Forward Air Announces 2023 General Rate Increase

GREENEVILLE, Tenn.--(BUSINESS WIRE)-- Forward Air Corporation (NASDAQ: FWRD) (the "Company" or "Forward") today announced a 5.9 percent general rate increase (GRI) on any shipments tendered on or after February 6, 2023.

The Company believes the rate changes will enable it to continue investing in service enhancement as operating costs have risen by double digit percentages in 2022 for many in the freight transportation industry. Factors necessitating the GRI include increased costs in real estate, equipment, cost per mile and economic inflation.

As an expedited carrier, Forward operates on demand without the long lead times that traditional carriers require. Forward remains committed to providing best-in-class, premium expedited service to its customers.
