Adial Pharmaceuticals Announces Open Market Purchases of Common Stock by Chief Medical Officer, Bankole Johnson, M.D.

CHARLOTTESVILLE, VA / ACCESSWIRE / April 3, 2019 [/Adial Pharmaceuticals, Inc.](#) (NASDAQ: ADIL; ADILW), a clinical-stage biopharmaceutical company focused on the development of medicines for addiction, today announced that Bankole A. Johnson, M.D., DSc., M.B., ChB., M.Phil., DFAPA, FRCPSych, FACFEI has purchased 73,100 shares of the Company's common stock in the open market over the March 28 and March 29 trading days as reported on a Form 4 that Dr. Johnson filed with the Securities and Exchange Commission. The average purchase price paid was approximately \$3.29 with total purchases in the amount of \$240,609.

Adial Pharmaceuticals previously announced Dr. Johnson's appointment as Chief Medical Officer of the Company, and prior to becoming the Chief Medical Officer, he served as Chairman of the Board of the Company. He is also the inventor of the Company's lead product, AD04, a genetically targeted drug for alcohol use disorder, and was the principal investigator for the Phase 2b trial testing AD04 as a treatment for alcohol use disorder.

About Adial Pharmaceuticals, Inc.

Adial Pharmaceuticals is a clinical-stage biopharmaceutical company focused on the development of treatments for addictions. The Company's lead investigational new drug product, AD04, is a genetically targeted therapeutic agent for the treatment of alcohol use disorder ("AUD"). A Phase 2b clinical trial of AD04 for the treatment of AUD showed promising results in reducing frequency of drinking, quantity of drinking and heavy drinking (all with statistical significance), and no overt safety concerns (there were no statistically significant serious adverse events reported). The Company plans to commence a Phase 3 clinical trial using AD04 for the potential treatment of AUD in subjects with certain target genotypes, which are to be identified using the Company's proprietary companion diagnostic genetic test. AD04 is also believed to have the potential to treat other addictive disorders such as opioid use disorder, gambling, and obesity.

Forward Looking Statements

This communication contains certain "forward-looking statements" within the meaning of the U.S. federal securities laws. Such statements are based upon various facts and derived utilizing numerous important assumptions and are subject to known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or

implied by such forward-looking statements. Statements preceded by, followed by or that otherwise include the words "believes," "expects," "anticipates," "intends," "projects," "estimates," "plans" and similar expressions or future or conditional verbs such as "will," "should," "would," "may" and "could" are generally forward-looking in nature and not historical facts, although not all forward-looking statements include the foregoing. The forward-looking statements include statements regarding the planned phase 3 clinical trial using AD04 for the potential treatment of AUD in subjects with certain genotypes and the potential of AD04 to treat AUD and other addictive disorders such as opioid use disorder, gambling, and obesity. Any forward-looking statements included herein reflect our current views, and they involve certain risks and uncertainties, including, among others, our ability to commence the Phase 3 clinical trials as expected, the ability to expand the use of AD04 for use in patients with opioid use disorder, gambling and obesity, the ability of AD04 therapy to perform as designed, to demonstrate safety and efficacy, as well as results that are consistent with prior results, the ability to enroll patients and complete the clinical trials on time and achieve desired results and benefits, our ability to obtain regulatory approvals for commercialization of product candidates or to comply with ongoing regulatory requirements, regulatory limitations relating to our ability to promote or commercialize our product candidates for specific indications, acceptance of its product candidates in the marketplace and the successful development, marketing or sale of products, our ability to maintain our license agreements, the continued maintenance and growth of our patent estate, our ability to establish and maintain collaborations, our ability to obtain or maintain the capital or grants necessary to fund its research and development activities, and our ability to retain our key employees or maintain our Nasdaq listing. These risks should not be construed as exhaustive and should be read together with the other cautionary statement included in our Annual Report on Form 10-K for the year ended December 31, 2018. Any forward-looking statement speaks only as of the date on which it was initially made. We undertake no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events, changed circumstances or otherwise, unless required by law.
