## About VERB

VERB Technology Company, Inc. is rapidly emerging as the market leader in sales and marketing applications utilizing its proprietary interactive video data collection and analysis technology. Following its successful acquisition of Utah-based Sound Concepts, the leading provider of digital tech-based marketing and customer relationship management applications for the direct sales, network marketing and affiliate marketing industries, the newly combined company provides next-generation customer relationship management ("CRM"), lead generation, and video marketing software applications under the brand name TAGG. The Company's proprietary and patent-pending technology produces real-time, measurable results with customers reporting greater than 600% increases in conversion rates. The Company's software-as-a-service (SaaS) products are cloud-based, accessible on all mobile and desktop devices, and are available by subscription for individual and enterprise users. The Company's technology is integrated into popular ERP, CRM, and marketing platforms, including Oracle NetSuite, Adobe Marketo, and integrations into Salesforce.com, Odoo, and Microsoft, among others are underway.
