INTERNET AVAILABILITY OF PROXY MATERIALS

We are furnishing proxy materials to our stockholders primarily via the internet. On April 24, 2013, we mailed most of our stockholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy materials, including our Proxy Statement and our 2012 Annual Report on Form 10-K. The Notice of Internet Availability of Proxy Materials also instructs you on how to vote via the internet. Other stockholders, in accordance with their prior requests, received e-mail notification of how to access our proxy materials and vote via the internet, or have been mailed paper copies of our proxy materials and a proxy card or voting form.

Internet distribution of our proxy materials is designed to expedite receipt by stockholders, lower the cost of the annual meeting, and conserve natural resources. However, if you would prefer to receive paper copies of proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials.

**PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
JUNE 6, 2013**

ARTICLE I. PROXY MATERIALS AND ANNUAL MEETING

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

1. Q: General — Why am I receiving these materials?

A: On or about April 24, 2013, we sent a Notice of Internet Availability of Proxy Materials (the “Notice”) to you, and to all stockholders of record as of the close of business on April 8, 2013, because the Board of Directors of Ulta is soliciting your proxy to vote at the 2013 Annual Meeting of Stockholders. Our Board of Directors has made these proxy materials available to you on the internet, or, upon your request, has delivered printed proxy materials to you, in connection with the solicitation of proxies for use at the 2013 Annual Meeting of Stockholders. Our 2012 Annual Report and Form 10-K for fiscal 2012, along with our Proxy Statement and all other relevant corporate governance materials, are also available at the Investor Relations section of our website at <http://ir.ulta.com>.

2. Q: Delivery of Materials — Why did I receive a notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

A: In accordance with rules adopted by the Securities and Exchange Commission (the “SEC”), we may furnish proxy materials, including this Proxy Statement and our 2012 Annual Report and Form 10-K for fiscal 2012, to our stockholders by providing access to such documents on the internet instead of mailing printed copies. Most stockholders will not receive printed copies of the proxy materials unless they request them. Instead, the Notice, which was mailed to most of our stockholders, will instruct you as to how you may access and review all of the proxy materials on the internet. The Notice also instructs you as to how you may submit your proxy on the internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

3. Q: Date, Time and Place — When and where is the Annual Meeting of Stockholders?

A: The Annual Meeting of Stockholders will be held on Thursday, June 6, 2013, at 10:00 A.M. local time, at Ulta’s headquarters located at 1000 Remington Blvd., Suite 120, Bolingbrook, Illinois 60440.

4. Q: Purpose — What is the purpose of the Annual Meeting of Stockholders?

A: At our Annual Meeting, stockholders will act upon the matters outlined in this Proxy Statement and in the Notice of Annual Meeting on the cover page of this Proxy Statement. Following the Annual Meeting, management will respond, if applicable, to questions from stockholders and may make a presentation on our performance.

5. Q: Attending the Annual Meeting — How can I attend the Annual Meeting?

A: You will be admitted to the Annual Meeting if you were an Ulta stockholder or joint holder as of the close of business on April 8, 2013, or you hold a valid proxy for the Annual Meeting. You should be prepared to present photo identification for admittance. In addition, if you are a stockholder of record, your name will be verified against the list of stockholders of record prior to admittance to the Annual Meeting. If you are not a stockholder of record but hold shares through a broker, trustee or nominee, you should provide proof of beneficial ownership on the record date, such as your most recent account statement prior to April 8, 2013, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership. If a stockholder is an entity and not a natural person, a maximum of two representatives per such stockholder will be admitted to the Annual Meeting. Such representatives must comply with the procedures outlined above and must also present evidence of authority to represent such entity. If a stockholder is a natural person and not an entity, such stockholder and his/her immediate family members will be admitted to the Annual Meeting, provided they comply with the above procedures. In order to be admitted to the Annual Meeting, all attendees must provide photo identification and comply with the other procedures outlined above upon request.

6. Q: Multiple Sets of Proxy Materials — What should I do if I receive more than one set of voting materials?

A: You may receive more than one set of voting materials, including multiple copies of this Proxy Statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please vote each proxy card and voting instruction card that you receive.

7. Q: Record Holders and Beneficial Owners — What is the difference between holding shares as a Record Holder versus a Beneficial Owner?

A: Most Ulta stockholders hold their shares through a broker or other nominee rather than directly in their own name. There are some distinctions between shares held of record and those owned beneficially:

Record Holders — If your shares are registered directly in your name with our Transfer Agent, American Stock Transfer & Trust Company, you are considered, with respect to those shares, the stockholder of record or Record Holder and the Notice was sent directly to you by Ulta. As the stockholder of record, you have the right to grant your voting proxy directly to Ulta or to vote in person at the Annual Meeting.

Beneficial Owner — If your shares are held in a brokerage account or by another nominee, you are considered the Beneficial Owner of shares held in street name, and the Notice was forwarded to you from your broker, trustee or nominee. As a Beneficial Owner, you have the right to direct your broker, trustee or nominee how to vote and are also invited to attend the Annual Meeting. Since a Beneficial Owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a “legal proxy” from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing how to vote your shares. If you do not provide specific voting instructions to your broker by May 27, 2013 (10 days before the Annual Meeting), your broker can vote your shares with respect to “discretionary” items, but not with respect to “non-discretionary” items. The election of Directors (Proposal 1) and the advisory vote on executive compensation (Proposal 3) are considered non-discretionary items, while the ratification of the appointment of our independent registered public accounting firm (Proposal 2) is considered a discretionary item. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes.

8. Q: Voting — Who can vote and how do I vote?

A: Only holders of our common stock at the close of business on April 8, 2013 will be entitled to notice of and to vote at the Annual Meeting. At the close of business on April 8, 2013, we had outstanding and entitled to vote 63,674,528 shares of common stock. Each holder of our common stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the Annual Meeting in person. Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may vote by proxy. You can vote by proxy over the internet by following the instructions provided in the Notice, or, if you requested to receive printed proxy materials, you can also vote by mail or telephone pursuant to instructions provided on the proxy card. If you hold shares beneficially in street name, you may also vote by proxy over the internet by following the instructions provided in the Notice, or, if you requested to receive printed proxy materials, you can also vote by mail or telephone by following the voting instructions provided to you by your broker, bank, trustee, or nominee.

