Columbia Care Receives Authorization from the Florida Department of Health Office of Medical Marijuana Use to Begin Dispensing Its Cannabis-Based Products

The company is offering home delivery to patients registered with Florida's Office of Medical Marijuana Use

ARCADIA, Fla., July 05, 2018 (GLOBE NEWSWIRE) -- Columbia Care LLC, the nation's leading medical cannabis company, announced that it has been authorized to begin dispensing the company's pharmaceutical-quality cannabis-based medicines in Florida. The company is now offering home delivery of its products to patients who are registered with the Florida Department of Health Office of Medical Marijuana Use.

"Florida has one of the largest medical cannabis programs in the country with over 100,000 registered patients and our authorization to begin dispensing in Florida represents a significant opportunity for Columbia Care to improve the lives of thousands of patients in need of high-quality cannabis-based medicines," said Nicholas Vita, chief executive officer of Columbia Care. "We are looking forward to offering our transformative pharmaceutical-quality products via home delivery to patients suffering from a range of debilitating disorders and continuing our nationwide commitment to providing the best patient experience. In addition to home delivery, we plan to open up to 30 dispensaries throughout the state, with the first expected in 2018."

All patients approved to use medical cannabis products by a certified physician and who are registered with the Florida Department of Health Office of Medical Marijuana Use are eligible to receive Columbia Care's medical cannabis products via home delivery. Initially, home delivery is available to patients within a 40-mile radius of Arcadia, FL. About Columbia Care Florida

Columbia Care Florida will initially provide the company's high CBD sublingual tincture and will ultimately expand to include Columbia Care's core unique dose-metered pharmaceutical-quality offerings, including tinctures, vaporization oils and oral capsules, each in three CBD to THC ratios: high CBD, high THC and equal CBD to THC. Columbia Care products begin with a cultivation process that takes place in the Company's controlled-environment agricultural production facility in Arcadia, FL. The manufacturing and refinement processes take place in highly controlled labs with trained chemists who follow strict quality control guidelines to ensure product safety and consistency. All products undergo independent batch testing for a variety of measures to ensure the highest levels of purity. Columbia Care offers discounts to veterans, seniors and those on SSDI, Medicaid and Medicare. For more
