

Dynatrace Reports Third Quarter of Fiscal Year 2020 Financial Results

- Subscription and Services revenue of \$139.4 million, a year-over-year increase of 36%
- Annualized recurring revenue "ARR" of \$534.5 million, a year-over-year increase of 44%
- GAAP EPS of \$0.01 and non-GAAP EPS of \$0.10

WALTHAM, Mass--(BUSINESS WIRE)-- Dynatrace (NYSE: DT), the market-leading software intelligence provider, purpose-built for the enterprise cloud, today released financial results for the third quarter of its fiscal 2020 ended December 31, 2019.

"The third quarter marked another strong performance for Dynatrace, highlighted by record subscription and services revenue, ongoing robust demand for our all-in-one software intelligence platform, and continued strong momentum. We are pleased with our performance across our key operating metrics, which was driven by the combination of new logos and expansion with existing customers," stated John Van Siclen, Chief Executive Officer. "As companies continue to digitally transform and move to enterprise clouds, Dynatrace remains well positioned to grow market share globally. Consequently, while we continue to execute efficiently and focus on profitability, we remain committed to maintaining our leadership position through ongoing innovation and further expansion of sales and marketing."

* Use of Non-GAAP Financial Measures

In our earnings press releases, conference calls, slide presentations, and webcasts, we may use or discuss non-GAAP financial measures, as defined by Regulation G. The GAAP financial measure most directly comparable to each non-GAAP financial measure used or discussed, and a reconciliation of the differences between each non-GAAP financial measure and the comparable GAAP financial measure, are included in this press release after the consolidated financial statements. Our earnings press releases containing such non-GAAP reconciliations can be found in the Investors section of our website at <https://ir.dynatrace.com>.

Financial Outlook

Based on information available, as of January 29, 2020, Dynatrace is issuing guidance for the fourth quarter and full year fiscal 2020 as follows:

Fourth Quarter of Fiscal Year 2020:

- Total revenue is expected to be in the range of \$147.0 million to \$148.0 million
- Non-GAAP operating income is expected to be in the range of \$33.5 million to \$34.5 million
- Non-GAAP net income is expected to be in the range of \$21.5 million to \$22.5 million
- Non-GAAP net income per diluted share is expected to be \$0.08, based on approximately 284 million diluted weighted-average shares

Full Year Fiscal 2020:

- Total revenue is expected to be in the range of \$542.2 million to \$543.2 million
- Total ARR is expected to be in the range of \$563 million to \$566 million
- Non-GAAP operating income is expected to be in the range of \$127.5 million to \$128.5 million
- Non-GAAP net income is expected to be in the range of \$74.8 million to \$75.8 million
- Non-GAAP net income per diluted share is expected to be \$0.28, based on approximately 272 million diluted weighted-average shares

Reconciliation of non-GAAP operating income, non-GAAP net income and non-GAAP net income per share guidance to the most directly comparable GAAP measures is not available without unreasonable efforts on a forward-looking basis due to the high variability, complexity and low visibility with respect to the charges excluded from these non-GAAP measures; in particular, the measures and effects of stock-based compensation expense specific to equity compensation awards that are directly impacted by future hiring, turnover and retention needs, as well as unpredictable fluctuations in our stock price. We expect the variability of the above charges to have a significant, and potentially unpredictable, impact on our future GAAP financial results.

These statements are forward-looking and actual results may differ materially. Refer to the section under the heading Forward-Looking Statements below for information on the factors that could cause our actual results to differ materially.

Conference Call and Webcast Information

A webcast replay will be available at <https://ir.dynatrace.com>.

The company has used, and intends to continue to use, the investor relations portion of its website as a means of disclosing material non-public information and for complying with disclosure obligations under Regulation FD.

Non-GAAP Financial Measures & Key Metrics

In addition to disclosing financial measures prepared in accordance with GAAP, this press release and the accompanying tables contain certain non-GAAP financial measures.

