Gulf Island Fabrication, Inc. Reports Fourth Quarter Earnings

HOUMA, La.--(BUSINESS WIRE)--

Gulf Island Fabrication, Inc. (NASDAQ: GIF1) today reported net income of \$3.7 million (\$.26 diluted EPS) on revenue of \$76.0 million for its fourth quarter ended December 31, 2006, compared to net income of \$2.7 million (\$.22 diluted EPS) on revenue of \$41.4 million for the fourth quarter ended December 31, 2005. Net income for the twelve months ended December 31, 2006 was \$21.3 million (\$1.53 diluted EPS) on revenue of \$312.2 million, compared to net income of \$13.0 million (\$1.05 diluted EPS) on revenue of \$188.5 million for the twelve months ended December 31, 2005. Included in the Consolidated Statements of Income for the year ended December 31, 2006, under the "Other Income (Expense)" section, is the \$983,000 gain resulting from the sale of the Company's interest in MinDOC, L.L.C., effective January 23, 2006.

The company had a revenue backlog of \$429.1 million and a labor backlog of approximately 4.0 million man-hours remaining to work, which consist of work remaining at December 31, 2006 and commitments received through February 13, 2007, the original earnings release date.

During the year-end close process, the Company discovered an error regarding the estimated revenue on the Tahiti contract, which the Company assumed when it acquired Gulf Marine Fabricators, effective January 31, 2006. The Company determined that the amount of revenue it had recognized on this contract during the first three quarters of 2006 was overstated. The table below indicates the previously reported and restated quarterly financial results that will be included in the quarterly results footnote in its Form 10-K for the year ended December 31, 2006. The Company expects to file its Form 10-K on or before its March 16, 2007 due date and will not amend its previous filings.
