# Balance Sheet

As of December 31, 2012, the company had \$213.5 million of 9 5/8% senior secured second lien notes outstanding, \$33.0 million drawn on its revolver, \$7.5 million subordinated debt and \$15.0 million subordinated debt payable to related parties. The company was in compliance with the covenants of its credit facility and bond indenture. The company's bank leverage ratio was 4.87 versus a compliance covenant of 6.25.

Today, Salem launched a tender offer to purchase for cash any and all of its outstanding 9 5/8% Notes and a related consent solicitation to amend the indenture governing the 9 5/8% Notes (collectively, the "Tender Offer"). In connection with the Tender Offer, the company plans to enter into a new senior secured term loan of up to \$300 million, which will be used to fund the purchase of any 9 5/8% Notes that are tendered in the Tender Offer, and retire all other outstanding corporate debt. The company also plans to enter into a new senior secured revolving credit facility of up to \$25 million. If the requisite consents have been obtained from holders of the 9 5/8% Notes in the Tender Offer, substantially all of the restrictive covenants and certain events of default in the indenture governing the 9 5/8% Notes will be eliminated and the liens on the assets that secure the 9 5/8% Notes will be released, making any 9 5/8% Notes that remain outstanding after the consummation of the Tender Offer effectively subordinated to the new term loan and the new revolving credit facility to the extent of the value of the collateral. Holders of the 9 5/8% Notes who tender by the consent payment deadline, which is anticipated to be March 8, 2013, will receive a consent payment as part of the Tender Offer consideration. The Tender Offer is anticipated to expire on March 22, 2013. Regardless of whether the company obtains the requisite consents from holders of the 9 5/8% Notes in the Tender Offer, the company intends, at its sole discretion and without any obligation to do so, to retire any 9 5/8% Notes that are not tendered in the Tender Offer in accordance with the terms of the indenture governing the 9 5/8% Notes, which may include redeeming the 9 5/8% Notes.