If you attend the Annual Meeting, you may also submit your vote in person, and any previous votes that you submitted will be superseded by the vote that you cast at the Annual Meeting. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the Annual Meeting, you must obtain from the Record Holder a legal proxy issued in your name.

9. Q: Revocation of Proxy — May I change my vote after I return my proxy?

A: Yes. Even after you have submitted your proxy/vote, you may revoke or change your vote at any time before the proxy is exercised by (i) the timely delivery of a valid, later-dated proxy, timely written notice of revocation with our Corporate Secretary at our principal executive offices at 1000 Remington Blvd., Suite 120, Bolingbrook, IL 60440; or (ii) by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

10. Q: Quorum — What constitutes a quorum?

A: Presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the common stock outstanding on April 8, 2013 will constitute a quorum, permitting the Annual Meeting to proceed and business to be conducted. As of April 8, 2013, 63,674,528 shares of common stock, representing the same number of votes, were outstanding. Thus, the presence of the holders of common stock representing at least 31,837,265 votes will be required to establish a quorum. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting.

11. Q: Voting Results — Where can I find the voting results of the Annual Meeting?

A: We will publish final results on a Current Report on Form 8-K within four business days of the Annual Meeting.

12. Q: Solicitation — Who will pay the costs of soliciting these proxies?

A: We will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and distribution of this Proxy Statement and any additional information furnished to stockholders. If you choose to access the proxy materials and/or vote over the internet, you are responsible for internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding shares of common stock beneficially owned by others to forward to such Beneficial Owners. We may reimburse persons representing Beneficial Owners of common stock for their reasonable costs of forwarding solicitation materials to such Beneficial Owners. Original solicitation of proxies may be supplemented by electronic means, mail, facsimile, telephone or personal solicitation by our Directors, officers or other employees. No additional compensation will be paid to our Directors, officers or other regular employees for such services.

13. Q: Additional Matters at the Annual Meeting — What happens if additional matters are presented at the Annual Meeting?

A: Other than the three proposals described in this Proxy Statement, we are not aware of any other properly submitted business to be acted upon at the Annual Meeting. If you grant a proxy, the persons named as proxy holders, Scott M. Settersten, our Chief Financial Officer, and Robert S. Guttman, our Senior Vice President, General Counsel and Secretary, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If, for any unforeseen reason, any of our nominees are not available as a candidate for Director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board of Directors.

14. Q: Stockholder Proposals — What is the deadline to propose actions for consideration at next year's Annual Meeting of Stockholders, or to nominate individuals to serve as Directors?

A: Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 (as amended, the "Exchange Act"), the deadline for submitting a stockholder proposal for inclusion in our proxy materials for our 2014 Annual Meeting of Stockholders is December 26, 2013. Under our Bylaws, stockholders who wish to bring matters or propose Director nominees at our 2014 Annual Meeting of Stockholders must provide specified information to us no earlier than February 7, 2014 and no later than March 9, 2014. Stockholders are also advised to review our Bylaws, which contain additional requirements with respect to advance notice of stockholder proposals and Director nominations. Proposals by stockholders must be mailed to our Corporate Secretary at our principal executive offices at 1000 Remington Blvd., Suite 120, Bolingbrook, IL 60440.

15. Q: Nomination of Directors — How do I submit a proposed Director nominee to the Board of Directors for consideration?

A: You may propose Director nominees for consideration by the Board of Directors' nominating and corporate governance committee. Any such recommendation should include the nominee's name and qualifications for Board membership and should be directed to our Corporate Secretary at the address of our principal executive offices set forth above. Such recommendation should disclose all relationships that could give rise to a lack of independence and also contain a statement signed by the nominee acknowledging that he or she will owe a fiduciary obligation to Ulta and our stockholders. The section titled "Corporate Governance and the Board of Directors" below provides additional information on the nomination process. In addition, please review our Bylaws in connection with nominating a Director for election at our Annual Meeting of Stockholders.

ARTICLE II. CORPORATE GOVERNANCE AND THE BOARD OF DIRECTORS

CORPORATE GOVERNANCE

Over the course of Ulta's history, the Board of Directors has developed corporate governance practices consistent with its duties of good faith, due care and loyalty, to help fulfill its responsibilities to our stockholders.

Board of Directors meetings and committees

During the fiscal year ended February 2, 2013, the Board of Directors held twelve meetings. Commencing fiscal year 2003, Mr. Eck became our Non-Executive Chairman and typically presides over meetings of the full Board as well as executive sessions. Effective February 21, 2013, Mr. Eck began serving as our Interim Chief Executive Officer until our Board of Directors is able to identify and hire a permanent Chief Executive Officer. In addition, as previously announced, Mr. Eck intends to step down from his position as Chairman effective at the conclusion of the 2013 Annual Meeting of Stockholders, but will remain a member of the Board. The Board of Directors has an audit committee, a nominating and corporate governance committee and a compensation committee. During fiscal year 2012, no Director attended fewer than 75% of the aggregate meetings of the Board of Directors and of the committees on which he or she served that were held during the period for which he or she was a Director or committee member, respectively. Directors are invited and are expected to attend the Annual Meeting of Stockholders, and all but one of our Directors then in office attended our 2012 Annual Meeting of Stockholders.

Committee Composition: Unless otherwise noted, the following table provides the composition of each of our committees as of February 2, 2013:

Board leadership structure

The Ulta Corporate Governance Guidelines (the "Corporate Governance Guidelines") provide that the offices of the Chief Executive Officer and the Chairman of the Board of Directors may be either combined or

[Table of Contents](#)

separated at the discretion of the Board of Directors. Currently, our Chairman, Dennis K. Eck, is serving as our Interim Chief Executive Officer until our Board of Directors is able to identify and hire a permanent Chief Executive Officer. Once a permanent Chief Executive Officer is hired, the roles of Chief Executive Officer and Chairman of the Board will again be separated in recognition of the differences between these two roles. We believe that this leadership structure enhances the accountability of the Chief Executive Officer to the Board, strengthens the Board's independence from management and ensures a greater role for the independent Directors in the oversight of our Company. In addition, separating these roles allows our Chief Executive Officer to focus his efforts on running our business and managing our Company in the best interests of our stockholders, while the Chairman provides guidance to the Chief Executive Officer and, in consultation with management, helps to set the agenda for Board meetings and establishes priorities and procedures for the work of the full Board. The Chairman presides over meetings of the full Board as well as executive sessions (without management), which the Board generally holds several times a year, both telephonically and in conjunction with each in-person meeting of the full Board.

