto), with the target aligned with objectives set forth by the Board in the Board budget (the "**Adjusted EBITDA Margin Target**"). See above for a definition of Adjusted EBITDA, and see the "Non-IFRS Financial Measures and Ratios and Reconciliation of Non-IFRS Financial Measures and Ratios" section of our MD&A dated May 27, 2026, which is available under our profile on SEDAR+ at www.sedarplus.ca, for a description of this measure and a reconciliation from Adjusted EBITDA to net loss, the closest IFRS metric.

The Subscription Revenue Target accounted for 75% of PSUs vesting, while the Adjusted EBITDA Margin Target accounted for 25% of PSUs vesting. The following performance levels, attainment percentages and vesting factors applied for the PSUs:

Subscription Revenue Target		
Performance Level	Attainment	Vesting Factor
-	Below 94% of target	0%
Threshold	94%	50%
-	+1%	+10%
Target	99%-101% of target	100%
-	+1%	+10%
Maximum	106% and above of target	150%
Adjusted EBITDA Margin Target		
Performance Level	Attainment	Vesting Factor
-	Less than US\$(6.0) million	0%
Threshold	US\$(6.0) million	50%
-	+US\$1 million	+16.7%
Target	US\$(3.0) million to US\$3 million	100%
-	+US\$1 million	+16.7%
Maximum	US\$6.0 million and above	150%

The Subscription Revenue Target for Fiscal 2026 was achieved at 100%, and the Adjusted EBITDA Margin Target was also achieved at 100%. Therefore, actual achievement of the PSUs with performance measurement as at April 1, 2026 was 100%.

Quantum Determination

Subject to certain exceptions as a result of promotions, among others, for Fiscal 2026 grants of equity-based awards, each group within the Corporation's executive team received the following equity-based awards:

Core Executives	Executive Team
PSUs (50%) and RSUs (50%)	PSUs (70%) and RSUs (30%)

As noted in the table above, for Fiscal 2026, PSUs and RSUs each accounted for 50% of the aggregate value of equity-based awards to the Core Executives, in compliance with guidelines of proxy advisors and best-in-class executive compensation practices.

The Corporation is relying on Section 2.1(4) of Form 6 to NI 51-102 in respect of the specific quantum of certain financial targets for STI and LTI which are not publicly disclosed broad corporate-level financial performance metrics. Please refer to payout tables and achievement thereof in respect of Fiscal 2026 grants of equity-based awards for Subscription Revenue Target and Adjusted EBITDA Margin Target (based on reported figures).

Fiscal 2027 Grants

Grants to our NEOs made in Fiscal 2026 are described under "Long-Term Incentive Compensation" above and listed in the Summary Compensation Table below. In addition, for Fiscal 2027 annual grants of equity-based awards, the Corporation granted an aggregate of 531,439 RSUs and 531,439 PSUs to next year's Core Executives (comprising the Executive Chairman, the Chief Executive Officer and the current Chief Financial Officer, and for greater certainty, excluding the former Chief Financial Officer and the former Chief Operating Officer) and an aggregate of 345,831 RSUs and 221,502 PSUs to members of the Executive Team (comprising the Chief Product Officer and the Chief Marketing Officer, among others), on terms that will be further discussed in the management proxy circular for Fiscal 2027.

Pension Plan Benefits

The Corporation's executive compensation program does not include defined benefit or defined contribution pension plans, but the Corporation has a voluntary group registered retirement savings plan in Canada and a tax qualified 401(k) retirement plan in the United States (collectively, the "Group RRSP") in which relevant employees including the NEOs have the right to participate. Employee contributions to the Group RRSP are matched by the Corporation up to a maximum of 2% of the employee's salary.

Equity Incentive Plans

In 2005, the Corporation adopted the Legacy Option Plan (as defined hereafter), which was subsequently amended and restated, most recently in 2019. In connection with the IPO, the Legacy Option Plan was amended such that outstanding options granted thereunder are now exercisable for Multiple Voting Shares, and no further awards will be made under the Legacy Option Plan.

In connection with the Corporation's IPO, we also adopted the Corporation's Omnibus Incentive Plan, which allows our Board to grant long-term equity-based awards to eligible participants. We expect to continue to allocate a meaningful proportion of our equity-based awards to broad-based employees in addition to directors and executive officers of the Corporation as part of the Corporation's ongoing annual granting activities. This is a core part of the Corporation's compensation philosophy, as more fully discussed above. The details of the Omnibus Incentive Plan are described below.

The aggregate number of Subordinate Voting Shares and Multiple Voting Shares issuable to insiders and their associates at any time under the Omnibus Incentive Plan, the Legacy Option Plan, or any other proposed or established share compensation arrangement, are not to exceed 10% of the Subordinate Voting Shares and Multiple Voting Shares issued and outstanding (calculated on a non-diluted basis), and the aggregate number of Subordinate Voting Shares and Multiple Voting Shares issued to insiders and their associates under the Omnibus Incentive Plan, the Legacy Option Plan, or any other proposed or established share compensation arrangement within any one-year period are not to exceed 10% of the Subordinate Voting Shares and Multiple Voting Shares issued and outstanding (calculated on a non-diluted basis). The plans provide, however, that an award granted pursuant to the Omnibus Incentive Plan, the Legacy Option Plan, or any other share compensation arrangement, prior to a participant becoming an insider, is to be excluded from the above insider participation limits. None of the Omnibus Incentive Plan or the Legacy Option Plan provides for a maximum number of shares which may be issued to an individual pursuant to the plan and any other share compensation arrangement.

Omnibus Incentive Plan

The Omnibus Incentive Plan allows for a variety of equity-based awards that provide different types of incentives to be granted to our directors, executive officers, employees and consultants, including options (including performance-based stock options), RSUs, PSUs, and DSUs, collectively referred to as "awards". The Board is responsible for administering the Omnibus Incentive Plan and may delegate its responsibilities thereunder. The following discussion is qualified in its entirety by the full text of the Omnibus Incentive Plan, a copy of which may be obtained on demand at investors@coveo.com.

The Board, in its sole discretion, from time to time designates the directors, executive officers, employees and consultants of the Corporation or its subsidiaries to whom awards are to be granted and determines, if applicable, the number of Subordinate Voting Shares to be covered by such awards and the terms and conditions of such awards.

