Genworth Financial Receives Ratings Upgrade From S&P

RICHMOND, Va.--(BUSINESS WIRE)-- Genworth Financial, Inc. (NYSE: GNW) today announced that S&P Global Ratings (S&P) has upgraded the issuer credit ratings of Genworth Financial, Inc. and Genworth Holdings, Inc. to B+ from B. The outlook for the ratings remains positive.

"This upgrade from S&P reflects the substantial improvements we've made in our leverage and liquidity profile, including through the retirement of over \$2 billion of debt in 2021," said Daniel Sheehan, Genworth's Chief Financial Officer and Chief Investment Officer. "We entered 2022 with enhanced financial flexibility and a clear path to shareholder value creation. Given our strong liquidity and expected future cash flows, we plan to retire the remainder of our 2024 debt this year. This would bring total holding company debt to below our target of \$1 billion and enable Genworth to evaluate returning capital to shareholders as part of a balanced capital allocation strategy."

The Insurer Financial Strength ratings of Genworth's life insurance subsidiaries, Genworth Life Insurance Company and Genworth Life Insurance Company of New York and Genworth Life and Annuity Insurance Company were unaffected by this ratings action.

Additional information regarding the rating changes can be found in the full report issued by S&P on March 11.