Our Corporate Governance Guidelines also provide that from time to time, the independent directors may determine that the Board of Directors should have a lead director. In the event that the independent directors make such a determination, a majority of the independent directors will appoint a lead director. In the event that a lead director is designated, his or her duties would include: assisting the Chairman of the Board and Board of Directors in assuring compliance with and implementation of the Company's Corporate Governance Guidelines, coordinating the agenda for and moderating sessions of the Board of Directors' non-management directors and facilitating communications between the non-management directors and the other members of the Board and the management of the Company. The Company currently has seven independent directors and to date they have not determined that the Board of Directors should have a lead director.

The Board believes that the current board leadership structure is in the best interests of the Company and its stockholders at this time. The Board recognizes that no single leadership model is right for all companies and at all times and that, depending on the circumstances, other leadership models, such as combining the Chairman and Chief Executive Officer roles, might be appropriate. Accordingly, the Board periodically reviews its leadership structure. Our Corporate Governance Guidelines provide the flexibility for the Board to modify or continue our leadership structure in the future, as it deems appropriate.

Independence

Board member independence is an essential element of Ulta corporate governance. The Board of Directors has determined that each of the current non-employee Directors and each nominee for Director is free of any relationship that would interfere with his or her individual exercise of independent judgment with regard to Ulta. Each member of the nominating and corporate governance committee, compensation committee and audit committee satisfy the current independence requirements of NASDAQ and the SEC.

Board role in risk oversight

Our Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. Management is responsible for the Company's day-to-day risk management activities and processes, and our Board's role is to engage in informed oversight of and provide direction with respect to such risk management activities and processes. The Board recognizes that a fundamental part of risk management is not only understanding the risks our Company faces and the steps management is taking to manage those risks, but also understanding what level of risk is appropriate for our Company. As such, the Board focuses on understanding the nature of our enterprise risks, including operational, financial, legal and regulatory, strategic and reputational risks, as well as the adequacy of our risk assessment and risk management processes. To facilitate such an understanding, the Board and its committees receive management updates on our business operations, financial results and strategy, and the Board discusses and provides direction with respect to risks related to those topics.

[Table of Contents](#)

While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. The audit committee oversees risks associated with financial accounting and audits, as well as internal control over financial reporting. The audit committee assists the Board in its oversight by discussing with management our Company's risk assessment and management policies, the Company's significant financial risk exposures and the actions taken by management to limit, monitor or control such exposures. The compensation committee oversees the risks relating to the Company's compensation policies and practices. In setting compensation, the compensation committee strives to create incentives that encourage a level of risk-taking behavior consistent with the Company's business strategy. The compensation committee also oversees the risks relating to the Company's management development and leadership succession. The nominating and corporate governance committee oversees the implementation of the Company's Code of Business Conduct and monitors compliance therewith.

Nominating and corporate governance committee

The nominating and corporate governance committee acts under a written charter that was approved by the Board of Directors and has been published under "Corporate Governance" in the Investor Relations section of the Ulta website at <http://ir.ulta.com>. The primary responsibility of the nominating and corporate governance committee is to recommend to the Board of Directors candidates for nomination as Directors and membership on committees of the Board. The committee reviews the performance and independence of each Director, and in appropriate circumstances, may recommend the removal of a Director for cause. The committee oversees the evaluation of the Board of Directors and makes recommendations to improve performance. The committee also recommends to the Board of Directors policies with respect to corporate governance. During fiscal year 2012, the nominating and corporate governance committee was composed of the following independent Directors: Messrs. Stevens and Heilbronn and Ms. Nagler. Mr. Stevens serves as the current Chairman of the committee. The Board of Directors has determined that each committee member qualifies as a "nonemployee director" under rules and regulations of the SEC, as well as the independence requirements of NASDAQ. The nominating and corporate governance committee met five times during fiscal year 2012.

Nominating and corporate governance committee charter

The nominating and corporate governance committee charter identifies the roles and responsibilities that govern the nominating and corporate governance committee, such as:

- identifying qualified candidates to become Board members;
- selecting nominees for election as Directors at the next annual meeting of stockholders (or special meeting of stockholders at which Directors are to be elected);
- selecting candidates to fill any vacancies on the Board;
- reviewing the composition of the committees of the Board and making recommendations to the Board regarding committee membership;
- overseeing the implementation of and monitoring compliance with Ulta's Code of Business Conduct (other than with respect to complaints regarding accounting issues, as more fully set forth in the audit committee charter); and
- overseeing the evaluation of the Board.

Nomination process — qualifications

The nominating and corporate governance committee is responsible for reviewing the appropriate skills and characteristics required of Directors in the context of prevailing business conditions, and in its nominating committee capacity, for making recommendations regarding the size, composition and desired complementary skill sets of the Board of Directors. The objective of the nominating and corporate governance committee is to

[Table of Contents](#)

create and sustain a Board of Directors that brings to Ulta a variety of perspectives and skills derived from high-quality business and professional experience. Pursuant to its charter, the nominating and corporate governance committee annually assesses the experience, expertise, capabilities, skills and diversity of the members of the Board, individually and collectively, and considers these factors when evaluating Director candidates. In this regard, both the Board and the nominating and corporate governance committee believe that it is essential for Board members to represent diverse viewpoints based upon differences in professional experience, education, skill and other individual qualities and attributes that contribute to an active, effective Board. Although there are no specific minimum qualifications that a Director candidate must possess, the nominating and corporate governance committee recommends those candidates who possess the highest personal and professional integrity, have prior experience in corporate management and the industry, maintain academic or operational expertise in an area of our business and demonstrate practical and mature business judgment.

