

# Resmed Stewardship Presentation

### Presentation of financial information & forward-looking statements

Historical financial and operating data in this presentation reflect the consolidated results of ResMed Inc., its subsidiaries, and its legal entities for the periods indicated.

This presentation includes financial information prepared in accordance with accounting principles generally accepted in the United States, or GAAP, as well as other financial measures referred to as non-GAAP. The non-GAAP financial measures in this presentation, which include non-GAAP Gross Profit, non-GAAP Gross Margin, non-GAAP Income from Operations, non-GAAP Net Income, and non-GAAP Diluted Earnings per Share, should be considered in addition to, but not as substitutes for, the information prepared in accordance with GAAP. For reconciliations of the non-GAAP financial measures to the most comparable GAAP measures, please refer to the earnings release associated with the relevant reporting period, which can be found on the investor relations section of our corporate website (investor.Resmed.com).

In addition to historical information, this presentation contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are based on ResMed's current expectations of future revenue or earnings, new product development, new product launches, new markets for its products, integration of acquisitions, leveraging of strategic investments, litigation, and tax outlook. The words "believe," "expect," "intend," "anticipate," "will continue," "will," "estimate," "plan," "future" and other similar expressions, and negative statements of such expressions, generally identify forward-looking statements, including, in particular, statements regarding expectations of future revenue or earnings, expenses, new product development, new product launches, new markets for our products, the integration of acquisitions, our supply chain, domestic and international regulatory developments, litigation, tax outlook, and the expected impact of macroeconomic conditions on our business.

ResMed's expectations, beliefs, and forecasts are expressed in good faith and are believed to have a reasonable basis, but actual results could differ materially from those stated or implied by these forward-looking statements. ResMed assumes no obligation to update the forward-looking information in this presentation, whether as a result of new information, future events, or otherwise. For further discussion of the various factors that could impact actual events or results, please review the "Risk Factors" identified in ResMed's quarterly and annual reports filed with the Securities and Exchange Commission. All forward-looking statements included in this presentation should be considered in the context of these risks. Investors and prospective investors are cautioned not to unduly rely on our forward-looking statements.

### Fiscal 2025 highlights

Delivered significant stockholder value in fiscal 2025 and keenly focused on achieving 2030 strategy

Board of Directors is wellpositioned to support management in its execution of the 2030 strategy; Nicole Mowad-Nassar joined the Board in August

Employees are critical to the company's ongoing growth and success; Resmed's management team is well-diversified in its experience and tenure

Compensation emphasizes pay for performance and ensures alignment of management's and stockholders' interests

Focus on sustainability aims to both minimize Resmed's environmental footprint and take into account the company's responsibility to develop patient solutions that are durable and longlasting

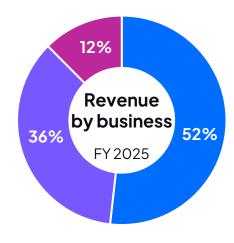

Committed to engagement with stockholders, and to continuous improvement across stewardship efforts

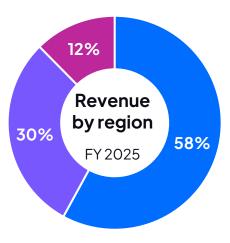

## Resmed | The global leader in connected and digital health

# Our areas of focus

#### Sleep Health

Delivering a market-leading patient experience through innovative solutions that lower overall costs for treating Sleep Apnea patients and improve clinical outcomes by leveraging global digital health solutions

#### **Breathing Health**

Improving the lives of patients with COPD, and other key chronic respiratory diseases on their healthcare journey – lowering costs, preventing hospitalization, and creating end-to-end care solutions (was respiratory care)

