22nd Century Group (Nasdaq: XXII) to Announce First Quarter 2022 Results on May 5, 2022

BUFFALO, N.Y., April 14, 2022 (GLOBE NEWSWIRE) -- 22nd Century Group, Inc. (Nasdaq: [XXII](#)), a leading agricultural biotechnology company focused on tobacco harm reduction, reduced nicotine tobacco, and improving health and wellness through modern plant science, will host a live webcast on Thursday, May 5, 2022, at 10:00 AM ET to discuss its 2022 first quarter results. 22nd Century will report the Company's first quarter 2022 results in a press release at 6:00 AM ET the same day.

During the webcast, James A. Mish, chief executive officer; Michael Zercher, chief operating officer; and Richard Fitzgerald, chief financial officer, will review financial results and discuss progress made in each of the Company's three franchises.

Following prepared remarks by management and slide presentation, the Company will host a Q&A session, during which management will accept questions from interested analysts. Investors, shareholders, and members of the media will also have the opportunity to pose questions to management by submitting questions through the interactive webcast during the event.

The live and archived webcast, interactive Q&A and slide presentation will be accessible on the Events web page in the Company's Investor Relations section of the website, at www.xxiiicentury.com/investors/events. Please access the website at least 15 minutes prior to the start of the webcast to register and, if necessary, download and install any required software.

About 22nd Century Group, Inc.

22nd Century Group, Inc. (Nasdaq: [XXII](#)) is a leading agricultural biotechnology company focused on tobacco harm reduction, reduced nicotine tobacco and improving health and wellness through plant science. With dozens of patents allowing it to control nicotine biosynthesis in the tobacco plant, the Company has developed proprietary reduced nicotine content (RNC) tobacco plants and cigarettes, which have become the cornerstone of the [FDA's Comprehensive Plan](#) to address the widespread death and disease caused by smoking. The Company received the first and only FDA MRTP authorization of a combustible cigarette in December 2021. In tobacco, hemp/cannabis, and hop plants, 22nd Century uses modern plant breeding technologies, including genetic engineering, gene-editing, and molecular breeding to deliver solutions for the life science and consumer products industries by creating new, proprietary plants with optimized alkaloid and flavonoid profiles as well as improved yields and valuable agronomic traits.