We will consider all stockholder recommendations for candidates for the Board of Directors and, to date, we have not received any Director nominees from a stockholder. Stockholders who want to suggest a candidate for consideration should send a written notice, addressed to the Corporate Secretary at our principal executive offices at 1000 Remington Blvd., Suite 120, Bolingbrook, IL 60440. Further details about the nomination process may be found in the answer to Question 15 above, entitled “Nomination of Directors — How do I submit a proposed Director nominee to the Board of Directors for consideration?”

This notice must include the following information for each candidate the stockholder proposes to nominate: (i) name, age, business address and residence address, (ii) principal occupation or employment, (iii) class and number of shares of capital stock beneficially owned by such candidate and (iv) and any other information relating to the candidate that is required to be disclosed in solicitations for proxies for the election of Directors pursuant to applicable SEC rules. In addition, the stockholder giving such notice must include his or her (i) name and record address and (ii) the class and number of shares such stockholder beneficially owns.

We have engaged the services of search firms to provide us with candidates, especially when we are looking for a candidate with a particular expertise, quality, skill or background. We also consider potential Director candidates recommended by current Directors, officers, employees and others. The nominating and corporate governance committee screens all potential candidates in the same manner, regardless of the source of the recommendation. Our review is typically based on any written materials provided with respect to potential candidates, and we review such materials to determine the qualifications, experience and background of the candidates. Final candidates are typically interviewed by members of the committee and other members of the Board, as appropriate. AUDIT COMMITTEE

The audit committee provides assistance to the Board of Directors in fulfilling its responsibility to our stockholders, potential stockholders, the investment community and other stakeholders relating to corporate accounting, financial, management and reporting practices, the system of internal controls and the auditing process. Specifically, the audit committee assists the Board of Directors in monitoring the integrity of our financial statements, our independent registered public accounting firm's qualifications and independence, the performance of our internal audit function and independent registered public accounting firm, our compliance with legal and regulatory requirements and our policies with respect to risk assessment and risk management. The Board of Directors made a qualitative assessment of each member's level of knowledge and experience based on a number of factors, including education and work, management and director experience. The Board of Directors has determined that each committee member qualifies as a "nonemployee director" under SEC rules and regulations, as well as the independence requirements of NASDAQ. All members of our audit committee are financially literate and are independent, as independence is defined in Rule 5605(a)(2) of the NASDAQ listing standards and Section 10A(m)(3) of Exchange Act. The audit committee met ten times during fiscal year 2012, and its report is presented below. The audit committee acts under a written charter that was adopted by the Board of Directors and has been published under "Corporate Governance" in the Investor Relations section of the Ulta website located at <http://ir.ulta.com>.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS¹

The audit committee assists the Board of Directors in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of Ulta.

The audit committee oversees Ulta's financial process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. Ulta has an Internal Audit Department that is actively involved in examining and evaluating Ulta's financial, operational and information systems activities and reports functionally to the audit committee and administratively to management. In fulfilling its oversight responsibilities, the audit committee reviewed and discussed with management the periodic reports, including the audited financial statements in our Annual Report on Form 10-K. This included a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The audit committee reviewed with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, its judgments as to the quality, not just the acceptability, of Ulta's accounting principles and such other matters as are required to be discussed with the audit committee under generally accepted auditing standards, including Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, the audit committee has discussed with the independent registered public accounting firm the firm's independence from management and Ulta, including the matters in the written disclosures and the Letter from the Independent Registered Public Accounting Firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the firm's communications with the audit committee concerning independence.

The audit committee discussed with Ulta's independent registered public accounting firm the overall scope and plans for their audit and developed a pre-approval process for all independent registered public accounting firm services. The audit committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of Ulta's internal and disclosure controls and the overall quality of Ulta's financial reporting. As noted, the audit committee held ten meetings during fiscal year 2012.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the Board of Directors, and the Board of Directors approved, that the audited financial statements be included in Ulta's Annual Report on Form 10-K for the fiscal year 2012, ended February 2, 2013, for filing with the SEC. The audit committee has appointed Ernst & Young LLP to be Ulta's independent registered public accounting firm for the fiscal year 2013, ending February 1, 2014.

The compensation committee met eleven times during fiscal year 2012, and its report is presented below. During fiscal year 2012, the compensation committee was composed of the following independent Directors: Messrs. Eck (Chairman) and Heilbronn and Ms. Nagler, and Mr. MacDonald, who joined the committee beginning on December 12, 2012. The Board of Directors has determined that each current committee member qualified as a “nonemployee director” under the rules and regulations of the SEC, as well as the independence requirements of NASDAQ, during fiscal year 2012. Mr. Heilbronn currently serves as the Chairman of the compensation committee. Due to Mr. Eck’s current service as Interim Chief Executive Officer, he is no longer a member of the compensation committee. The compensation committee acts under a written charter that was adopted by the Board of Directors and has been published under “Corporate Governance” in the Investor Relations section of the Ulta website located at <http://ir.ulta.com>. Under this charter, the compensation committee is responsible for:

- setting our compensation philosophy;
- reviewing and approving the compensation for all officers;
- reviewing and recommending compensation for non-employee directors;
- supervising compensation policies for all employees including reviewing the compensation structure and procedures;
- recommending to the Board the employment, appointment and removal of officers in accordance with the bylaws;
- establishing, amending and terminating compensation and benefits plans and administering such plans; and
- annually reviewing its own performance and reporting findings and action plans to the Board.

The compensation committee may under its charter delegate any of its responsibilities to a subcommittee, but only to the extent consistent with our Bylaws, Articles of Incorporation, Section 162(m) of the Internal Revenue Code and NASDAQ rules.

