"At the same time, we're seeing people embrace more frequent, casual gatherings at home, and these collections are designed to make it easy to refresh your space in a way that feels joyful, inspiring, and ready for the season."

Michael's' 2026 Summer Décor Collections:

- **Cosmetique:** A chic, feminine take on summer décor, Cosmetique draws inspiration from Regencycore, Parisian café culture and gallery-style interiors. Soft blush tones, coffee and espresso motifs, sculptural accents and curated wall décor create a polished yet playful aesthetic that feels both elevated and approachable.
- **Modern Coast:** Refined yet relaxed, this collection offers an elevated approach to coastal living, blending natural textures with a calm, neutral palette. Inspired by classic coastal style with a refined sensibility, the collection is influenced by nautical fashion

trends and features natural materials, subtle nautical elements and timeless pieces that create a lived-in feel.

- **Hothouse:** For those looking to make a statement, Hothouse embraces the dopamine design trend, maximalism, vibrant colors, tropical prints and layered textures. With lush greenery, dramatic florals and eye-catching décor, this collection brings bold, expressive energy to any space, perfect for creating a summer escape at home.
