ROTH 34th Annual Conference--March 2022

Forward Looking Statements & Disclaimers

This presentation of Veritone, Inc. (the “Company”) contains forward-looking statements that involve substantial risks and uncertainties. The words “anticipate,” “believe,” “estimate,” “expect,” “intend,” “may,” “plan,” “predict,” “project,” “target,” “potential,” “would,” “could,” “should,” and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. We may not actually achieve the plans, intentions or expectations disclosed in our forward-looking statements, and you should not place undue reliance on our forward-looking statements. Actual results or events could differ materially from the plans, intentions and expectations disclosed in the forward-looking statements we make. The forward-looking statements contained in this presentation reflect our current views with respect to future events.

Forward-looking statements represent our management’s beliefs and assumptions only as of the date of this presentation. We have included important factors in the cautionary statements included in the Annual Report on Form 10-K and other periodic reports that we have filed with the Securities and Exchange Commission (the “SEC”), particularly in the Risk Factors sections, that we believe could cause actual results or events to differ materially from the forward-looking statements that we make. Except as required by law, we assume no obligation to update these forward-looking statements publicly, or to update the reasons why actual results could differ materially from those anticipated in the forward-looking statements, even if new information becomes available in the future.

Before you invest, you should read the Company’s Annual Report on Form 10-K and the other documents the Company has filed with the SEC for more complete information about the Company. You may obtain these documents for free on the Company’s website or by visiting EDGAR on the SEC website at www.sec.gov.

In addition to the Company’s GAAP financial results, this presentation also includes certain non-GAAP financial measures. Tables detailing the items excluded from these non-GAAP financial measures and reconciling such non-GAAP financial measures with the most directly comparable GAAP financial measures are included in the Appendix.

The Company has provided these non-GAAP financial measures because management believes such information to be important supplemental measures of performance that are commonly used by securities analysts, investors and other interested parties in the evaluation of companies in its industry. Management also uses this information internally for forecasting and budgeting.

These non-GAAP financial measures should not be considered as an alternative to net income (loss), operating income (loss) or any other financial measures so calculated and presented, nor as an alternative to cash flow from operating activities as a measure of liquidity. Other companies (including the Company’s competitors) may define these non-GAAP measures differently. These non-GAAP measures may not be indicative of the historical operating results of the Company or predictive of potential future results. Investors should not consider these non-GAAP financial measures in isolation or as a substitute for analysis of the Company’s results reported in accordance with GAAP.

This presentation also contains information using industry publications that generally state that the information contained therein has been obtained from sources believed to be reliable, but such information may not be accurate or complete. While we are not aware of any misstatements regarding the information from these industry publications, we have not independently verified any of the data from third-party sources nor have we ascertained the underlying economic assumptions relied on therein.