Compensation consultant

During fiscal 2012 the compensation committee engaged Pay Governance, as its outside consultant, to assist the compensation committee with executive compensation program design, advise and consult with the committee on general compensation issues, and to keep the committee apprised of regulatory, legislative, and accounting developments and competitive practices related to executive compensation. In those capacities, Pay Governance was engaged directly by the compensation committee. Pay Governance is an independent executive compensation consulting firm and does not determine or recommend the exact amount or form of executive compensation for any executive officers. Pay Governance reports directly to the compensation committee, and a representative of Pay Governance, when requested, attends meetings of the committee, is available to participate in executive sessions and communicates directly with the Chair of the compensation committee or its members outside of meetings. Pay Governance does no other work for the Company. The compensation committee has reviewed the nature of and extent of the relationship between the compensation committee, the Company and Pay Governance with respect to any potential conflicts of interest or similar concerns. Based on that review, the compensation committee believes that there are no conflicts of interest or potential conflicts of interest that would unduly influence Pay Governance’s provision of advice that is independent of management to the compensation committee. Management engaged its own compensation and benefit consultants for advice on the management of the compensation and benefit programs and to assist in preparing recommendations to the compensation committee.

Compensation risk

The Company reviewed its compensation plans, practices and policies and determined that it does not have any such plans, practices and policies that create risks that are reasonably likely to have a material adverse effect on the Company based on the following:

- The Company's variable compensation programs are linked to specific performance goals set by the compensation committee for executive officers and for other employees by supervisors consistent with the Company's compensation philosophy and business goals;
- The performance periods for the pay programs are designed to match the period for which the employee has influence on the results and incorporate incentives of a longer term nature to tie the employee to the actual results;
- Payments under the incentives are capped;
- Payments are reviewed by the compensation committee, management, payroll, human resources and subject to spot audits;
- The mix between fixed and variable pay is balanced as to neither discourage proper risk taking, nor encourage excessive risk taking; and
- No participant is allowed to approve their own performance goals, nor their own payout.

Compensation committee interlocks and insider participation

During the 2012 fiscal year, none of the members of our compensation committee had at any time been one of our officers or employees. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee, or other committee serving an equivalent function, of any entity that has one or more executive officers serving on our Board of Directors or compensation committee.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS²

The compensation committee has reviewed and discussed the following Compensation Discussion and Analysis ("CD&A") with management. Based on this review and discussion, the compensation committee recommended to the Board of Directors, and the Board of Directors approved, that the CD&A be included in Ulta's fiscal 2012 Annual Report on Form 10-K and this Proxy Statement.

COMPENSATION DISCUSSION AND ANALYSIS

Executive summary

Ultra's management team surpassed our 2012 financial targets, resulting in a stock price increase for our stockholders. As our executive compensation programs are designed to be aligned with stockholder interests, management was rewarded for its strong performance through an above target 2012 incentive plan payout and stock price appreciation in equity held by employees, including that received from the Company's long-term incentive program ("LTIP"). The compensation program design provides for compensation other than base salary to be variable based on performance achievement.

Our strong financial performance in 2012 is highlighted by:

- net income increase of 43.5% to \$172.5 million in fiscal 2012 compared to \$120.3 million in fiscal 2011;
- income per diluted share increase of 41.1% to \$2.68 in fiscal 2012 compared to \$1.90 in fiscal 2011;
- net sales increase of 25.0% to \$2.2 billion in fiscal 2012 compared to \$1.8 billion in fiscal 2011; and
- stock price increase of 26% from \$77.31 on January 27, 2012 to \$97.54 on February 1, 2013.

Please see "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K filed on April 3, 2013 for a more detailed description of our fiscal year 2012 financial results.

The alignment of performance and pay in 2012 reflects our compensation philosophy to attract and retain talent through well-designed performance-based compensation programs that provide for the opportunity to earn meaningful compensation upon achievement of superior performance.

At our 2012 Annual Meeting of Stockholders, the Company held an advisory vote to approve executive compensation ("say-on-pay"), thereby affording stockholders the opportunity to cast an advisory vote on the compensation programs for our named executive officers ("NEOs"). The result of this advisory vote indicated 97.6% stockholder approval of the compensation paid to our NEOs. The compensation committee believes that the overwhelming shareholder support evidenced by this vote thereby affirms stockholder support of the Company's approach to executive compensation, and did not change its approach in 2012. The compensation committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for our named executive officers.

The Company's strong financial performance in 2012 coupled with last year's positive stockholder advisory vote and our ongoing attention and commitment to providing executive compensation that is strongly aligned with financial performance, reinforces the compensation committee's view that our executive compensation program is achieving its objectives.

Named executive officers

During the 2012 fiscal year, our NEOs included: Chuck Rubin, President and Chief Executive Officer; Gregg R. Bodnar, Chief Financial Officer and Assistant Secretary (through September 6, 2012); Bruce L. Hartman, Chief Financial Officer and Assistant Secretary (September 7, 2012 through October 17, 2012); Scott M. Settersten, Acting Chief Financial Officer and Assistant Secretary (effective October 18, 2012); and Robert S. Guttman, Senior Vice President, General Counsel and Secretary.

Philosophy

Our executive compensation philosophy is to provide compensation opportunities that attract, retain and motivate talented key executives. We accomplish this by:

- evaluating the competitiveness and effectiveness of our compensation programs against other comparable businesses based on industry, size, results and other relevant business factors;
- linking annual incentive compensation to our performance on key measurable financial, operational and strategic goals that support stockholder value;
- focusing a significant portion of the executive's compensation on equity-based incentives to align interests closely with stockholders; and
- managing pay for performance such that pay is tied to business and individual performance.

Our 2012 fiscal year compensation program consisted of a fixed base salary, variable cash incentive, stock option awards, and, in certain circumstances, restricted stock units ("RSUs"), with a significant portion weighted towards the variable components. This mix of compensation is intended to ensure that total compensation reflects our overall success or failure, to motivate executive officers to meet appropriate performance measures and to align management with shareholders' long-term interests.

Overview of 2012 compensation

In fiscal year 2012, the Company continued to deliver outstanding shareholder value by exceeding growth targets. As part of our continued emphasis on creating shareholder value, we continue to utilize a single goal of performance against budget for earnings before taxes as reported to shareholders for the corporate annual incentive for all officers. This focus on a single company performance objective reflects the Company's strong linkage between shareholder value creation and management incentives. For the 2012 fiscal year, the overachievement resulted in bonuses for the officers payable at 102.0% of their target annual incentives.

