TOUGHBUILT™ ANNOUNCES INVENTORY BUILD UP IN ANTICIPATION OF MARKET DEMAND FOR PRODUCTS

LAKE FOREST, Calif, July 14, 2020 (GLOBE NEWSWIRE) -- ToughBuilt Industries, Inc. (“ToughBuilt®”) (NASDAQ: TBLT; TBLTW) is an advanced product design, manufacturer and distributor with emphasis on innovative products, currently focused on tools and other accessories for the professional and home improvement building and construction industries.

ToughBuilt today announced that it has made plans to build up \$10 million in inventory to cover anticipated demand for products internationally and domestically. As previously announced, ToughBuilt has initiated inventory placement in Mexico to service its South American demand, as well as inventory in the Netherlands to cover increased demand from existing sources as well as the newly announced relationships with Toolstation and others in Europe. This international inventory is in addition to the anticipated orders from new and existing North American retailers and growing online demand.

ABOUT TOUGHBUILT INDUSTRIES, INC.:

ToughBuilt is an advanced product design, manufacturer and distributor with emphasis on innovative products. Currently focused on tools and other accessories for the professional and do-it-yourself construction industries. We market and distribute various home improvement and construction product lines for both the do-it-yourself and professional markets under the TOUGHBUILT brand name, within the global multibillion dollar per year tool market industry. All of our products are designed by our in-house design team. Since launching product sales in 2013, we have experienced significant annual sales growth. Our current product line includes three major categories, with several additional categories in various stages of development, consisting of Soft Goods & Kneepads and Sawhorses & Work Products. Our mission is to provide products to the building and home improvement communities that are innovative, of superior quality derived in part from enlightened creativity for our end users while enhancing performance, improving well-being and building high brand loyalty.
