Ur-Energy to Present at Rodman & Renshaw Annual Global and Investment Conference

LITTLETON, Colo., Sept. 6, 2011 /PRNewswire/ -- **Ur-Energy Inc.** (TSX:URE, NYSE Amex:URG) ("Ur-Energy" or the "Company") Chairman and Executive Director Jeff Klenda will present an update on the Company and its Lost Creek ISR uranium project at the Rodman & Renshaw Annual Global and Investment Conference. The presentation is scheduled for Tuesday, September 13 at 11:40 am ET in the Dillon Suite at the Waldorf Astoria hotel in New York City. Additional information about the Conference is available at <http://www.rodm.com/conferences?id=164>.

Mr. Klenda along with President and CEO, Wayne Heili will also be available to meet with analysts and investors in one-on-one meetings during the Conference. Those interested in scheduling a one-on-one meeting can contact rich.boberg@ur-energyusa.com.

The Company's presentation for the conference will be available after the conference on Ur-Energy's website at <http://www.ur-energy.com/presentations/>.

About Ur-Energy

Ur-Energy is a junior uranium company currently completing mine planning and permitting activities to bring its Lost Creek Wyoming uranium deposit into production. Permitting also will allow the construction of a two-million-pounds-per-year in situ uranium processing facility. Engineering for the process facility is complete and mine planning is at an advanced stage for the first two mine units. Ur-Energy engages in the identification, acquisition and exploration of uranium properties in both Canada and the United States. Shares of Ur-Energy trade on the Toronto Stock Exchange under the symbol "URE" and on the NYSE Amex under the symbol "URG". Ur-Energy's corporate office is located in Littleton, Colorado; its registered office is in Ottawa, Ontario. Ur-Energy's website is www.ur-energy.com.

This release may contain "forward-looking statements" within the meaning of applicable securities laws regarding events or conditions that may occur in the future and are based on current expectations that, while considered reasonable by management at this time, inherently involve a number of significant business, economic and competitive risks, uncertainties and contingencies. Factors that could cause actual results to differ materially from any forward-looking statements include, but are not limited to, capital and other costs varying significantly from estimates; failure to establish estimated resources and reserves; the grade and recovery of ore which is mined varying from estimates; production rates, methods and amounts varying from estimates; delays in obtaining or failures to obtain required governmental, environmental or other project approvals; inflation; changes in exchange rates; fluctuations in commodity prices; delays in development and other factors. Readers should not place undue reliance on forward-looking statements. The forward-

looking statements contained herein are based on the beliefs, expectations and opinions of management as of the date hereof and Ur-Energy disclaims any intent or obligation to update them or revise them to reflect any change in circumstances or in management's beliefs, expectations or opinions that occur in the future.