We continued to use stock options as our primary means of providing long-term incentives for our NEOs and made grants in accordance with our normal 2012 fiscal year annual program.

Competitive market data

In considering NEO pay levels for fiscal year 2012, the compensation committee reviewed competitive market data from two survey sources: (i) the Hay Group's Retail Survey for companies with less than \$4B in revenues and (ii) the Towers Watson General Industry Executive Compensation Database for companies with revenues from \$1B to \$4.9B. We do not use a defined peer group of companies for compensation benchmarking because we do not believe a sufficient number of relevant peers nor comparable companies in terms of business orientation and dynamic exist.

The compensation committee does not rely solely on market data in making its individual compensation determinations, but rather the compensation committee considers our Chief Executive Officer's input as to an executive's performance and internal pay equity among current executives and newly hired executives. The compensation committee also considers the accounting and tax impact of each element of compensation and in the past has tried to minimize the compensation expense impact of equity grants on our financial statements, while minimizing the tax consequences to executives.

For fiscal year 2012, the only changes made to NEO compensation levels were in the form of base salary increases. These were made based on the recommendation of our Chief Executive Officer due to individual

[Table of Contents](#)

performance and internal equity and were supported by aggregated data the compensation committee reviewed from the following surveys in order to determine the market level of salary increases:

- Mercer Compensation Planning Survey for 2012/2013;
- Hewitt: 2012-2013 Salary Increase Budget Survey;
- World at Work Salary Budget Survey 2012/2013 (Retail Industry 1-3B Revenue);
- World at Work Salary Budget Survey 2012/2013 (General Industry); and
- Towers Watson Data Services Total Rewards 2012/2013 (General Industry)

Base salary

Base salaries are reviewed annually and are set based on individual agreements and hiring negotiation, competitiveness versus the external market and internal merit increase budgets. Based on a review of marketplace salary increases contained in the surveys described above, as well as the compensation committee's assessment of current economic and other market conditions, each year management proposes a merit baseline percentage increase in salaries. Our Chief Executive Officer then recommends to the compensation committee individual adjustments based on his assessment of an individual's performance, with input from the human resources department. Individual merit increases for the NEOs were based on the merit budget guidance, individual performance assessment and competitive position to the market. The NEO increases made effective for fiscal year 2012 were: 6.25% for Mr. Rubin, 4.4% for Mr. Settersten and 4.62% for Mr. Guttman. Mr. Bodnar resigned effective September 6, 2012 and did not receive a merit increase in 2012.

Annual incentives

Under the terms of his employment agreement, Mr. Rubin's target annual incentive was set at 100% of his base salary with a maximum annual incentive equal to 200% of his base salary. Mr. Bodnar's target annual incentive was 50% of his base salary and Messrs. Settersten and Guttman's target annual incentive was 40% of their base salary. Mr. Hartman's target annual incentive was 65% of his base salary, but due to his limited tenure, Mr. Hartman did not earn an annual incentive for the 2012 fiscal year.

In fiscal year 2012, the annual incentives for our NEOs were based on achievement of one quantifiable objective performance target: earnings before income taxes, adjusted for certain accounting charges required under generally accepted accounting principles and non-recurring charges ("EBT") weighted at 100% of the target annual incentive opportunity. Negative discretion is available to reduce calculated awards based on below target individual performance. The performance target for 2012 was EBT of \$271.6 million.

For fiscal year 2012, no annual incentive was payable unless performance under the EBT goal exceeded 80.1% of the target. A maximum annual incentive opportunity of 250% of their individual targets could be earned by Messrs. Bodnar, Hartman, Settersten and Guttman and 200% under Mr. Rubin's employment agreement. Mr. Bodnar was eligible for a pro-rated annual incentive award through his last day of service on September 29, 2012 in order to facilitate an orderly transition after the appointment of Mr. Hartman. Actual EBT for fiscal 2012 was \$279.8 million resulting in a payout 102.0% of the NEO's target annual incentive. No downward adjustments were made to the NEO's calculated annual incentive awards for 2012.

Mr. Settersten's compensation for the 2012 fiscal year reflects both his position as Vice President of Accounting and as Acting Chief Financial Officer and Assistant Secretary. In connection with his promotion to Acting Chief Financial Officer and Assistant Secretary, Mr. Settersten's base salary and target annual incentive was increased, and he received a retention bonus of \$150,000. Mr. Settersten was appointed permanent Chief Financial Officer and Assistant Secretary effective March 12, 2013.

LTIP

We provide long-term incentives through annual grants of options and RSUs to our executives and certain other employees, which we refer to as our “LTIP”. Under the LTIP, each eligible employee may receive an LTIP award whose value is targeted to a percentage of base salary. This targeted percentage was determined by the compensation committee based on input from Pay Governance as to market median practices for long-term incentives. The compensation committee approved awards in 2012 at the targeted percentage of base salary for LTIP of 200% for Mr. Rubin, 55% for Messrs. Bodnar and Guttman and 35% for Mr. Settersten. Consistent with our pay for performance orientation, the compensation committee provided the annual LTIP award with 85% of the value delivered in options and 15% in RSUs. In addition, certain employees are eligible to participate in an RSU award pool. The RSU pool is only funded and available for awards if EBT performance under the annual incentive is deemed superior. Once an RSU pool is funded, the Chief Executive Officer may recommend RSU awards to specific individuals based on his assessment of their individual performance and contribution to the success of the company. The Chief Executive Officer recommends these individual awards to the compensation committee for approval. For fiscal year 2012, Messrs. Settersten and Guttman each received, in addition to their respective annual LTIP grant, an award of 1,035 RSUs (\$89,072 grant value) as part of the RSU award pool. These RSU awards have a four-year ratable vesting schedule of 25% per year.

Option grants under the LTIP generally have the following characteristics:

- all options have an exercise price equal to the fair market value of our common stock on the date of grant;
- options vest ratably, on an annual basis over a four-year period; and
- options expire within ten years of the date of grant.

RSU grants under the LTIP generally have the following characteristics:

- each RSU entitles the holder to receive an equal number of shares of common stock, par value \$0.01 per share at settlement; and
- RSUs cliff vest 100% at the end of three years from grant date.

