Algeron Announces Closing of the Private Placement Financing

NOT FOR DISTRIBUTION TO U.S. NEWSWIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES

VANCOUVER, British Columbia, July 24, 2025 (GLOBE NEWSWIRE) -- Algeron Pharmaceuticals Inc. (the "Company" or "Algeron") (CSE: AGN) (FRANKFURT: AGW0) (OTCQB: AGNPF), a Canadian healthcare and clinical stage drug development company, announces the closing of a second tranche (the "**Second Tranche**") of its non-brokered private placement (the "**Offering**"), previously announced on May 27, 2025, and with updated terms and the closing of the first tranche announced on June 30, 2025. Gross proceeds from the first and the Second Tranche totaled \$761,000 from the sale of subscription receipts.

Certain insiders of the Company participated in the Offering in the amount of \$90,000. The participation by insiders in the Offering constitutes a "related party transaction" as defined under Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions* ("**MI 61-101**"). The Company is relying on the exemptions from the valuation and minority shareholder approval requirements of MI 61-101 contained in sections 5.5(a) and 5.7(1)(a) of MI 61-101, as neither the fair market value of the Common Shares purchased by insiders, nor the consideration for the Units paid by such insiders, exceeded 25% of the Company's market capitalization. The Company did not file a material change report in respect of the related party transaction at least 21 days before the closing of the Offering, which the Company deems reasonable in the circumstances as the details of the participation by insiders of the Company were not settled until shortly prior to closing the Offering and the Company wished to complete the Offering in an expeditious manner.

The Company did not pay any cash finder's fees pertaining to the Second Tranche of the Offering.

The Company will use the proceeds of the Second Tranche of the Offering towards advancing its new Alzheimer's Disease initiative for the opening of its first U.S. neuroimaging clinic planned to open in Q4 2025, general and administrative expenses and for working capital purposes.

The Company is also announcing that the Offering is now closed.

The securities issued and issuable, described in this and the previous news releases on May 27, 2025 and June 30, 2025, will be subject to a statutory hold period of four months plus a day from the date of issuance in accordance with applicable Canadian securities legislation.

The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**U.S. Securities Act**"), or any state securities laws, and may

not be offered or sold within the United States or to, or for the account or benefit of, "U.S. persons" (as such term is defined in Regulation S under the U.S. Securities Act) absent registration under the U.S. Securities Act and applicable state securities laws, or an exemption from such registration.