Shares Reserved for Issuance

The number of Subordinate Voting Shares reserved for issuance under the Omnibus Incentive Plan is 15,498,185, representing approximately 17% of the aggregate number of Subordinate Voting Shares and Multiple Voting Shares issued and outstanding as at March 31, 2026. Subordinate Voting Shares are not deemed to have been issued pursuant to the Omnibus Incentive Plan with respect to any portion of a grant of PSUs, RSUs and/or DSUs that is settled in cash or with Subordinate Voting Shares purchased on the open market, including via the Secondary Market Trust (as defined below). If an outstanding award under the Legacy Option Plan or the Omnibus Incentive Plan expires or is forfeited, surrendered, cancelled or otherwise terminated for any reason without having been exercised or settled in full, or if shares acquired pursuant to an award subject to forfeiture are forfeited, the Subordinate Voting Shares covered by such award, if any, as well as a number of Subordinate Voting Shares equal to the number of Multiple Voting Shares covered by expired, cancelled or forfeited options granted under the Legacy Option Plan, automatically become available Subordinate Voting Shares for the purposes of awards that may be subsequently granted under the Omnibus Incentive Plan. As of March 31, 2026, 1,750,125 options granted under the Legacy Option Plan had expired or been forfeited, surrendered, cancelled or otherwise terminated for any reason without having been exercised or settled in full, meaning that the number of Subordinate Voting Shares available for the purposes of awards to be granted under the Omnibus Incentive Plan had increased by 1,750,125 and was 17,248,310 (without taking into account any issuance of Subordinate Voting Shares made under the Omnibus Incentive Plan). During Fiscal 2026, 1,087,081 Subordinate Voting Shares were issued in connection with awards granted under the Omnibus Incentive Plan (excluding 193,605 Subordinate Voting Shares delivered to employees from the Secondary Market Trust in connection with the settling of share-based awards held by Canadian employees, of which 57,065 Subordinate Voting Shares were in connection with inducement awards). Taking into account the 2,707,430 Subordinate Voting Shares issued under the Omnibus Incentive Plan from its inception until March 31, 2026 (excluding 130,704 Subordinate Voting Shares issued in connection with inducement awards and 193,605 Subordinate Voting Shares delivered to employees from the Secondary Market Trust in connection with the settling of share-based awards held by Canadian employees, of which 57,065 Subordinate Voting Shares in connection with inducement awards), the number of Subordinate Voting Shares available for the purposes of awards to be granted under the Omnibus Incentive Plan was 14,540,880 as of March 31, 2026.

Secondary Market Trust

On December 11, 2025, the Corporation entered into an Employee Benefit Plan Trust Agreement with TSX Trust Company, as independent trustee, to form an Employee Benefit Plan Trust (the “**Secondary Market Trust**”). The independent trustee uses the Secondary Market Trust to purchase Subordinate Voting Shares on the open market. The purchase price of such Subordinate Voting Shares is funded by the Corporation. Subordinate Voting Shares held via the Secondary Market Trust are held in trust, and delivered to Coveo Canadian employees in connection with the settlement of certain share-based awards held by such Canadian employees. During Fiscal 2026, the Secondary Market Trust purchased an aggregate of 1,000,000 Subordinate Voting Shares on the open market, 193,605 of which were delivered in connection with settling share-based awards held by Canadian employees. As at March 31, 2026, the Secondary Market Trust held 806,395 Subordinate Voting Shares in trust. The Corporation may from time to time fund the Secondary Market Trust to purchase Subordinate Voting Shares in the open market in accordance with applicable securities laws and the terms of the Secondary Market Trust. Subordinate Voting Shares delivered by the Secondary Market Trust to Coveo Canadian employees upon the settlement of their share-based awards do not erode the number of Subordinate Voting Shares available for the purposes of awards to be granted under the Omnibus Incentive Plan.

Non-Employee Director Participation Limit

The aggregate number of Subordinate Voting Shares issuable to non-employee directors at any time under the Omnibus Incentive Plan or any other proposed or established share compensation arrangement (other than the Legacy Option Plan), may not exceed 1% of the issued and outstanding Subordinate Voting Shares and Multiple Voting Shares (calculated on a non-diluted basis).

Options

All options granted under the Omnibus Incentive Plan will have an exercise price determined and approved by our Board at the time of grant, which shall not be less than the market value of the Subordinate Voting Shares on the date of the grant. For purposes of the Omnibus Incentive Plan, the market value of the Subordinate Voting Shares as at a given date shall be the greater of (a) the volume-weighted average trading price of the Subordinate Voting Shares on the TSX for the five (5) trading days immediately preceding such date and (b) the closing price of the Subordinate Voting Shares on the TSX on the last trading day preceding such date, where value is determined in Canadian dollars for the grant or payment of an award. Subject to any vesting conditions set forth in a participant's option grant notice, an option shall be exercisable during a period established by our Board which shall not be more than ten (10) years from the date of grant. The Omnibus Incentive Plan provides that the exercise period shall automatically be extended if the date on which it is scheduled to terminate shall fall during a blackout period. In such cases, the extended exercise period shall terminate ten (10) business days after the last day of the blackout period.

Share Units

Our Board is authorized to grant RSUs, PSUs and DSUs evidencing the right to receive Subordinate Voting Shares (issued from treasury or purchased on the open market, including via the Secondary Market Trust), cash based on the value of a Subordinate Voting Share, or a combination thereof at some future time to eligible participants under the Omnibus Incentive Plan. Although DSUs may be available for grant to directors, executive officers, employees and consultants, the Corporation currently only grants DSUs as a form of non-employee director compensation. In addition, the non-employee directors may elect, for any given calendar year, to receive in the form of DSUs all or part of the cash fees payable in respect of their duties as a director of the Corporation. RSUs generally become vested, if at all, following a period of continuous employment. PSUs are similar to RSUs, but their vesting is, in whole or in part, conditioned on the attainment of specified performance metrics as may be determined by the Board. The terms and conditions of grants of RSUs and PSUs, including the quantity, type of award, grant date, vesting conditions, vesting periods, settlement rights and other terms and conditions with respect to these awards are set out in the participant's grant notice. Subject to the achievement of the applicable vesting conditions, the payout of an RSU or PSU will generally occur on the settlement date, which is the same date as the vesting date for employees other than Canadian employees, and the earlier of (i) the time an early settlement request is accepted by the Corporation, and (ii) the expiration date of the award for Canadian employees. The payout of a DSU will generally occur upon or following the participant ceasing to be a director, executive officer, employee or consultant of the Corporation, subject to satisfaction of any applicable conditions as may be set out in the DSU grant notice.