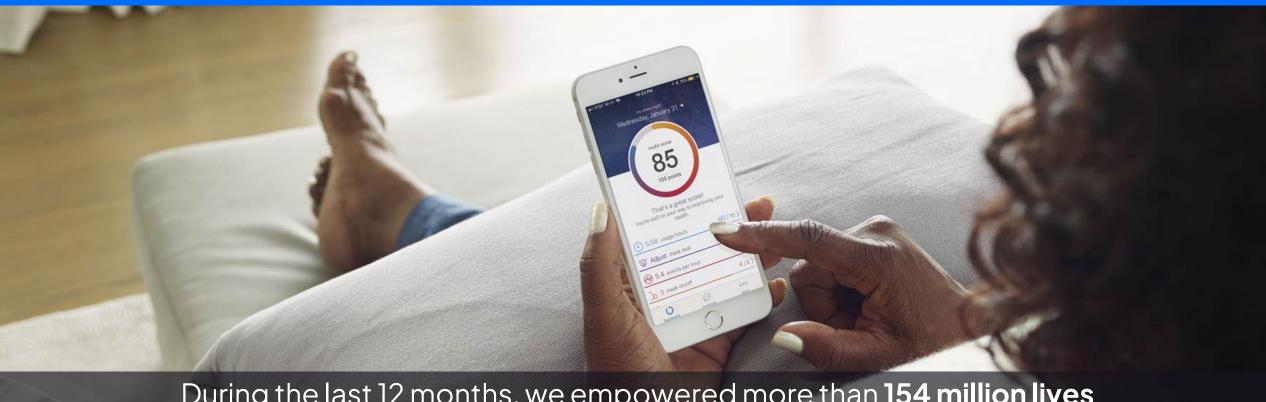

#### Residential Care Software (RCS)

Providing a network of residential care software (RCS) management solutions (previously called out-of-hospital (OOH) SaaS) that help home medical equipment and other providers deliver personalized care, measurable results, and improved outcomes

# Our goal is to empower 500 million lives in 2030

We're proud to offer connected and digital heath tech solutions that people love, and that help those with sleep and breathing health challenges live happier, healthier lives with care in the comfort of the home or care setting of their choice

During the last 12 months, we empowered more than **154 million lives** with our digital health products and cloud-based software solutions<sup>1</sup>

# 2030 STRATEGY

**OUR** 

**MISSION** 

OUR FOCUS AREAS

Sleep Health

Breathing Health

Health Tech at Home

We will create products people love as well as seamless, personalized pathways for access to life-changing care

OUR STRATEGY

OUR KEY
CAPABILITIES

Empower our teams

Prioritize Al Build trust OUR FINANCIAL GOAL

We create life-changing health technologies that people love

We will achieve industry leading growth and profitability

OUR VISION We envision a world where every person can achieve their full potential through better sleep and breathing, with care delivered in their own home

We will empower 500M people worldwide to achieve their full potential in 2030 OUR GLOBAL IMPACT

OUR VALUES

Resolute integrity
Resourceful innovation
Responsible quality
Respectful diversity
Resounding impact

OUR BEHAVIORS Drive collaboration
Develop people
Optimize for Resmed
Lead others with purpose
Own the results

### Board - overview

Carol J. Burt, BBA

Independent Non-Executive Director

Principal of Burt-Hilliard Investments

Christopher DelOrefice, BS, MBA

Independent Non-Executive Director

EVP and CFO of Becton, Dickinson and Company

Jan De Witte, MSE, MBA

Independent Non-Executive Director

President and CEO of Integra Life Sciences

Karen Drexler, BSE, MBA

Independent Non-Executive Director

Former CEO of Sandstone Diagnostics, Inc.

Michael J. Farrell, BE, SM, MBA

Non-Independent Executive Director

Chairman of the Board and CEO of Resmed

Peter C. Farrell, PhD, DSc, AM

Joined Board in past year.

Non-Independent Director

Founder and Chairman Emeritus of Resmed

Harjit Gill, BA

Independent Non-Executive Director

CEO of the Asia Pacific Medical Technology Association

John Hernandez, PhD. MPP

Independent Non-Executive Director

Head of Health Impact at Google

Nicole Mowad-Nassar, BS. MBA

Independent Non-Executive Director

SVP of AbbVie and President of Global Allergan Aesthetics

Desney Tan, PhD, BSE

Independent Non-Executive Director

Corporate Vice President and Managing Director of Microsoft Research

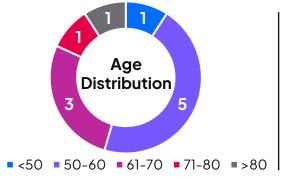

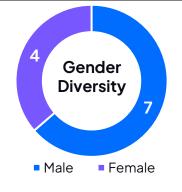

Ronald Taylor, MA

Independent Non-Executive Director; Lead Independent Director

Founder and CEO of Pyxis Corporation

- 11 members (9 independent)
- Lead independent director
- All directors stand for election annually
- 4 committees, all chaired by, and comprised entirely of, independent directors
- No term limits; no age limits
- Board participates in quarterly Q&A sessions with senior and mid-level management to gain additional insight

Note: Please see Resmed's recent press release link noting the appointment of Nicole Mowad-Nassar and that Rich Sulpizio will not stand for re-election in the November 2025 AGM. Metrics reflect Board if all directors who stand for re-election during November 2025 AGM receive requisite votes.

