# Mirion Technologies to Host 19th Annual Health Physics Users' Training and Benchmarking Seminar

SAN FRANCISCO--(BUSINESS WIRE)-- The Mirion Technologies Health Physics Division will host its 19th annual Health Physics Users' Training Benchmarking Seminar in Marco Island, Florida from July 27<sup>th</sup>-30<sup>th</sup>. Last year's seminar included distinguished keynote speakers from the U.S. Navy and the Department of Homeland Security as well as several nuclear power plants within the Americas region.

"This event provides an important annual forum for the health physics community to exchange ideas, concepts and discuss occupational challenges," said Antony Besso, President of Mirion's Health Physics Division. "Our team members will be on hand to share information on our product lines and gather customer feedback for future product development."

This year's seminar will be held at the Marco Island Beach Resort and Spa. The agenda includes a combination of presentations, breakout sessions and training classes. To register or obtain additional information, please visit [www.mirion.com](http://www.mirion.com) and select the Health Physics Division link. The registration deadline for the seminar is June 15<sup>th</sup>.