Dividend Share Units

If, as the case may be, dividends (other than share dividends) are paid on the Subordinate Voting Shares and Multiple Voting Shares, additional share unit equivalents will be automatically granted to each participant who holds RSUs, PSUs or DSUs on the record date for such dividends and be subject to the same vesting or other conditions applicable to the related RSUs, PSUs or DSUs, as applicable. We currently do not pay dividends on the Subordinate Voting Shares and Multiple Voting Shares.

Adjustments

In the event of any subdivision, consolidation, reclassification, reorganization or any other change affecting the Subordinate Voting Shares, or any merger or amalgamation with or into another corporation, or any distribution to all security holders of cash, evidences of indebtedness, or other assets not in the ordinary course, or any transaction or change having a similar effect, our Board shall in its sole discretion, subject to the required approval of any stock exchange, determine the appropriate adjustments or substitutions to be made in such circumstances in order to maintain the economic rights of the participants in respect of awards under the Omnibus Incentive Plan, including, without limitation, adjustments to the exercise price, the number and kind of securities subject to unexercised awards granted prior to such change and/or permitting the immediate exercise of any outstanding awards that are not otherwise exercisable.

Conditions Applicable on Termination and Change of Control

The Omnibus Incentive Plan provides that certain events, including termination for cause, resignation, termination without cause, end of directorship, retirement or death or disability, may trigger forfeiture or reduce the vesting period, where applicable, of the award, subject to the Board's discretion to determine otherwise. The following terms are provided in the Omnibus Incentive Plan in connection with the termination events below:

- *Termination for cause:* Any vested or unvested awards shall terminate automatically and become void on the termination date.
- *Resignation or retirement:* The Board may determine that a portion of PSUs, RSUs and/or DSUs will immediately vest and settle in accordance with conditions determined in its sole discretion. All unvested options will be forfeited and all vested options will remain exercisable until the earlier of thirty (30) days after the termination or their expiry date.
- *Death or disability:* The Board may determine that a portion of PSUs, RSUs and/or DSUs will immediately vest and settle in accordance with conditions determined in its sole discretion. All unvested options will continue to vest in accordance with the terms of the Omnibus Incentive Plan and the participant's grant notice for a period of up to two (2) years, subject to the options expiry date. Vested options will remain exercisable until the earlier of two (2) years after the termination date or the expiry date of the options.
- *Termination without cause:* The Board may determine that a portion of PSUs, RSUs and/or DSUs will immediately vest and settle in accordance with conditions determined in its sole discretion. All unvested options will be forfeited on the termination date and vested options will remain exercisable until the earlier of ninety (90) days after the termination date or the expiry date of the options.
- *End of directorship:* The Board may determine that a portion of PSUs and/or RSUs will immediately vest and settle in accordance with conditions determined in its sole discretion. All unvested options will be forfeited and all vested options will remain exercisable until the earlier of one (1) year after the end of a director's office or their expiry date.
- *End of consultant agreement:* The Board may determine that a portion of PSUs, RSUs and/or DSUs will immediately vest and settle in accordance with conditions determined in its sole discretion. All unvested options will be forfeited on the termination date, and all vested options will remain exercisable until the earlier of thirty (30) days after the termination date or the expiry date of the options.

A participant's grant notice or any other written agreement between a participant and us may provide, where applicable, that unvested awards be subject to acceleration of vesting and exercisability in certain circumstances, including in the event of certain change of control transactions. In the event of a change of control, the Board has the power, in its sole discretion, to modify the terms of the Omnibus Incentive Plan and/or the awards granted thereunder (including to cause the vesting of all unvested awards) to assist the participants to tender into a take-over bid or any other transaction leading to a change of control, provided, however, that such modification shall not adversely affect the participants' rights under the plan or any grant notice.

The Board may at its discretion accelerate the vesting, where applicable, of any outstanding awards notwithstanding the previously established vesting schedule, regardless of any adverse or potentially adverse tax consequences resulting from such acceleration or, subject to applicable regulatory provisions and Shareholder approval, extend the expiration date of any award, provided that the period during which an option is exercisable does not exceed ten years from the date such option is granted or that the period relating to RSUs and PSUs does not exceed three years or such other period determined by the Board from time to time.

Amendments and Termination

Our Board is entitled to suspend or terminate the Omnibus Incentive Plan at any time, or from time to time amend or revise the terms of the Omnibus Incentive Plan or of any granted award, provided that no such suspension, termination, amendment or revision will be made, (i) except in compliance with applicable law and with the prior approval, if required, of the Shareholders, the TSX, or any other regulatory body having authority over the Corporation, and (ii) if it would materially adversely alter or impair the accrued rights of any participant, without the consent of the participant except as permitted by the terms of the Omnibus Incentive Plan, provided however, subject to any applicable rules of the TSX, that the Board may from time to time, in its absolute discretion and without the approval of Shareholders, make, without limitation, the following amendments:

- any amendment to the vesting provisions, if applicable, of awards;
- any amendment to the expiration date of an award that does not extend the terms of the award past the original date of expiration for such award;
- any amendment regarding the effect of termination of a participant's employment or engagement;
- any amendment to the terms and conditions of grants of PSUs, RSUs or DSUs, including the performance criteria, as applicable, type of award, vesting periods, settlement date, and other terms and conditions with respect to the awards;
- any amendment which accelerates the date on which any award may be exercised or settled, as applicable, under the Omnibus Incentive Plan;

- any amendment to the definition of an eligible participant under the Omnibus Incentive Plan (other than with respect to eligible participants who are eligible to receive an award of incentive stock options and amendments affecting the non-employee directors' participation limits);
- any amendment necessary to comply with applicable law or the requirements of the TSX or any other regulatory body, including any change to such law or requirement;
- any amendment of a "housekeeping" nature, including, without limitation, to clarify the meaning of an existing provision of the Omnibus Incentive Plan, correct or supplement any provision of the Omnibus Incentive Plan that is inconsistent with any other provision of the Omnibus Incentive Plan, or correct any grammatical or typographical errors;
- any amendment regarding the administration of the Omnibus Incentive Plan;
- any amendment to add a provision permitting the grant of awards settled otherwise than with shares issued from treasury;
- any amendment to add a form of financial assistance, a cashless exercise feature, or net exercise procedure and any amendment to any such provision which may be adopted; and
- any other amendment that does not require the approval of Shareholders pursuant to the amendment provisions of the Omnibus Incentive Plan.