In connection with his hiring, we agreed to grant Mr. Hartman equity with a value of \$2,000,000 split evenly between options and RSUs. Mr. Hartman forfeited this equity upon his termination of employment.

Policy on investments related to Uta stock

We have adopted an investment policy for all employees to guide appropriate employee activity with respect to Company stock. This policy expressly prohibits activity that could be deemed hedging of Company stock by employees. In addition, our Insider Trading Compliance Policy prohibits activity that could be deemed hedging of Company stock by officers, directors and employees and our 2011 Incentive Award Plan prohibits activity that could be deemed pledging of Company stock by all plan participants, which include all officers, directors and employees.

Long-term incentive granting policy

We have adopted a general policy of making LTIP grants (options and RSUs) and setting the exercise price for options based on the closing price of our stock on the third business day following the date our earnings announcement is made for each fiscal quarter. This timing of option and RSU grants is, thus, generally consistent with when our executives and directors would be allowed to trade in our common stock under our insider trading policy. The compensation committee determined that setting the exercise price for stock options at this time was prudent in that it allowed for the market to process all reported public information prior to doing so. Such a practice thereby eliminates any potential manipulation regarding the timing of stock option grants. All stock option and RSU grants are approved in advance by the compensation committee.

Benefits, perquisites and tax-gross-ups

Executives are allowed to defer compensation under our non-qualified deferred compensation plan, which is more fully described in the narrative to the 2012 Non-Qualified Deferred Compensation Table below. For all eligible employees, we offer a 401(k) plan with matching contributions equal to 100% of contributions made up to 3.0% of eligible compensation. We also offer to eligible employees group health, life, accident and disability insurance. In addition, all employees are entitled to a discount on purchases at our stores.

Severance

Mr. Guttman is entitled to severance under the terms of his offer of employment, as more fully described below under “Severance and change in control benefits.” Severance for Mr. Guttman was considered a necessary part of his compensation package in order to attract him to join Ulta. Mr. Settersten would be expected to receive severance as well, if he were involuntarily terminated by the Company for reasons other than cause.

Accounting and tax considerations

The compensation committee also considers the accounting and tax impact of each element of compensation and in the past has tried to minimize the compensation expense impact of equity grants on our financial statements, while minimizing the tax consequences to executives.

A goal of the compensation committee is to comply with the requirements of Section 162(m) of the Internal Revenue Code. Section 162(m) limits the tax deductibility for public companies of annual compensation in excess of \$1,000,000 paid to our Chief Executive Officer and any of our three other most highly compensated executive officers, other than our Chief Financial Officer. However, performance-based compensation that has been approved by our stockholders is excluded from the \$1,000,000 limit if, among other requirements, the compensation is payable only upon the attainment of pre-established, objective performance goals and the committee of our Board of Directors that establishes such goals consists only of “outside directors.” During the 2012 fiscal year, the compensation committee was composed solely of outside directors.

The compensation committee considers the anticipated tax treatment to us and our executive officers when reviewing executive compensation and our compensation programs. While the tax impact of any compensation arrangement is one factor to be considered, such impact is evaluated in light of the compensation committee’s overall compensation philosophy and objectives. The compensation committee will consider ways to maximize the deductibility of executive compensation, while retaining the discretion it deems necessary to compensate officers in a manner commensurate with performance and the competitive environment for executive talent. From time to time, the compensation committee may award compensation to our executive officers which is not fully deductible if it determines that such award is consistent with its philosophy and is in our and our stockholders’ best interests.

Our 2011 Incentive Award Plan has been designed and implemented with the intent to allow us to pay performance-based annual and long-term incentive compensation under Section 162(m) of the Internal Revenue Code. Accordingly, our annual incentive and stock option grants under the 2011 Incentive Award Plan should be performance based and therefore deductible under Section 162(m).

2012 NON-QUALIFIED DEFERRED COMPENSATION

The table below sets forth certain information as of February 2, 2013 with respect to the non-qualified deferred compensation plans in which our NEOs may participate.

Scott M. Settersten	\$ 24,104	\$ 4,381	\$ —	\$ 49,247
Robert S. Guttman	\$ —	\$ 20,771	\$ —	\$ 221,811

[Table of Contents](#)

- (1) Included in the amount listed under the “Salary”, “Bonus” and “Non-Equity Incentive Plan Compensation” columns in the Summary Compensation Table above.
- (2) Contributions include salary and bonus deferrals, including bonuses earned in fiscal 2011 but paid in fiscal 2012.
- (3) \$201,040 was previously reported as compensation to Mr. Guttman in the Summary Compensation Table for prior years.

The Ulta Nonqualified Deferred Compensation Plan allows participants to defer up to 75% of their base salary and 100% of their annual cash bonus. We do not match or make any other contributions to the plan. Participants may direct the investment of their contributions to the plan among several mutual funds, similar to those available under our 401(k) plan.

Severance and change in control benefits

Except as described below, in the event that Mr. Guttman’s employment is terminated without cause, he will be entitled to a lump-sum payment equal to six months salary, which may be extended to one year’s salary upon Board approval, subject to providing a general release of claims. In addition, if his employment is terminated without cause within 12 months following a change in control, he will vest in all options and RSUs that he holds regardless of when granted and receive continued health benefits. Similar to Mr. Guttman, we would likely also pay Mr. Settersten at least six months severance in connection with a termination without cause in exchange for a general release of claims. In addition, if Mr. Settersten’s employment is terminated without cause within 12 months following a change in control, he will vest in all options and RSUs that he holds regardless of when granted and receive continued health benefits.

On March 12, 2013, Messrs. Settersten and Guttman each entered into a retention and severance agreement which provides for a grant of restricted stock units with a value equal to his base salary, which shall cliff vest on March 12, 2016, provided that he remains employed with the Company on such date (the “Retention Grant”); and if his employment is terminated without cause or he terminates for good reason prior to the earlier of March 12, 2015 or the 18 month anniversary of the start date of a permanent Chief Executive Officer of the Company, severance equal to 18 months base salary, full vesting of his Retention Grant, and continued health benefits. These retention and severance agreements replaced all other severance arrangements.

