Velo3D to Announce Fiscal Year 2025 Results on March 24, 2026

FREMONT, Calif., March 9, 2026 /PRNewswire/ -- Velo 3D, Inc. (Nasdaq: VELO) ("Velo3D" or the "Company"), a leader in additive manufacturing ("AM") technology known for transforming aerospace and defense supply chains through world-class metal AM, announced today that it will release its fourth quarter and fiscal year 2025 financial results after the market close on March 24, 2026.

The company will host an earnings conference call and webcast to discuss its financial results at 2:00 p.m. Pacific Time / 5:00 p.m. Eastern Time the same day. The U.S. dial-in for the call is 877-704-2771 / +1 201-689-8732. Please ask to be joined to the Velo3D call.

The [live webcast](#) of the call can be accessed from the Events page of the Investor Relations section of Velo3D's website at ir.velo3d.com, along with the company's earnings press release and presentation which will be posted prior to the start of the conference call.

About Velo3D:

Velo3D is a metal 3D printing technology company. 3D printing—also known as additive manufacturing (AM)—has a unique ability to improve the way high-value metal parts are built. However, legacy metal AM has been greatly limited in its capabilities since its invention almost 30 years ago. This has prevented the technology from being used to create the most valuable and impactful parts, restricting its use to specific niches where the limitations were acceptable.

Velo3D has overcome these limitations so engineers can design and print the parts they want. The company's solution unlocks a wide breadth of design freedom and enables customers in space exploration, aviation, power generation, energy, and semiconductor to innovate the future in their respective industries. Using Velo3D, these customers can now build mission-critical metal parts that were previously impossible to manufacture. The fully integrated solution includes the Flow print preparation software, the Sapphire® family of printers, and the Assure quality control system—all of which are powered by Velo3D's Intelligent Fusion® manufacturing process. The company delivered its first Sapphire system in 2018 and has been a strategic partner to innovators such as Honeywell, Honda, Chromalloy, and Lam Research. Velo3D has been named as one of Fast Company's Most Innovative Companies for 2024. For more information, please visit Velo3D.com, or follow the company on LinkedIn or X.

Forward-Looking Statements:

This press release includes "forward-looking statements" within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1996. The Company's actual results may differ from its expectations, estimates and projections and consequently, you should not rely on these forward-looking statements as predictions of future events. Words such as "expect", "estimate", "project", "budget", "forecast", "anticipate", "intend", "plan", "may", "will", "could", "should", "believes", "predicts", "potential", "continue", and similar expressions are intended to identify such forward-looking statements. These forward-looking statements include, without limitation, statements regarding the timing, size and expected gross proceeds of the offering, the satisfaction of customary closing conditions related to the offering and sale of securities, the Company's ability to complete the offering, the timing of the Cash Payment and the Company's other expectations, hopes, beliefs, intentions, or strategies for the future. These forward-looking statements involve significant risks and uncertainties that could cause the actual results to differ materially from the expected results. You should carefully consider the risks and uncertainties described in the documents filed by the Company from time to time with the SEC. These filings identify and address other important risks and uncertainties that could cause actual events and results to differ materially from those contained in the forward-looking statements. Most of these factors are outside the Company's control and are difficult to predict. The Company cautions not to place undue reliance upon any forward-looking statements, including projections, which speak only as of the date made. The Company does not undertake or accept any obligation to release publicly any updates or revisions to any forward-looking statements to reflect any change in its expectations or any change in events, conditions, or circumstances on which any such statement is based.