For greater certainty, our Board shall be required to obtain Shareholder approval to make the following amendments:

- any increase in the maximum number of Subordinate Voting Shares that may be issuable pursuant to the Omnibus Incentive Plan, other than an adjustment pursuant to a change in capitalization;
- except for adjustments permitted by the Omnibus Incentive Plan, any reduction in the exercise price of an option or any cancellation of an option and replacement of such option with an option with a lower exercise price, except in the case of an adjustment pursuant to a change in capitalization;
- any extension of the term of an award beyond its original expiry time, except in case of an extension due to a black-out period;
- any increase in the maximum number of Subordinate Voting Shares that may be issuable to insiders pursuant to the insider participation limit;
- any amendment that may permit the introduction of participation of non-employee directors on a discretionary basis or any amendment that increases non-employee director participation limits set out in the Omnibus Incentive Plan;
- any amendment which increases the maximum number of Subordinate Voting Shares that may be issuable upon exercise of incentive stock options or modifies the definition of eligible participant used for purposes of determining eligibility for the grant of an incentive stock option;
- any amendment which would permit options granted under the Omnibus Incentive Plan to be transferable or assignable other than for normal estate settlement purposes; and
- any amendment to the amendment provisions of the Omnibus Incentive Plan.

Other Provisions

Except as specifically provided in a grant notice, awards granted under the Omnibus Incentive Plan are not transferable other than by will or the laws of succession. We currently do not provide any financial assistance to participants under the Omnibus Incentive Plan.

The Omnibus Incentive Plan includes a "clawback" provision pursuant to which any award which is subject to recovery under any law, government regulation, stock exchange listing requirement or a recoupment or disgorgement policy of the Corporation, will be subject to such deductions and clawback as may be required to be made pursuant to such law, government regulation, stock exchange listing requirement or Corporation policy.

The Omnibus Incentive Plan also restricts the participants from purchasing financial instruments such as prepaid variable contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in the market value of awards and the underlying Subordinate Voting Shares.

As a reminder, copies of the Omnibus Incentive Plan may be obtained on demand at investors@coveo.com.

Legacy Option Plan

The Board adopted, on March 25, 2019, an Amended and Restated Stock Option Plan that was amended and restated by a new Amended and Restated Stock Option Plan in connection with the Corporation's IPO. We refer to this plan as the "Legacy Option Plan".

A total of 4,055,239 stock options were outstanding under the Legacy Option Plan as at March 31, 2026, and the Multiple Voting Shares issuable upon exercise of such options represent in the aggregate: (i) approximately 10% of the Multiple Voting Shares issued and outstanding as of March 31, 2026, and (ii) approximately 4% of the total Subordinate Voting Shares and Multiple Voting Shares collectively issued and outstanding as of March 31, 2026. No further awards will be made under the Legacy Option Plan.

The following summary is qualified in its entirety by the full text of the Legacy Option Plan.

Shares to be Acquired and Exercise Price

The Corporation has previously granted options to acquire common shares to certain directors, officers, employees and consultants under the Legacy Option Plan. In connection with the Corporation's IPO, the Legacy Option Plan was amended such that options to acquire common shares constitute options to purchase an equal number of Multiple Voting Shares at the same exercise price, once applicable options are otherwise vested and exercisable.

Administration and Other Provisions

The Board is responsible for administering the Legacy Option Plan and may delegate its responsibilities thereunder. Options granted under the Legacy Option Plan have a maximum term of ten (10) years beginning on the date of grant, and become fully vested as of the fourth (4th) anniversary of the date of grant or any other date as determined in the grant notice. They are not assignable or transferable other than by will or the laws of descent and distribution.

Adjustments

The Legacy Option Plan provides that appropriate adjustments, if any, will be made in connection with any stock dividend payment, consolidation, subdivision, conversion, exchange or any reclassification or substitution of the shares underlying the options prior to their exercise, in order to maintain the participants' economic rights in respect of their options in the context of such events, including adjustments to the exercise price, kind and/or the number of shares to which a participant is entitled upon exercise.

Other Amendments

The Legacy Option Plan was amended and restated to, among other things, include terms and conditions required by the TSX for a stock option plan, such as provisions and restrictions relating to the amendment of the plan or options and the restrictions on insider participation similar to those applicable to the Omnibus Incentive Plan summarized above. A possibility to extend the term of an option until the tenth (10th) day following a black-out period was also included along with provisions governing stock options granted under the plan upon a change of control or termination, similar to the Omnibus Incentive Plan summarized above, including termination for cause, resignation, termination without cause, end of directorship, retirement or death or disability.

Corporate Governance

Compensation-Setting Process

The Compensation Committee is responsible for assisting the Board in overseeing executive compensation and administering the Corporation's incentive and equity-based compensation plans. The Compensation Committee also identifies the risks, if any, arising from the Corporation's compensation policies and practices, considers the implications of the identified risks, and recommends to the Board the adoption of practices that assists in the identification and mitigation of any risks associated with the compensation policies and practices of the Corporation.