The following chart sets forth the amounts that Messrs. Settersten and Guttman would receive in the event that their employment were terminated without cause, for good reason, or due to death or disability, or in connection with a change in control, on the last day of the 2012 fiscal year, February 2, 2013, and assuming the exercise of all options and RSUs, the vesting of which is accelerated upon such event. These amounts do not include any value for amounts payable under retirement plans or insurance policies applicable to employees in general. These amounts also do not reflect the amount payable under the retention and severance agreements described above since they were not in place on February 2, 2013.

Name	Involuntary Not for Cause Termination / Good Reason	Death / Disability	Involuntary Termination in Connection with Change in Control
Scott M. Settersten	\$ 170,668	\$ 1,217,164	\$ 1,387,832
Robert S. Guttman	\$ 175,168	\$1,890,576	\$ 2,065,744

PROPOSAL THREE

ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION

The Board of Directors is committed to excellence in governance. As part of that commitment, Ulta is asking stockholders to vote on a resolution to approve the compensation of our named executive officers as disclosed in this Proxy Statement. This advisory resolution, commonly referred to as a “say-on-pay” resolution, is non-binding on the Company and the Board of Directors. However, the Board and the compensation committee value the opinions of the stockholders and will carefully consider the outcome of the vote when making future compensation decisions. In accordance with the results of the non-binding advisory vote at our 2011 Annual Meeting of Stockholders concerning the frequency of an advisory vote on the compensation paid to our named executive officers, this non-binding advisory vote will be held on an annual basis until the Board elects to implement a different frequency, or until the next required non-binding advisory vote on frequency. Following this year’s non-binding advisory vote, the next scheduled advisory vote will take place at the 2014 Annual Meeting of Stockholders.

As described more fully in the Compensation Discussion and Analysis (“CD&A”) section of this Proxy Statement, our executive compensation program is structured to provide compensation opportunities that: (i) reflect the competitive marketplace in which the Company operates; (ii) link annual incentive compensation to Company performance goals that support stockholder value; (iii) focus a significant portion of an executive’s compensation on equity-based incentives to align interests closely with stockholders; and (iv) attract, motivate and retain key executives who are critical to our long-term success. A significant portion of the Company’s executive compensation is performance-based, and we emphasize such incentives to ensure that total compensation reflects our overall success or failure and to motivate executive officers to meet appropriate performance measures.

We believe that the fiscal 2012 compensation of our named executive officers was appropriate and aligned with the Company’s performance. We urge stockholders to read the CD&A section of this Proxy Statement, as well as the Summary Compensation Table and the related tables and disclosures, for a more complete understanding of how our executive compensation policies and procedures operate.

The Company is asking stockholders to approve the following advisory resolution at the 2013 Annual Meeting:

RESOLVED, that the stockholders of Ulta Salon, Cosmetics & Fragrance, Inc. (the “Company”) approve, on an advisory basis, the compensation of the Company’s named executive officers as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion thereto.

Because the vote is advisory, it will not be binding upon the Board or the compensation committee. However, the compensation committee will consider the outcome of the vote in determining future compensation policies and decisions.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to approve the advisory resolution on executive compensation. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes will be counted towards a quorum, but will not be counted for any purpose in determining whether this matter has been ratified.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” PROPOSAL THREE

The following table presents information concerning the beneficial ownership of the shares of our common stock as of April 8, 2013 by

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our Directors and executive officers and persons who own more than 10% of a registered class of our equity securities to file reports of beneficial ownership and changes in beneficial ownership with the SEC. In 2012, due to an administrative error by the Company, which prepares and files Section 16 reports on behalf of its executive officers and Directors, one ownership report on Form 4 was filed late for Michael R. MacDonald, one of our Directors. To our knowledge, based solely on a review of the copies of such forms furnished to us and written representations that no other forms were required during the fiscal year ended February 2, 2013, except as noted above, all Section 16(a) filing requirements applicable to our Directors, executive officers and greater than 10% beneficial owners were complied with.

ARTICLE VI. CERTAIN RELATIONSHIPS AND TRANSACTIONS

Related party transaction approval policy

Our Board of Directors has adopted written policies and procedures for the approval or ratification of any “related party transaction,” defined as any transaction, arrangement or relationship in which we are a participant, the amount involved exceeds \$120,000 and one of our executive officers, Directors, Director nominees, 5% stockholders (or their immediate family members) or any entity with which any of the foregoing persons is an employee, general partner, principal or 5% stockholder, each of whom we refer to as a “related person,” has a direct or indirect interest as set forth in Item 404 of Regulation S-K. The policy provides that management must present to the audit committee for review and approval each proposed related party transaction (other than related party transactions involving compensation matters, certain ordinary course transactions, transactions involving competitive bids or rates fixed by law, and transactions involving services as a bank depository, transfer agent or similar services). The audit committee must review the relevant facts and circumstances of the transaction, including if the transaction is on terms comparable to those that could be obtained in arms’-length dealings with an unrelated third party and the extent of the related party’s interest in the transaction, take into account the conflicts of interest and corporate opportunity provisions of our Code of Business Conduct, and either approve or disapprove the related party transaction. If advance approval of a related party transaction requiring the audit committee’s approval is not feasible, the transaction may be preliminarily entered into by management upon prior approval of the transaction by the Chair of the audit committee subject to ratification of the transaction by the audit committee at its next regularly scheduled meeting. No Director may participate in approval of a related party transaction for which he or she is a related party.

Related party transactions and relationships

Since the beginning of fiscal 2012, we have engaged in the following related party transactions with our Directors, executive officers and holders of 5% or more of our common stock.

Transactions with vendors

Charles Heilbronn, one of our Directors, is Executive Vice President and Secretary, as well as a director, of Chanel, Inc. In fiscal 2012, Chanel, Inc. sold to Ulta approximately \$10.9 million of fragrance on an arms’ length basis pursuant to Chanel’s standard wholesale terms and is expected to continue to sell fragrance to Ulta during fiscal 2013.

ARTICLE VII. MISCELLANEOUS
