## WiSA Certifies Center Channel and On-Wall Speaker Solutions from System Audio

SAN JOSE, Calif.--(BUSINESS WIRE)-- [WiSA® LLC](#), the Wireless Speaker and Audio Association, comprised of over 60 leading consumer electronics brands, and founded by Summit Wireless Technologies (NASDAQ: WISA), today announced it has certified two new speakers from [System Audio](#). The newly WiSA Certified™ products include the SA Legend 10 Silverback, a wireless active center-channel speaker and the SA Legend 7 Silverback, a wireless, on-wall speaker. These elegantly designed solutions deliver award-winning sound and work seamlessly with all WiSA Certified transmitters and in harmony with all WiSA Certified speakers to create a complete, best-in-class home entertainment experiences.

“We are very pleased to announce WiSA Certification of two new System Audio products that are joining the stunning SA Legend Silverback family,” said Tony Ostrom, president of WiSA. “System Audio is driven to deliver audio components that achieve very high levels of design and sound quality while embracing the future of wireless home audio, and these new offerings expand their assortment perfectly.”

The SA Legend 10 Silverback allows audio systems designed with SA speakers to easily add a high performance center channel while the SA Legend 7 Silverback adds speaker location and use case flexibility as a first-of-its-kind compact wireless on-wall speaker. Both products leverage System Audio’s innovative Silverback technology that pushes the boundaries of quality and capability.

“WiSA is the most important technology today when it comes to making high-quality sound available to more people,” stated Ole Witthøft, founder and designer at System Audio. “At System Audio, we consider WiSA a welcome and modern upgrade to both music systems and home theaters.”