The Board has established a written mandate for the Compensation Committee setting out its responsibilities for administering our compensation programs and reviewing and making recommendations to the Board concerning the level and nature of the compensation payable to our executive officers. The Compensation Committee's oversight includes: reviewing the goals and objectives of the Corporation's executive compensation plans, and amending, or recommending that the Board amend, such goals and objectives; reviewing the compensation structure for the Corporation's executive officers and making recommendations to the Board with respect thereto, including, as appropriate, salary, bonus, incentive and equity compensation; assessing the competitiveness and appropriateness of the Corporation's policies relating to executive officer compensation; and reviewing and assessing the performance of our executive officers against pre-set specific corporate and individual goals and objectives. See "Statement of Corporate Governance Practices – Committees of the Board of Directors – Compensation Committee" for a more detailed description of the Compensation Committee's mandate. See also "Annual Compensation Review Process".

NEO Share Ownership Guidelines

Coveo has adopted share ownership guidelines (last reviewed on July 29, 2026) that require the Executive Chairman (if any), the Chief Executive Officer, the President, if any, the Chief Financial Officer and other executives in the C-Suite to own, directly or indirectly, a minimum of securities of the Corporation. Share ownership requirements can be met through direct or beneficial ownership of Coveo’s securities, including shares, fully vested RSUs or PSUs and DSUs (options are not included in the calculation of each NEO’s share ownership requirements). The ownership requirements as a multiple of annual base salary are as follows:

NEO	Multiple of Base Salary
Executive Chairman (if any), Chief Executive Officer	5X
President (if any)	5X
Chief Financial Officer	2X
Other executives in the C-Suite	1X

The value of the portfolio is determined annually as at March 31.

The Executive Chairman (if any), the Chief Executive Officer, the President (if any), the Chief Financial Officer and other executives in the C-Suite are required to meet the share ownership requirements within a five-year period starting the later of (i) November 24, 2021, or (ii) the executive’s date of hiring with the Corporation or promotion into a position set forth above (which applies for the Chief Financial Officer, who was appointed permanent Chief Financial Officer effective February 23, 2026). The Executive Chairman (if any), the Chief Executive Officer, the President (if any) and the Chief Financial Officer are required to continue to hold such minimum levels for so long as they are employed by the Corporation and for 24 months thereafter for the Executive Chairman (if any), Chief Executive Officer and the President (if any), and 12 months thereafter for the Chief Financial Officer, in each case subject to the waiver of such requirement, in the Corporation’s sole discretion, for employees retiring on good terms.

The following table describes the total holdings of each NEO and attainment of the minimum ownership requirements as at March 31, 2026.

NEO	Subordinate Voting Shares and Multiple Voting Shares (Value in C\$) ⁽¹⁾⁽²⁾	Vested RSUs and PSUs (Value in C\$) ⁽¹⁾	Minimum Ownership Requirement (Value in C\$) ⁽²⁾	% of Achievement	Required to be achieved by

As Mr. Nussey did not remain in his role for five years, the minimum share ownership requirement was not yet enforceable when he resigned. As of the date hereof, he is no longer subject to the NEO Share Ownership Guidelines. In accordance with the Corporation's succession plan, Ms. Hamel was appointed Interim Chief Financial Officer, in replacement of Mr. Nussey. Ms. Hamel was promoted to Chief Financial Officer of the Corporation effective February 23, 2026.

(4) Mr. Tewari joined the Corporation effective November 10, 2025.

(5) Mr. Curran was appointed General Manager, Commerce of the Corporation effective August 1, 2025. Mr. Curran was promoted to Chief Product Officer of the Corporation effective April 1, 2026.

Anti-Hedging Provisions

Our Trading Policy provides that our directors and executive officers are prohibited from engaging in short sales, sales of call options, and purchases of put options with respect to securities of Coveo, as well as engaging in any other hedging or equity monetization transaction in which their economic interest and risk exposure in Coveo securities are changed.

Clawback Policy

The Corporation has implemented a formal clawback policy concurrently with the IPO as an additional approach to mitigate compensation risk. The clawback policy enables the Board to require reimbursement of all or a portion of compensation received by an executive officer pursuant to awards made under the Corporation's short-term and long-term incentive plans in situations where (i) there has been a restatement of the Corporation's financial statements, (ii) the amount of the incentive compensation paid or awarded to an executive officer would have been lower if it was calculated based on the achievement of certain financial results that were subsequently the subject of or affected by the restatement of the Corporation's financial statements, and (iii) the executive officer's misconduct (including fraud, negligence, or material non-compliance with legal requirements) contributed to the obligation to restate the financial statements.

(1) See "Executive Pay Program– Named Executive Officers". All amounts earned in U.S. dollars during Fiscal 2026 and reported in Canadian dollars in this table were converted in Canadian dollars at a rate of US\$1.00 = C\$1.3939, being the daily rate of exchange posted by the Bank of Canada for conversion of U.S. dollars to Canadian dollars on March 31, 2026.

(2) To facilitate the reading of the Summary Compensation Table and the footnotes thereto, the footnotes included under this table relate to Fiscal 2026, unless expressly specified otherwise. Please see the management proxy circular of the Corporation for the fiscal years ended March 31, 2025 and March 31, 2024, available under our profile on SEDAR+ at www.sedarplus.ca, for further notes applicable for the fiscal years ended March 31, 2025 and March 31, 2024.

(3) Per Corporation policy applicable to all Canadian employees, and in accordance with applicable legislation, the percentage of vacation pay earned by each of Mr. Têtu, Mr. Simoneau, Ms. Hamel and Mr. Nussey accrues on cash bonuses amounts in addition to regular base salary amounts. The amounts reported in the table above account for this policy. Vacation does not accrue on bonuses and commissions in the United States.

(4) The value of share-based awards shown in the table above is the fair value of such share-based awards on their respective date of grant, which is the greater of (i) the volume-weighted average trading price of the Subordinate Voting Shares on the TSX for the five (5) trading days immediately preceding the date of grant, and (ii) the closing price of the Subordinate Voting Shares on the TSX on the last trading day preceding such date. The fair value on the grant date may differ from the value determined in accordance with IFRS 2 - *Share-based Payment* because the accounting fair value determined in accordance therewith is calculated based on the closing price of the shares on the TSX on the day preceding the grant date.

(5) Share-based awards granted during Fiscal 2026 include RSUs and PSUs. The PSUs' performance achievement for Fiscal 2026 was 100%. See "Executive Compensation Discussion and Analysis – Compensation Components – Long-Term Incentive Compensation" above.

