"Utah is home to some incredibly innovative companies, so it's an honor to be recognized as one of the best of these innovators. It's not always easy to stand out when the competition is so fierce, but the Best of State awards help us do just that."

The [Best of State Awards](#) were created in 2003 to recognize outstanding individuals, organizations, and businesses in Utah. Best of State candidates are evaluated by a panel of more than 100 judges based on three criteria: achievement in the field of endeavor; innovation or creativity in approaches, techniques, methods, or processes; and contribution to improving the quality of life in Utah.

Since 1992, USANA has won more than 750 local, national, and international awards.
