Sidus Space LizzieSat™ To Launch Today, March 4, 2024 on SpaceX's Transporter-10 Rideshare Mission

CAPE CANAVERAL, Fla.--(BUSINESS WIRE)-- Liftoff of the Sidus Space (NASDAQ: SIDU) (the "Company" or "Sidus") LizzieSat is targeted for a launch window that opens today, March 4, 2024 at 2:05 p.m. PDT. The satellite will launch as part of SpaceX's Transporter-10 Rideshare mission from Space Launch Complex 4 East at Vandenberg Space Force Base in California. Live mission updates will be available on X [@SpaceX](#).

"As we prepare to launch LizzieSat, our multi-mission Space Platform with a Purpose™, the launch signifies a momentous occasion not only for Sidus Space but also for the broader space industry. It underscores the continued progress and innovation within the sector and highlights the importance of cooperation and partnership in pushing the boundaries of space technologies," stated Carol Craig, CEO at Sidus Space. "We are grateful for the support of our partners, stakeholders, and the dedicated team at Vandenberg Space Force Base in making this possible."

This eagerly awaited occasion marks a significant milestone in Sidus Space's mission of Bringing Space Down to Earth™. Meticulously planned and prepared for, it reflects years of dedication, expertise, and collaboration. For more updates, visit sidusspace.com.

About Sidus Space

Sidus Space (NASDAQ: SIDU) is a multi-faceted Space and Data-as-a-Service satellite company focused on mission-critical hardware manufacturing; multi-disciplinary engineering services; satellite design, production, launch planning, mission operations; and in-orbit support. The Company is in Cape Canaveral, Florida, where it operates from a 35,000-square-foot manufacturing, assembly, integration, and testing facility focused on vertically integrated Space-as-a-Service solutions including end-to-end satellite support.

Sidus Space has a mission of Bringing Space Down to Earth™ and a vision of enabling space flight heritage status for new technologies while delivering data and predictive analytics to domestic and global customers. More than just a "Satellite-as-a-Service" provider, Sidus Space's products and services are offered through its four business units: Space and Defense Hardware Manufacturing, Satellite Manufacturing and Payload Integration, Space-Based Data Solutions, and AI/ML Products and Services to support customers from concept to Low Earth Orbit and beyond. Sidus Space is ISO 9001:2015, AS9100 Rev. D certified, and ITAR registered.

Forward-Looking Statements

Statements in this press release about future expectations, plans and prospects, as well as any other statements regarding matters that are not historical facts, may constitute 'forward-looking statements' within the meaning of The Private Securities Litigation Reform Act of 1995. These statements include, but are not limited to, statements relating to the expected trading commencement and closing dates. The words 'anticipate,' 'believe,' 'continue,' 'could,' 'estimate,' 'expect,' 'intend,' 'may,' 'plan,' 'potential,' 'predict,' 'project,' 'should,' 'target,' 'will,' 'would' and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Actual results may differ materially from those indicated by such forward-looking statements as a result of various important factors, including: the uncertainties related to market conditions and other factors described more fully in the section entitled 'Risk Factors' in Sidus Space's Annual Report on Form 10-K for the year ended December 31, 2022, and other periodic reports filed with the Securities and Exchange Commission. Any forward-looking statements contained in this press release speak only as of the date hereof, and Sidus Space, Inc. specifically disclaims any obligation to update any forward-looking statement, whether as a result of new information, future events or otherwise.