(6) The value of option-based awards shown is the fair value of such option-based awards on their respective date of grant, which has been calculated using the Black-Scholes method based on the greater of (i) the volume-weighted average trading price of the Subordinate Voting Shares on the TSX for the five (5) trading days immediately preceding the date of grant, and (ii) the closing price of the Subordinate Voting Shares on the TSX on the last trading day preceding such date. The fair value on the grant date may differ from the value determined in accordance with IFRS 2 - *Share-based Payment* because the accounting fair value determined in accordance therewith is calculated based on the closing price of the shares on the TSX on the day preceding the grant date. The Black-Scholes method is widely used by the financial industry and public companies for securities valuations. No option-based awards have been granted during Fiscal 2025 or Fiscal 2026. The grant date fair value of the options granted to NEOs during the fiscal years set forth below, using the Black-Scholes method, was based on the weighted average following factors, key assumptions and plan provisions:

Fiscal Year	Weighted average exercise price and current price of the underlying shares (C\$)	Volatility	Dividend yield	Expected life	Risk-free interest rate	Vesting
2024	8.25	50%	0%	4 years	3.88%	Performance and time based

(7) Option-based awards value included in the above table are performance-based stock options. The value disclosed considers an attainment at target (100%) as estimated at issuance, in accordance with IFRS 2 – *Share-based payment*. As at the performance measurement date, actual performance achievement was 70.8% for both Mr. Têtu and Mr. Simoneau, which resulted in the cancellation of 85,718 and 32,077 stock options, respectively, during Fiscal 2025.

(8) The amounts reported represent cash bonuses and commissions earned during Fiscal 2026. A portion of such cash bonuses and commissions included in the above table were earned for the fourth quarter of Fiscal 2026 and were paid in the first quarter of Fiscal 2027, meaning that as of March 31, 2026, cash bonuses amounts of C\$143,480 for Mr. Têtu, C\$189,394 for Mr. Simoneau, C\$34,665 for Ms. Hamel, US\$50,000 for Mr. Tewari and US\$55,000 for Mr. Curran had been earned by, but not yet paid to, such individuals. Please refer to Executive Compensation Discussion and Analysis – Compensation Components – Short-Term Incentive Plan ("STI") for additional details regarding the short-term incentive compensation of our NEOs.

(9) None of the NEOs are currently entitled to perquisites or other personal benefits which, in the aggregate, are worth over C\$50,000 or over 10% of their base salary, or other personal benefits provided to a NEO that are not generally available to all employees. Amounts shown in this column for Fiscal 2026 include Corporation-paid group insurance premiums. The amounts also include a Corporation matching contribution of C\$10,135 for Mr. Têtu, C\$9,051 for Mr. Simoneau, C\$6,325 for Ms. Hamel, C\$7,806 for Mr. Nussey, US\$1,846 for Mr. Grosshans, US\$1,796 for Mr. Tewari and US\$2,032 for Mr. Curran to a registered retirement savings plan or a tax-qualified 401(k) retirement plan, as applicable.

(10) Ms. Hamel was appointed interim Chief Financial Officer on February 2, 2026. She was subsequently appointed permanent Chief Financial Officer effective February 23, 2026. The figures in the table represent Ms. Hamel's pro-rated base salary and on-target STI eligibility for each role she occupied during the fiscal year. Ms. Hamel's annualized base salary and on-target STI eligibility for each role held during Fiscal 2026 were as follows:

Role	Annualized Base Salary (C\$)	Annualized On-Target STI Eligibility (C\$)
<i>Chief Financial Officer</i>	\$390,000	\$240,000
<i>Interim Chief Financial Officer</i>	\$392,000	\$118,000
<i>Senior Vice-President, Finance</i>	\$300,000	\$90,000

In connection with her appointment as Interim Chief Financial Officer and subsequently permanent Chief Financial Officer, Ms. Hamel received promotion RSU and PSU equity grants that were approved during Fiscal 2026 but issued during Fiscal 2027. Such equity grants will be included in next year's management information circular.

(11) Mr. Tewari joined the Corporation on November 10, 2025. Therefore, the table above includes amounts from November 10, 2025 to March 31, 2026. Mr. Tewari's annualized base salary for the year was C\$557,560 (US\$400,000 converted at the rate set forth in footnote 1) and his annualized on-target STI eligibility was C\$278,780 (US\$200,000 converted at the rate set forth in footnote 1).

(12) Mr. Nussey resigned from the Corporation effective February 2, 2026. Therefore, the table above includes amounts earned from April 1, 2025 to February 1, 2026. Mr. Nussey's annualized base salary for the year was C\$448,375 and his annualized on-target STI eligibility was C\$448,375.

(13) Mr. Grosshans resigned from the Corporation effective November 1, 2025. Therefore, the table above includes amounts earned from April 1, 2025 to November 1, 2025. Mr. Grosshans's annualized base salary for the year was C\$557,560 (US\$400,000 converted at the rate set forth in footnote 1) and his annualized on-target STI eligibility was C\$557,560 (US\$400,000 converted at the rate set forth in footnote 1).

(1) The value of the unexercised in-the-money options is calculated based on the difference between the strike price of the option and the closing price of the Subordinate Voting Shares on the TSX on March 31, 2026, being C\$4.23 per Subordinate Voting Share. The amounts reported in the column disregard whether options have vested.

(2) Share-based awards that have not vested as of March 31, 2026 include RSUs and PSUs granted during Fiscal 2026. As at the performance measurement date of the Fiscal 2026 PSUs, the PSUs performance achievement was 100% for all individuals.

(3) The value of share-based awards is calculated based on the closing price of the Subordinate Voting Shares on the TSX on March 31, 2026, being C\$4.23 per Subordinate Voting Share.

(4) These options expire during a quarterly black-out period of the Corporation. In accordance with the terms of our Omnibus Incentive Plan, the expiry date of Mr. Têtu's stock options will be extended to the date that is ten (10) business days following the end of the black-out period.

