MicroVision CEO, CFO, and CCO to Host Video Session & Business Update on October 7, 2026

REDMOND, WA / [ACCESS Newswire](#) / September 30, 2026 / [MicroVision, Inc.](#) (NASDAQ:MVIS), a leader in advanced perception solutions for industrial, security and defense, and automotive applications, today announced a video-enabled discussion and business update hosted by Company leadership on Wednesday, October 7, 2026, at 1:00 PM ET. The live, virtual event will be held via video conference and webcast.

MicroVision invites shareholders, customers, partners, and other stakeholders to join this session with the Company's Chief Executive Officer, Glen DeVos; Chief Financial Officer, Christine Chambers; and Chief Commercial Officer, James Byun. The event will include introductory remarks, followed by an update on commercial progress, revenue and operating expense expectations, and business outlook. Investors may pose questions to management during the live session, which will be addressed on the Company's third quarter 2026 earnings call.

The live video conference and webcast can be accessed via the Company's Investor Relations website under the Events tab [HERE](#). The webcast will be archived on the website for future viewing.

About MicroVision

MicroVision is defining the next generation of lidar-based perception solutions for industrial, security & defense, and automotive markets. As the industry moves beyond proof of concept toward value, deployment, and commercialization, MicroVision delivers integrated hardware and software solutions designed for real-world performance, automotive-grade reliability, and economic scalability. With engineering centers in the U.S. and Germany, MicroVision leads the industry in depth and breadth of its portfolio, with both short- and long-range lidar solutions, featuring solid-state sensors with varying wavelengths, advanced sensor architectures, design-to-cost engineering, and open software solutions.
