

ClearPoint Neuro Reports Third Quarter 2022 Results

Company Reaffirms 2022 Revenue Forecast

SOLANA BEACH, Calif., Nov. 08, 2022 (GLOBE NEWSWIRE) -- ClearPoint Neuro, Inc. (Nasdaq: CLPT) (the "Company"), a global therapy-enabling platform company providing navigation and delivery to the brain, today announced financial results for its third quarter ended September 30, 2022.

Third Quarter Highlights

- Reported quarterly revenue of \$5.1 million, a 13% year-over-year increase;
- Partner PTC Therapeutics' gene therapy treatment Upstaza[™] was granted full marketing authorization by the European Commission. Upstaza will be administered with the Company's SmartFlow[®] Neuro Cannula;
- Added multiple new biologics and drug delivery partners in the quarter to bring the total to approximately 50;
- Announced multiple FDA clearances: the ClearPoint Maestro[™] Brain Model, the ClearPoint Prism[™] Neuro Laser Therapy System and the 2.1 version of the ClearPoint Neuro Navigation software; and
- Cash and short-term investments totaled \$40.5 million as of September 30, 2022.

Business Outlook

• The Company reaffirms its full year 2022 revenue outlook of between \$21.0 and \$22.0 million.

"The ClearPoint Neuro Team has continued to execute against our four-pillar growth strategy in the third quarter and remain on track to achieve our previously announced strategic and financial goals for the year," commented Joe Burnett, President and CEO.

"We achieved another strong quarter for revenue despite a historically high case cancellation rate and hospital supply chain disruptions. Our Biologics and Drug Delivery team added multiple new pharma and academic partners bringing our total to approximately 50 and keeping pace at approximately one new partner each month. Three new products were cleared by the FDA in the quarter and are in the process of being deployed in limited market

releases before the end of the year. We have now installed a record 10 new systems globally year to date and have the largest active capital funnel in our history.

Particularly of note, the European Commission granted marketing authorization for Upstaza to our partner PTC Therapeutics. Upstaza is the first marketed gene therapy approved anywhere in the world to be dosed by direct infusion into the brain. Consistent with our long term strategy, the Summary of Product Characteristics for Upstaza specifically includes the ClearPoint SmartFlow Neuro Cannula as the device used for minimally invasive infusion of the gene therapy. We believe the approval of Upstaza, delivered with ClearPoint's cannula, demonstrates the viability and potential of our drug delivery partnerships.

At present, we are reaffirming our prior guidance of revenue between \$21.0 and \$22.0 million for the year and continue to maintain a strong balance sheet with over \$40 million in cash and short-term investments enabling the continuation of our four-pillar growth strategy."

Financial Results – Quarter Ended September 30, 2022

Total revenue was \$5.1 million for the three months ended September 30, 2022, and \$4.6 million for the three months ended September 30, 2021, which represents an increase of \$0.6 million, or 13%.

Functional neurosurgery navigation and therapy revenue, increased 12% to \$2.4 million for the three months ended September 30, 2022, from \$2.2 million for the same period in 2021. The growth was driven by higher service revenue.

Biologics and drug delivery revenue, which includes sales of disposable products and services related to customer-sponsored clinical trials utilizing our products, increased 9% to \$2.2 million for the three months ended September 30, 2022, from \$2.1 million for the same period in 2021. This increase is attributable to a \$0.5 million increase in service revenue, partially offset by \$0.3 million decrease in product revenue.

Capital equipment and software revenue, consisting of sales of ClearPoint reusable hardware and software, and of related services, increased 32% to \$0.5 million for the three months ended September 30, 2022, from \$0.4 million for the same period in 2021 due to an increase in the placements of ClearPoint capital and software.

Gross margin for the three months ended September 30, 2022, was 72%, as compared to a gross margin of 66% for the three months ended September 30, 2021. The increase in gross margin was due primarily to an increased contribution of service revenue, which carries a higher gross margin relative to product revenue and by lower overhead expenses.

Operating expenses for the third quarter of 2022 were \$7.5 million, compared to \$6.8 million for the third quarter of 2021. The increase was mainly driven by the increase in headcount across the organization and share based compensation.

At September 30, 2022, the Company had cash and cash equivalents and short-term investments totaling \$40.5 million as compared to \$54.1 million at December 31, 2021, with the decrease resulting primarily from the use of cash in operating activities of \$13.1 million.

Teleconference Information

Investors and analysts are invited to listen to a live broadcast review of the Company's 2022 third quarter on Tuesday, November 8, 2022 at 4:30 p.m. Eastern time (1:30 p.m. Pacific time) which may be accessed online here:

https://event.choruscall.com/mediaframe/webcast.html?webcastid=LADbDbTi. Investors and analysts who would like to participate in the conference call via telephone may do so at (888) 272-8703, or at (713) 936-6995 if calling from outside the U.S. or Canada.

For those who cannot access the live broadcast, a replay will be available shortly after the completion of the call until December 8, 2022, by calling (877) 660-6853, or (201) 612-7415 if calling from outside the U.S. or Canada, and then entering conference I.D. number 413671. An online archive of the broadcast will be available on the Company's Investor website at https://ir.clearpointneuro.com/.

About ClearPoint Neuro

ClearPoint Neuro's mission is to improve and restore quality of life to patients and their families by enabling therapies for the most complex neurological disorders with pinpoint accuracy. Applications of the Company's current product portfolio include deep brain stimulation, laser ablation, biopsy, neuro-aspiration, and delivery of drugs, biologics, and gene therapy to the brain. The ClearPoint Neuro Navigation System has FDA clearance, is CE-marked, and is installed in over 60 active sites in the United States, Canada, and Europe. ClearPoint Neuro is partnered with approximately 50 pharmaceutical and biotech companies, academic institutions, and contract research organizations providing solutions for direct CNS delivery of therapeutics in pre-clinical studies and clinical trials worldwide. To date, more than 5,000 cases have been performed and supported by the Company's field-based clinical specialist team, which offers support and services to our customers and partners worldwide. For more information, please visit www.clearpointneuro.com.

Forward-Looking Statements

Statements in this press release and in the teleconference referenced above concerning the Company's plans, growth and strategies may include forward-looking statements within the context of the federal securities laws. Statements regarding the Company's future events, developments and future performance, the size of total addressable markets or the market opportunity for the Company's products and services, as well as management's expectations, beliefs, plans, estimates or projections relating to the future, are forwardlooking statements within the meaning of these laws. Uncertainties and risks may cause the Company's actual results to differ materially from those expressed in or implied by forwardlooking statements. Particular uncertainties and risks include those relating to: the impact of the COVID-19 pandemic, global instability, supply chain disruptions, labor shortages, and macroeconomic and inflationary conditions; future revenue from sales of the Company's ClearPoint Neuro Navigation System and other new products offered by the Company; the Company's ability to market, commercialize and achieve broader market acceptance for the Company's ClearPoint Neuro Navigation System and other new products offered by the Company; the ability of our biologics and drug delivery partners to achieve commercial success, including their use of our products and services in their delivery of therapies; and risks inherent in the research and development of new products. More detailed information on these and additional factors that could affect the Company's actual results are described in the "Risk Factors" section of the Company's Annual Report on Form 10-K for the year ended December 31, 2021, and the Company's Quarterly Report on Form 10-Q for the three

months ended June 30, 2022, both of which have been filed with the Securities and Exchange Commission, and the Company's Quarterly Report on Form 10-Q for the three months ended September 30, 2022, which the Company intends to file with the Securities and Exchange Commission on or before November 14, 2022.