(5) The amounts reported include the performance-based stock options granted to Mr. Têtu and Mr. Simoneau during the fiscal year ended March 31, 2022 as part of their respective "value-creation award". During Fiscal 2026, Mr. Têtu and Mr. Simoneau voluntarily surrendered 480,000 and 180,000 stock options, respectively, representing the tranche that would have vested upon the Subordinate Voting Shares reaching a value of C\$45.00 or more. As of March 31, 2026 and as at the date of this Circular, none of the remaining stock price hurdles comprising the performance condition applicable to the "value-creation awards" had been attained. The first of the four remaining tranches will vest only if the Subordinate Voting Shares reach a value of at least C\$19.50, while the final tranche will vest only if the Subordinate Voting Shares reach a value of at least C\$40.50. The exercise price of such options is C\$15.00 per option. The closing price of the Subordinate Voting Shares on the TSX on March 31, 2026 was C\$4.23. As such, as at March 31, 2026, all of the remaining options were unvested and under water, with an intrinsic value of C\$nil. As such, Mr. Têtu and Mr. Simoneau will earn only the remaining options underlying their respective "value-creation award" to the extent Shareholders realize substantial appreciation in the value of their investment. Please refer to the "Value Creation Award for the Chief Executive Officer and the President" section of our supplemented PREP prospectus available under our profile on SEDAR+ at www.sedarplus.ca for additional details.

(6) See "Executive Pay Program" for more details.

(7) The expiry date of Mr. Nussey's stock options was extended to after the end of Fiscal 2026 in accordance with the terms of the Omnibus Incentive Plan, as the Corporation was in a black-out under the terms of its Trading Policy. The intrinsic value of Mr. Nussey's stock options as of the end of Fiscal 2026 was C\$nil.

(1) Represents the value of the potential gains from options that vested during Fiscal 2026. The value of the unexercised in-the-money options is calculated based on the difference between the strike price of the option and the closing price of the Subordinate Voting Shares on the TSX on the day the options vested. Some or all of these options have not been, and may never be, exercised, and actual gains, if any, will depend on the value of the Subordinate Voting Shares on the day the options are exercised.

(2) Value established by multiplying the number of units vested by the market value of the Subordinate Voting Shares on the vesting date.

(3) Please refer to the "Annual Incentive Plan" column of the Summary Compensation Table.

(4) See "Executive Pay Program - Named Executive Officers" for more details.

(1) Please refer to the “Value Creation Award for the Chief Executive Officer and the President” section of our supplemented PREP prospectus available under our profile on SEDAR+ at www.sedarplus.ca for additional details. During Fiscal 2026, Mr. Têtu and Mr. Simoneau voluntarily surrendered 480,000 and 180,000 stock options, respectively, corresponding to the tranche that would have vested upon the Subordinate Voting Shares reaching a value of C\$45.00 or more.

(2) Awards granted to Mr. Tewari, the Corporation’s Chief Marketing Officer in compliance with our Omnibus Incentive Plan and an allowance under the rules of the TSX to make such grants as an inducement to enter into a full-time contract of employment as an executive officer. The awards were granted on November 19, 2025, but have a vesting start date of November 1, 2025, being the first day of the month he began his employment with the Corporation. Please refer to the “Executive Compensation Discussion and Analysis” section of this Circular for additional details.

(3) Awards granted to Mr. Nussey, the Corporation’s former Chief Financial Officer in compliance with our Omnibus Incentive Plan and an allowance under the rules of the TSX to make such grants as an inducement to enter into a full-time contract of employment as an executive officer. The awards were granted on March 30, 2023, but have a vesting start date of May 1, 2023, being the date he began his employment with the Corporation. Following Mr. Nussey’s resignation from the Corporation on February 2, 2026, all of his unvested inducement awards were cancelled in accordance with the terms of the Omnibus Incentive Plan, except for his stock options, the expiry date of which was extended beyond the end of Fiscal 2026 in accordance with the Omnibus Incentive Plan, as the Corporation was subject to a trading black-out under its Trading Policy. As a result, the number of inducement awards outstanding at the end of Fiscal 2026 does not correspond to the total number of inducement awards originally approved by the TSX. These stock options are expected to be cancelled shortly after mailing of this Circular. Please refer to the Executive Compensation Discussion and Analysis section of this Circular for additional details.

Performance Graph

The following performance graph illustrates the cumulative return on a C\$100 investment in the Subordinate Voting Shares made on November 18, 2021, being the date on which the Subordinate Voting Shares started trading on the TSX on an “if, as and when issued basis”, through March 31, 2026, being the last trading day of Fiscal 2026, compared with the cumulative return on the S&P/TSX Composite Total Return Index (and, for information purposes only, the performance of the stock of companies with our Comparator Group for Fiscal 2026 (excluding companies that are no longer public)) for the same period.

The S&P/TSX Composite Index tracks the share prices of the largest companies on the TSX measured by market capitalization. Stocks included in this index cover all sectors of the economy and are not significantly weighted in the technology or any other comparable industry, and are therefore not directly comparable to the Corporation. The trend shown by the performance graph represents a decrease in the Corporation's share price from our IPO to the last day of Fiscal 2026, with a trend substantially similar to that of the Comparator Group.

The trend set forth above also shows that returns on the Corporation's Subordinate Voting Shares in Fiscal 2026 was lower than that of the S&P/TSX Composite Index for the same period, with total annual compensation of Coveo's NEOs over the same period following a trend more similar to the return on the S&P/TSX Composite Index. Caution should be exercised when comparing total shareholder return performance and total NEO compensation, for the following reasons, among others:

- Fiscal 2026 was one of the strongest years in Coveo's history - Coveo's best new business bookings year ever, double digit SaaS subscription revenue growth, positive operating cash flow, and a debt-free balance sheet with US\$100+ million in cash. Notwithstanding this performance, Coveo's share price declined meaningfully amid an historic, sector-wide revaluation of enterprise software equities (which can be seen in the performance graph above when comparing the S&P/TSX Composite Index to the performance of our Comparator Group for Fiscal 2026, which by design is heavily weighted in the technology sector), as investor concerns that AI would disrupt traditional software business models erased a reported ~US\$2 trillion in market capitalization across the sector. This selloff was largely indiscriminate, affecting SaaS issuers regardless of individual performance, and per reports weighed disproportionately on smaller-capitalization companies with limited trading liquidity such as Coveo's. Because a substantial majority of executive compensation is delivered in at-risk, equity-based awards, our executives have shared directly in this decline, with the realizable value of their compensation for Fiscal 2024, Fiscal 2025 and Fiscal 2026 materially below their grant-date value. The Compensation Committee therefore maintained competitive target compensation for Fiscal 2026, to support continued execution and talent retention in a highly competitive market.