# Board - oversight of strategy

- Board actively participates in continued evolution of Resmed's 2030 strategy
  - Executive leadership team regularly interacts with Board members and receives Board feedback
  - Board also reviews Resmed's strategy annually and as needed during individual board meetings
- Board is briefed on Resmed's product roadmap, including product development and go-to-market strategies
- Board regularly holds meetings in Resmed offices outside the US (most recently in Germany) and has visited retail and manufacturing sites in Sydney, Australia, Singapore, and Lyon, France
- Board regularly participates in director education sessions on topics such as demand generation, cybersecurity, use of artificial intelligence, European regulation, and sustainability

#### **CASE STUDY: GLP-1s**

# Assessing potential impacts of changing OSA landscape

**Board briefing**: ongoing monitoring of realworld evidence to assess impact

<u>Resmed view</u>: widespread adoption of GLP-Is increases awareness of sleep apnea

# GLP-1 initiated<sup>1,2</sup> vs. non-GLP-1 initiated OSA patients<sup>1</sup>

11%

more likely to initiate PAP therapy<sup>3</sup>

3%

more likely to resupply PAP one year post-setup<sup>4</sup>

5%

more likely to resupply PAP two years post-setup<sup>4</sup>

GLP-1 stands for glucagon-like peptide-1. GLP-1 Data Source: IQVIA LRX data and Diagnostic claims, July 2021 - March 2025. 1. Total patients with an OSA diagnosis claim from July 2021 - March 2025; those who were diagnosed with OSA prior to July 2021 are not included in this analysis. 2. GLP-1 initiation is defined by presence of GLP-1 claim at any point from July 2021 - March 2025 (n=1,601k patients); initiation does not demonstrate GLP-1 treatment adherence, so patients may not be actively taking GLP-1s today. 3. Values show absolute percentage difference in presence of any PAP-related claim from July 2021 - March 2025 comparing OSA patients who used GLP-1s versus OSA patients with no GLP-1 use.

4. Values show absolute percentage difference in presence of any PAP-related claim at each timepoint post PAP setup from July 2021 - March 2025 comparing OSA patients who used GLP-1s versus OSA patients with no GLP-1 use.

## Board - Key Committee responsibilities

#### Audit Committee

Overseeing financial risk, capital risk, financial compliance and internal audit, and controls over financial reporting.

# Compensation and Leadership Development Committee

Overseeing compensation philosophy and practices, evaluating the balance between risk-taking and rewards to senior officers, reviewing risk posed by sales compensation plans, and overseeing the company's equity plans.

#### **Board**

# Compliance, Privacy and Quality Committee

Overseeing compliance with global healthcare laws and regulations, global privacy requirements, new and ongoing quality issues, and sustainability reporting.

# Nominating and Governance Committee

Evaluating each director's independence, director recruiting, maintaining Board Skills Matrix, adapting to Resmed's commercial and risk environment, evaluating the effectiveness of Resmed's corporate governance and overseeing succession planning.

#### **Management**

Designated internal management, as well as certified professional accounting firms performing annual internal and external audits, regularly review and test functions, controls and processes to review, evaluate and recommend mitigation strategies, as needed. Critical areas of focus include financial, operational, regulatory, compliance, economic, compensation, privacy, cybersecurity, and competition, among others.

