Stratasys Announces 2026 Annual General Meeting of Shareholders

Stratasys' Board Introduces New Director Nominee with Deep Defense Industry Expertise

MINNETONKA, Minn. & REHOVOT, Israel--(BUSINESS WIRE)-- Stratasys Ltd. (Nasdaq: SSYS) ("**Stratasys**" or the "**Company**") today announced that it will hold its 2026 Annual General Meeting of Shareholders (the "**Meeting**") on Tuesday, November 10, 2026, at 3:00 p.m. Israel time, at Meitar Law Offices, 1 Ariel Sharon Street, 36th floor, Givatayim 5320048, Israel. The record date for shareholders entitled to vote at the Meeting is Friday, October 9, 2026.

The agenda for the Meeting is as follows:

1. Re-election of each of Messrs. Yuval Cohen, S. Scott Crump, John J. McEleney, Dov Ofer, David Reis, and Yair Seroussi, and Ms. Adina Shorr, and initial election of Mr. David Chinn, collectively constituting the Company's director nominees, to serve as a director of the Company until the Company's next annual general meeting of shareholders and until the due election and qualification of his or her successor, or until his or her earlier resignation, replacement or removal.
2. Reappointment of Kesselman & Kesselman, a member of PricewaterhouseCoopers International Limited, as the Company's independent auditors for the year ending December 31, 2026 and for the additional period until the Company's next annual general meeting of shareholders, and authorization of the Board (upon recommendation of the audit committee of the Board) to set their remuneration.

Stratasys' Board recommends that Stratasys' shareholders vote in favor of each of the above proposals.

At the Meeting, the affirmative vote of the holders of a majority of the voting power represented in person or by proxy and voting (which excludes abstentions and broker non-votes) is necessary for the approval of each of the proposals, including, in the case of Proposal 1, for the re-election or initial election of each individual director nominee.

The initial nomination of David Chinn, a new director nominee chosen by Stratasys' board of directors, aligns with the Company's ongoing and accelerating strategic focus on the defense industry as a key vertical. Mr. Chinn is a Senior Partner at McKinsey & Company, a global management consulting firm, where he has served in various leadership roles for over 20 years, and as Managing Partner of McKinsey's Israel office from 2021 to 2025. Mr. Chinn possesses a wealth of defense industry experience and at McKinsey, co-leads the firm's services for defense ministries and armed forces globally. He established McKinsey's cybersecurity practice and previously led its Social Sector, Healthcare, and Public Sector Entities Practice in Europe. Additional areas of his expertise include strategy, operational

transformation, procurement, and large-scale organizational change across multiple industries. Mr. Chinn has led multiyear transformations in aerospace and defense manufacturing, the application of lean management techniques for maintenance operations and the optimization of organization design and personnel management. Since March 2026, Mr. Chinn has also served as a member of the board of directors of Ondas Autonomous Systems, the defense and autonomous systems business unit of Ondas Inc. (Nasdaq: ONDS), a leading provider of AI-powered defense and security platforms. The full details of Mr. Chinn's background will appear in the proxy statement for the Meeting to be sent to Stratasys' shareholders.

In addition to the foregoing proposals, at the Meeting, the audited, consolidated financial statements of Stratasys for the annual period ended December 31, 2025 will be presented to, and considered by, Stratasys' shareholders (which will not involve a vote).

Whether or not you attend the Meeting, your vote is important. Accordingly, you are asked to participate and vote regardless of the number of ordinary shares you own.
