# MicroVision to Announce Third Quarter 2018 Results on Oct. 25, 2018

REDMOND, Wash., Oct. 18, 2018 (GLOBE NEWSWIRE) -- MicroVision, Inc. (NASDAQ:MVIS), a leader in innovative ultra-miniature projection display and sensing technology, today announced that it will report results for its third quarter 2018 after the market closes on Thursday, Oct. 25, 2018.

Following the issuance of the company's financial results press release, interested parties can listen to the company's conference call which will start at 5:00 p.m. ET/2:00 p.m. Pacific Time by accessing the Investor Relations' section of MicroVision's web site on the Investor [Events Calendar page](#) or dialing 1-877-883-0383 (for U.S. participants) or 1-412-902-6506 (for participants outside the U.S.) ten minutes prior to the start of the call using pass code number 4343681. A replay webcast of the call will also be available from the Investor Relations' section of MicroVision's web site on the Investor [Events Calendar page](#).

MicroVision also announced that the company will participate in the Craig-Hallum Alpha Select Conference in New York City on Nov. 15 and the 11th Annual LD Micro Main Event Investment Conference in Los Angeles on December 5. Webcast information for the company's investor presentations will be posted on the Investor [Events Calendar page](#) of MicroVision's website.

## About MicroVision

MicroVision is the creator of PicoP® scanning technology, an ultra-miniature sensing and projection solution based on the laser beam scanning methodology pioneered by the company. MicroVision's platform approach for this sensing and display solution means that its technology can be adapted to a wide array of applications and form factors. We combine our hardware, software, and algorithms to unlock value for our customers by providing them a differentiated advanced solution for a rapidly evolving, always-on world.

Extensive research has led MicroVision to become an independently recognized leader in the development of intellectual property. MicroVision's IP portfolio has been recognized by the Patent Board as a top 50 IP portfolio among global industrial companies and has been included in the Ocean Tomo 300 Patent Index. The company is based in Redmond, Washington.

## Forward-Looking Statements

Certain statements contained in this release, including those relating to future product and product applications and attendance at investor conferences are forward-looking statements that involve risks and uncertainties. Factors that could cause actual results to differ materially from those projected in the company's forward-looking statements include the following: our ability to raise additional capital when needed; products incorporating our PicoP display technology may not achieve market acceptance, commercial partners may not perform under agreements as anticipated, we may be unsuccessful in identifying parties interested in paying any amounts or amounts we deem desirable for the purchase or license of IP assets, our or our customers' failure to perform under open purchase orders; our financial and technical resources relative to those of our competitors; our ability to keep up with rapid technological change; government regulation of our technologies; our ability to enforce our intellectual property rights and protect our proprietary technologies; the ability to obtain additional contract awards; the timing of commercial product launches and delays in product development; the ability to achieve key technical milestones in key products; dependence on third parties to develop, manufacture, sell and market our products; potential product liability claims; and other risk factors identified from time to time in the company's SEC reports, including the company's Annual Report on Form 10-K filed with the SEC. Except as expressly required by federal securities laws, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changes in circumstances or any other reason.
