Investor Presentation | December 2020

Forward Looking Statements & Disclaimers

This presentation of Veritone Inc. (the “Company”) contains forward-looking statements that involve substantial risks and uncertainties. The words “anticipate,” “believe,” “estimate,” “expect,” “intend,” “may,” “plan,” “predict,” “project,” “target,” “potential,” “would,” “could,” “should,” and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. We may not actually achieve the plans, intentions or expectations disclosed in our forward- looking statements, and you should not place undue reliance on our forward-looking statements. Actual results or events could differ materially from the plans, intentions and expectations disclosed in the forward-looking statements we make. The forward-looking statements contained in this presentation reflect our current views with respect to future events.

Forward-looking statements represent our management’s beliefs and assumptions only as of the date of this presentation. We have included important factors in the cautionary statements included in the Annual Report on Form 10-K and other periodic reports that we have filed with the Securities and Exchange Commission (the “SEC”), particularly in the Risk Factors sections, that we believe could cause actual results or events to differ materially from the forward-looking statements that we make. Except as required by law, we assume no obligation to update these forward-looking statements publicly, or to update the reasons why actual results could differ materially from those anticipated in the forward-looking statements, even if new information becomes available in the future.

Before you invest, you should read the Company’s Annual Report on Form 10-K and the other documents the Company has filed with the SEC for more complete information about the Company. You may obtain these documents for free on the Company’s website or by visiting EDGAR on the SEC website at www.sec.gov.

In addition to the Company’s GAAP financial results, this presentation also includes certain historical and forecasted financial measures presented on a non-GAAP basis, excluding (as applicable) provision for income taxes, depreciation, amortization and stock-based compensation expenses, as well as certain acquisition, integration and financing-related costs. For a reconciliation of such non-GAAP measures to the corresponding GAAP measures, please see the supplemental information available on the Investors page of the Company’s website.

“We are driven by the belief that Artificial Intelligence is key to building a safer, more vibrant, transparent, and empowered society. We are determined to be an active contributor to shaping our future for the better.”

Third Quarter 2020 Results – Summary

- aiWARE SaaS delivered solid Q/Q and Y/Y growth, driven by strength in the GLC market and emerging Energy market.
- Advertising again benefitted from strength in digital and social platform advertising due to our focus in those markets, which more than offset macro headwinds.
- Content Licensing continued to be negatively impacted by sporting event cancellations / postponements due to COVID-19, but grew revenues Q/Q, due primarily to the US Tennis Open tournament being held in September.
