WisdomTree Further Expands Global Footprint in Latin America

Chilean Pension Regulator Approves Sale of Three Additional ETFs in Chile

NEW YORK, Nov. 4, 2013 (GLOBE NEWSWIRE) -- November 4, 2013 – WisdomTree Investments, Inc. (Nasdaq:WETF), an exchange-traded fund ("ETF") sponsor and asset manager, today announced the Comisión Clasificadora de Riesgo (CCR), the Chilean pension funds investment regulator, has approved three additional WisdomTree ETFs for sale to Chilean pension funds. This is a necessary condition before they can be purchased in accordance with pension plan investment guidelines. There are currently approximately \$163 billion in assets invested in Chilean pension funds.¹

"Given the interest we've seen by Chilean pension investors in U.S. equity funds over the last year, we are delighted that three additional ETFs are approved for sale to Chilean pension funds – two of which are our best performing U.S. ETFs in the small- and mid-cap segments of the market," said Luciano Siracusano, WisdomTree Chief Investment Strategist.
