180 Life Sciences Regains Nasdaq Compliance for Listing Rules 5605(b)(1) and 5605(c)(2)

MENLO PARK, Calif., July 12, 2021 (GLOBE NEWSWIRE) -- 180 Life Sciences Corp. (NASDAQ: ATNF) ("180 Life Sciences" or the "Company"), a clinical-stage biotechnology company focused on the development of novel drugs that fulfill unmet needs in inflammatory diseases, fibrosis and pain, announced today that it has regained Nasdaq Compliance for Listing Rules 5605(b)(1) and 5605(c)(2).

As previously disclosed in the [Current Report on Form 8-K](#), filed by 180 Life Sciences Corp. (the "Company") with the Securities and Exchange Commission (the "Commission") on January 6, 2021, the Listing Qualifications Department of the Nasdaq Stock Market, LLC ("Nasdaq") notified the Company that it did not comply with the independent director and audit committee requirements for continued listing on The Nasdaq Capital Market set forth in Listing Rules 5605(b)(1) and 5605(c)(2) (the "Rules"), respectively. Nasdaq provided the Company 45 days, or until February 19, 2021, to submit to Nasdaq a plan detailing how the Company intended to regain compliance with the rules. The Company timely submitted such plan and Nasdaq granted the Company an extension until June 30, 2021 to regain compliance with the Continued Listing Rules.

On July 6, 2021, based on the appointments of Pamela G. Marrone to the Company's Board of Directors and Francis Knuettel II to the Company's Board of Directors and audit committee, as detailed in the Current Reports on Form 8-K filed by the Company with the Commission on [June 28, 2021](#) and [June 10, 2021](#), Nasdaq provided written notice to the Company that it has determined that the Company complies with the Rules, and this matter is now closed.

About 180 Life Sciences Corp.

180 Life Sciences Corp. is a clinical-stage biotechnology company focused on the development of novel drugs that fulfill unmet needs in inflammatory diseases, fibrosis and pain by leveraging the combined expertise of luminaries in therapeutics from Oxford University, the Hebrew University and Stanford University. 180 Life Sciences is leading the research into solving one of the world's biggest drivers of disease – inflammation. The Company is driving groundbreaking studies into clinical programs, which are seeking to develop novel drugs addressing separate areas of inflammation for which there are no effective therapies. The Company's primary, most advanced platform is a novel program to treat fibrosis using anti-TNF (tumor necrosis factor) which is in the clinic.

Forward-Looking Statements

This press release includes "forward-looking statements", including information about management's view of the Company's future expectations, plans and prospects, within the

safe harbor provisions under The Private Securities Litigation Reform Act of 1995 (the "Act"). Words such as "expect," "estimate," "project," "budget," "forecast," "anticipate," "intend," "plan," "may," "will," "could," "should," "believes," "predicts," "potential," "continue" and similar expressions are intended to identify such forward-looking statements. These forward-looking statements involve significant risks and uncertainties that could cause the actual results to differ materially from the expected results and, consequently, you should not rely on these forward-looking statements as predictions of future events. These forward-looking statements and factors that may cause such differences include, without limitation, statements relating to expectations regarding the capitalization, resources, and funding of the Company; expectations with respect to future performance, growth and anticipated acquisitions; the continued listing of the Company on The NASDAQ Stock Market; the ability of the Company to execute its plans to develop and market new drug products and the timing and costs of these development programs; estimates of the size of the markets for its potential drug products; potential litigation involving the Company or the validity or enforceability of the intellectual property of the Company; global economic conditions; geopolitical events and regulatory changes; the expectations, development plans and anticipated timelines for the Company's drug candidates, pipeline and programs, including collaborations with third parties; access to additional financing, and the potential lack of such financing; and the Company's ability to raise funding in the future and the terms of such funding. These risk factors and others are included from time to time in documents the Company files with the Securities and Exchange Commission, including, but not limited to, its Form 10-Ks, Form 10-Qs and Form 8-Ks, as well as in the definitive proxy statement/prospectus that the Company filed in connection with the recent merger. These reports and filings are available at www.sec.gov. All subsequent written and oral forward-looking statements concerning the Company or other matters and attributable to the Company or any person acting on its behalf are expressly qualified in their entirety by the cautionary statements above. Readers are cautioned not to place undue reliance upon any forward-looking statements, which speak only as of the date made, including the forward-looking statements included in this press release, which are made only as of the date hereof. The Company cannot guarantee future results, levels of activity, performance or achievements. Accordingly, you should not place undue reliance on these forward-looking statements. The Company does not undertake or accept any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement to reflect any change in its expectations or any change in events, conditions or circumstances on which any such statement is based, except as otherwise provided by law.