Non-GAAP financial measures do not have any standardized meaning and are therefore

unlikely to be comparable to similarly titled measures presented by other companies. Dynatrace considers these non-GAAP financial measures to be important because they provide useful indicators of its performance and liquidity measures. These are key measures used by our management and board of directors to understand and evaluate our core operating performance and trends, to prepare and approve our annual budget and to develop short and long-term operational plans. In addition, investors often use similar measures to evaluate the performance of a company. Non-GAAP financial measures are presented for supplemental informational purposes only for understanding the company's operating performance. The non-GAAP financial measures should not be considered a substitute for financial information presented in accordance with GAAP, and may be different from non-GAAP financial measures presented by other companies. The GAAP financial measure most directly comparable to each non-GAAP financial measure used or discussed, and a reconciliation of the differences between each non-GAAP financial measure and the comparable GAAP financial measure, are included in this press release after the consolidated financial statements.

Adjusted EBITDA is defined as Net Income (loss) adjusted by removing the impact of our capital structure (net interest income or expense from our outstanding debt), asset base (depreciation and amortization), tax consequences, restructuring and other gains and losses, transaction and sponsor related costs, gains and losses on foreign currency and stock-based compensation.

Annual Recurring Revenue "ARR" is defined as the daily revenue of all subscription agreements that are actively generating revenue as of the last day of the reporting period multiplied by 365. We exclude from our calculation of Total ARR any revenues derived from month-to-month agreements and/or product usage overage billings.

Dynatrace Net Expansion Rate is defined as the Dynatrace® ARR at the end of a reporting period for the cohort of Dynatrace® accounts as of one year prior to the date of calculation, divided by the Dynatrace® ARR one year prior to the date of calculation for that same cohort. This calculation excludes the benefit of Dynatrace® ARR resulting from the conversion of Classic products to the Dynatrace® platform, as well as any upsell generated at the time of conversion.

Dynatrace customers are defined as accounts, as identified by a unique account identifier, that generate at least \$10,000 of Dynatrace® ARR as of the reporting date. In infrequent cases, a single large organization may comprise multiple customer accounts when there are distinct divisions, departments or subsidiaries that operate and make purchasing decisions independently from the parent organization. In cases where multiple customer accounts exist under a single organization, each customer account is counted separately based on a mutually exclusive accounting of ARR.

Adjusted EBITDA/Net Debt Leverage Ratio is defined as our Net Debt divided by our trailing twelve month Adjusted EBITDA. Net Debt is defined as total principal less cash and cash equivalents.

Unlevered Free Cash Flow is defined as net cash provided by (used in) operating activities and adjusted to exclude cash paid for interest (net of tax), non-recurring restructuring and acquisition related costs, along with costs associated with one-time offerings and filings, less cash used in investing activities for acquisition of property and equipment. However, given

our debt obligations, unlevered free cash flow does not represent residual cash flow available for discretionary expenses.

Cautionary Language Concerning Forward-Looking Statements

This press release includes certain “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, including statements regarding management's expectations of future financial and operational performance and operational expenditures, expected growth, and business outlook, including our financial guidance for the fourth fiscal quarter and full year 2020, and statements regarding the size of our market and our positioning for capturing a larger share of our market. These forward-looking statements include, but are not limited to, plans, objectives, expectations and intentions and other statements contained in this press release that are not historical facts and statements identified by words such as “expects,” “anticipates,” “intends,” “plans,” “believes,” “seeks,” “estimates” or words of similar meaning. These forward-looking statements reflect our current views about our plans, intentions, expectations, strategies and prospects, which are based on the information currently available to us and on assumptions we have made. Although we believe that our plans, intentions, expectations, strategies and prospects as reflected in or suggested by those forward-looking statements are reasonable, we can give no assurance that the plans, intentions, expectations or strategies will be attained or achieved. Furthermore, actual results may differ materially from those described in the forward-looking statements and will be affected by a variety of risks and factors that are beyond our control including, without limitation, our ability to maintain our subscription revenue growth rates in future periods, our ability to service our substantial level of indebtedness, market adoption of software intelligence solutions for application performance monitoring, digital experience monitoring and infrastructure monitoring, continued spending on and demand for software intelligence solutions, our ability to successfully convert and upsell our customers as they convert from our Classic products to the Dynatrace® platform, our ability to maintain and acquire new customers, our ability to differentiate our platform from competing products and technologies; our ability to successfully recruit and retain highly-qualified personnel; the price volatility of our common stock, and other risks set forth under the caption “Risk Factors” in our Form 10-Q filed on November 4, 2019 and our other SEC filings. We assume no obligation to update any forward-looking statements contained in this document as a result of new information, future events or otherwise.
