MicroVision to Present at the Rodman and Renshaw Investment Conference on September 10, 2015

REDMOND, Wash.--(BUSINESS WIRE)-- **MicroVision, Inc. (NASDAQ:MVIS)**, a leader in innovative ultra-miniature projection display and imaging technology, has been invited to present at the 2015 Rodman and Renshaw Annual Global Investment Conference being held this week at the St. Regis Hotel in New York.

MicroVision CEO Alexander Tokman will discuss the company's performance and outlook in a presentation scheduled for Thursday, September 10 at 10:50 a.m. Eastern time. In addition he will conduct one-on-one meetings throughout the conference.

About MicroVision

MicroVision is the creator of PicoP® display technology, an ultra-miniature laser projection and imaging solution for mobile consumer electronics, automotive head-up displays and other applications. MicroVision's patented technology helps OEMs break down display boundaries and offer enhanced visibility to mobile experiences. Extensive research has led MicroVision to become an independently recognized leader in the development of intellectual property. MicroVision's IP portfolio has been recognized by the Patent Board as a top 50 IP portfolio among global industrial companies and has been included in the Ocean Tomo 300 Patent Index. The company is based in Redmond, Wash.

MicroVision and PicoP are trademarks of MicroVision, Inc. in the United States and other countries. All other trademarks are the properties of their respective owners.

Forward-Looking Statements

Certain statements contained in this release, including those relating to potential applications of MicroVision technology are forward-looking statements that involve a number of risks and uncertainties. Factors that could cause actual results to differ materially from those projected in the company's forward-looking statements include the following: our ability to raise additional capital when needed; products incorporating our PicoP display technology may not achieve market acceptance; our ability to conclude agreements with potential customers; commercial partners may not perform under agreements as anticipated; we may be unsuccessful in identifying parties interested in paying any amounts or amounts we deem desirable for the purchase or license of IP assets; our or our customers' failure to perform under open purchase orders; our financial and technical resources relative to those of our competitors; our ability to keep up with rapid technological change; government regulation of our technologies; our ability to enforce our intellectual property rights and protect our

proprietary technologies; the ability to obtain additional contract awards; the timing of commercial product launches and delays in product development; the ability to achieve key technical milestones in key products; dependence on third parties to develop, manufacture, sell and market our products; potential product liability claims; and other risk factors identified from time to time in the company's SEC reports, including the company's Annual Report on Form 10-K filed with the SEC. Except as expressly required by federal securities laws, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changes in circumstances or any other reason.
