Ball Announces \$100 Million Accelerated Stock Repurchase

BROOMFIELD, Colo., Aug. 7, 2017 /PRNewswire/ -- [Ball Corporation](#) (NYSE: BLL) announced today an agreement to repurchase approximately \$100 million of its outstanding common stock in a privately negotiated accelerated stock repurchase transaction with Goldman Sachs & Co. LLC, using cash on hand and available borrowings.

Subject to certain conditions, the transaction will commence today and reduce Ball's outstanding common stock by a total of approximately 2.5 million shares. Following the completion of today's transaction, approximately 18 million shares remain available for repurchase under the company's existing authorization.

"This initial share buyback reflects the significant free cash flow and earnings improvement since our 2016 acquisition of Rexam and is consistent with our balanced capital deployment strategy, which includes returning value to shareholders in the form of share buybacks and dividends," said Scott C. Morrison, senior vice president and chief financial officer.

The shares are subject to a market price adjustment provision at the conclusion of the accelerated stock repurchase transaction which may require a settlement to be made by Ball, or to Ball, based generally on the volume weighted average trading price of the company's shares over an agreed upon period of time.

Forward-Looking Statements

This release contains "forward-looking" statements concerning future events and financial performance. Words such as "expects," "anticipates," "estimates," "believes," "targets," "likely" and similar expressions typically identify forward-looking statements, which are generally any statements other than statements of historical fact. Such statements are based on current expectations or views of the future and are subject to risks and uncertainties, which could cause actual results or events to differ materially from those expressed or implied. You should therefore not place undue reliance upon any forward-looking statements and any of such statements should be read in conjunction with, and, qualified in their entirety by, the cautionary statements referenced below. The company

undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Key factors, risks and uncertainties that could cause actual outcomes and results to be different are summarized in filings with the Securities and Exchange Commission, including Exhibit 99 in our Form 10-K, which are available on our website and at www.sec.gov. Additional factors that might affect: a) our packaging segments include product demand fluctuations; availability/cost of raw materials; competitive packaging, pricing and substitution; changes in climate and weather; competitive activity; failure to achieve synergies, productivity improvements or cost reductions; mandatory deposit or other restrictive packaging laws; customer and supplier consolidation, power and supply chain influence; changes in major customer or supplier contracts or a loss of a major customer or supplier; political instability and sanctions; currency controls; and changes in foreign exchange or tax rates; b) our aerospace segment include funding, authorization, availability and returns of government and commercial contracts; and delays, extensions and technical uncertainties affecting segment contracts; c) the company as a whole include those listed plus: changes in senior management; regulatory action or issues including tax, environmental, health and workplace safety, including U.S. FDA and other actions or public concerns affecting products filled in our containers, or chemicals or substances used in raw materials or in the manufacturing process; technological developments and innovations; litigation; strikes; labor cost changes; rates of return on assets of the company's defined benefit retirement plans; pension changes; uncertainties surrounding geopolitical events and governmental policies both in the U.S. and in other countries, including the U.S. government elections, budget, sequestration and debt limit; reduced cash flow; ability to achieve cost-out initiatives and synergies; interest rates affecting our debt; and successful or unsuccessful acquisitions and divestitures, including with respect to the Rexam PLC acquisition and its integration, or the associated divestiture; the effect of the acquisition or the divestiture on our business relationships, operating results and business generally.