- In addition, the Corporation's share price has historically been discounted when compared to industry peers as a result of the size of its market capitalization relative to industry peers and limited liquidity in its Subordinate Voting Shares when compared to industry peers.

Annual Burn Rate of Equity Incentive Plans

The following table indicates key measures regarding the Legacy Option Plan and the Omnibus Incentive Plan and their dilution impact on the Corporation's share capital.

	March 31, 2026	March 31, 2025	March 31, 2024
Legacy Option Plan			
<u>Shares that can be issued</u> Number of Multiple Voting Shares that can be issued on account of stock option grants already made pursuant to the Legacy Option Plan.	4,055,239	4,677,848	6,541,769
<u>Dilution</u> Number of Multiple Voting Shares under granted but unexercised stock options, expressed as an approximate percentage of the aggregate of the total issued and outstanding Multiple Voting Shares and Subordinate Voting Shares on the specified date.	4%	5%	6%
<u>Options that have not vested</u> Number of Multiple Voting Shares available for already made (but not vested) grants of stock options, expressed as an approximate percentage of the total issued and outstanding Multiple Voting Shares and Subordinate Voting Shares on the specified date.	0%	<1%	<1%
<u>Annual burn rate</u> Number of stock options awarded under the Legacy Option Plan divided by the weighted average aggregate number of Multiple Voting Shares and Subordinate Voting Shares issued and outstanding as at the end of the applicable fiscal year, and calculated in accordance with Section 613(p) of the TSX Company Manual.	Nil ⁽¹⁾	Nil ⁽¹⁾	Nil ⁽¹⁾
Omnibus Incentive Plan (inclusive of inducement grants made to executive officers of the Corporation that sit outside the Omnibus Incentive Plan pool)			
<u>Shares that can be issued</u> Number of Subordinate Voting Shares that can be issued on account of stock option, RSU, DSU and PSU grants already made pursuant to the Omnibus Incentive Plan.	10,557,317	10,597,767	8,268,959
<u>Dilution</u> Number of Subordinate Voting Shares under granted but unexercised stock options, RSUs, DSUs and PSUs, expressed as an approximate percentage of the aggregate of the total issued and outstanding Multiple Voting Shares and Subordinate Voting Shares on the specified date.	11%	11%	8%
<u>Options, RSUs, DSUs and PSUs that have not vested</u> Number of Subordinate Voting Shares available for already made (but not vested) grants of stock options, RSUs, DSUs and PSUs, expressed as an approximate percentage of the total issued and outstanding Multiple Voting Shares and Subordinate Voting Shares on the specified date.	8%	9%	7%
<u>Annual burn rate for the year</u> Number of stock options, RSUs, DSUs and PSUs awarded under the Omnibus Incentive Plan, divided by the weighted average aggregate number of Multiple Voting Shares and Subordinate Voting Shares issued and outstanding as at the end of the applicable fiscal year, and calculated in accordance with Section 613(p) of the TSX Company Manual.	5%	5% ⁽²⁾	1% ⁽²⁾

(1) No stock options have been issued under the Legacy Option Plan since our IPO, and no stock options will be issued under the Legacy Option Plan going forward.

(2) Prior to Fiscal 2025, the Corporation traditionally completed its annual equity grants in the fourth quarter of the previous fiscal year. Accordingly, most of the Fiscal 2024 service year equity grants, with the exception of new hire grants and those made to the Chief Executive Officer (now Executive Chairman) and the President and Chief Technology Officer (now Chief Executive Officer), were granted in the fourth quarter of Fiscal 2023. Beginning in Fiscal 2025, the Corporation revised its compensation review cycle. As part of this change, annual equity grants for a given fiscal year are now issued in the first quarter of that fiscal year. As such, equity grants for the Fiscal 2025 service year were completed in the first quarter of Fiscal 2025, rather than in the fourth quarter of Fiscal 2024. As a result of this shift in timing: (i) few grants were issued during Fiscal 2024, aside from new hire grants and select executive grants, which (ii) led to a theoretical dip in the burn rate of the Omnibus Incentive Plan for Fiscal 2024 (lower), followed by a rebound in Fiscal 2025 (higher). The Corporation expects to continue granting annual equity awards in the first quarter of each fiscal year, consistent with the approach adopted for Fiscal 2025.

Termination and Change of Control Benefits

We have written employment agreements with each of our NEOs and each executive is entitled to receive compensation established by us, as well as other benefits in accordance with plans available to our most senior employees. The disclosure in this section relates only to NEOs employed as of the date of this Circular. Mr. Nussey and Mr. Grosshans resigned from the Corporation effective February 2, 2026 and November 1, 2025 respectively, and were not entitled to any termination benefits upon resignation.

Each of our NEOs employed at the date of this Circular is entitled to certain benefits in connection with termination of their employment without cause or in the event of their resignation for good reason. If so terminated without cause or if they resign for good reason, NEOs will be entitled to a severance payment calculated as a function of an average of their base salary and annual incentive compensation for the two (2) years preceding their termination (or less and annualized, if employed for less than two (2) years) multiplied by the greater of (i) in the case of our Executive Chairman, one month per year of service (up to 24 months) or 18 months, (ii) in the case of our Chief Executive Officer, one month per year of service (up to 24 months) or 12 months, (iii) in the case of our Chief Financial Officer, one month per year of service (up to 18 months) or 6 months, and (iv) in the case of our Chief Marketing Officer, one month per year of service (up to 24 months) or 6 months. Payment of any such termination benefits shall be subject to, among other things, the NEO executing a full and satisfactory release in favor of the Corporation (or any successor entity following a change of control of the Corporation).

Each currently employed NEO's employment agreement also contains standard restrictive covenants (non-competition, non-solicitation and confidentiality) which are in effect during the period of his or her employment and for 12 months thereafter (perpetual with respect to confidentiality), except with respect to our Chief Product Officer, who does not have a non-competition covenant as they are unenforceable in the State of Washington, where he resides.