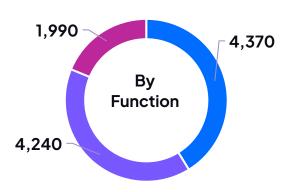

The full Board oversees general risk, including sustainability and cybersecurity

There is an annual Enterprise Risk Management review each November Senior management and Committee Chairs regularly update the entire Board about significant risk management issues

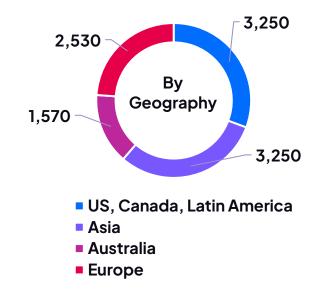

### Human capital management - overview

#### As of June 30, 2025, Resmed had ~10,600 employees

- Sales, marketing, & administration
- Cost of sales activities
- Research & development

- Resmed's average global turnover rate for fiscal year 2025 was approximately 12%
- Resmed encourages diversity of thought to ensure that both employees and customers feel represented and valued, driving loyalty and engagement across all business areas ranging from medical devices to digital technology

#### Our people are critical to Resmed's ongoing growth and success

## Executive compensation – program highlights

#### **Key Principles**

To emphasize pay for performance and ensure alignment of management and stockholders' interests

To reward successful annual performance through our cash incentive program and encourage long-term value creation for our stockholders through our long-term equity incentive program

To support our talent roadmap by attracting and retaining top talent, while incentivize and rewarding execution of our 2030 strategy

#### **Geographic Considerations**

Resmed is headquartered in the US and the majority of our officers work and reside in the US. To be able to compete for best-in-industry talent in support of our growth priorities, our executive compensation program reflects leading and prevailing market practices in the US, which differ from Australian market standards

- Target total compensation program aims to be competitive with similarly-sized US-based public companies in the medical device and medical technology industries with which we compete for executive talent
  - Target total compensation aims to be at least near the median of the US market and conforms to US market compensation best practices
- Our US-based pay philosophy results in executive compensation that is different than the model for companies organized and trading only in Australia
  - Resmed uses lower base salary, higher short-term cash incentives, and higher target equity value, in alignment with US best practices
  - US norms also have a lower percentage of equity value subject to performance conditions than exhibited by Australian companies
  - We balance these competing philosophies by adhering to US best practices and grant 50% of equity in a mix of relative and absolute TSR PSUs and 50% of executive RSUs tied to shorter term targets requiring three years of service for full vesting

### Executive compensation - predominantly at-risk structure

#### Base salary

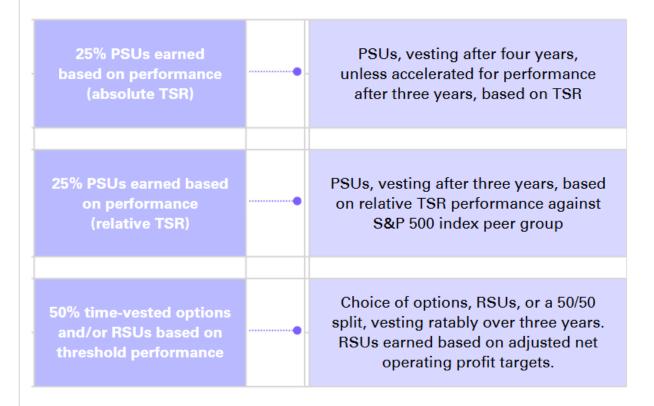

- Provides our executives with a degree of financial certainty and stability
- Salary ranges generally based on similar positions in med tech companies of comparable size in the US

#### Cash incentive program

- Rewards achievement of pre-established short-term financial objectives (adjusted net sales and adjusted operating profit, weighted equally)
- All payouts are determined in accordance with these objective performance metrics
- Cap on maximum payout at 200% of each officer's target opportunity, with no payout if performance is less than 85% of target goal for that measure

#### **Equity incentive program**

• Balanced, with 50% of grant value in long-term performance units, and 50% in shorter term performance targets:

## Sustainability practices - overview

- We aim to minimize Resmed's environmental footprint across all operations and throughout our supply chain
- We focus on designing and developing innovative products that have a lower environmental impact throughout their lifecycle
- We are committed to conducting business responsibly and ensuring our operations adhere to all applicable environmental regulations in the countries where we operate
- We have not received any regulatory notices, complaints, or issues raised by external parties, and we are not aware of any environmental issues raised against our major suppliers during the reporting year

Resmed will publish its 2025 Sustainability Report in the coming months

### Fiscal 2025 highlights

Delivered significant stockholder value in fiscal 2025 and keenly focused on achieving 2030 strategy

Board of Directors is wellpositioned to support management in its execution of the 2030 strategy; Nicole Mowad-Nassar joined the Board in August
